Chance Encounter

we met by chance
but i believe it was for a reason
even though i have yet to meet you
your are a important part of my life
i think of you as my shining light
your radiant glow eluminates my soul
i long for the day we meet
i want to press your lips against mine
and hold you to me
faithfully i wait for you
until that day my feelings
for you will grows as the leafs on a tree

Girl Of My Dreams

your the one i dream of
so beautiful and pure
you are a ray of light
that has brighten
the darkness of my lonely heart
just as the sun light up the earth
you light up my life
the only one I've ever seen
with a smile so bright
you could make the birds sing
with perfect harmony and rhythm
your no ordinary thing
but a supernatural being
you are the one that make me smile
make me float like a boat
upon the ocean of your love
i dream of the day well meet
until that day.....

you'll be but a dream of my lonely heart.

Morning Haiku

Torn from my dream.
Awaken by the clock.
sleep haunts me still.

Something For You

To my eyes you are a beauty that my heart can only behold.
A divine creation made possible by the most high.
My queen and empress.
No words can express what you mean to me.
You captivated my soul with your regal grace and pureness.
Everyday that i wake up next to you is a blessing.
I feel like the sun kissing my face on a warm day.
when i look into your eyes what i see is paradise.
For i have found garden of eden in your heart.
