Black Folk

Black folk

Black folk

Black folk

Black folk are moving forward

Black folk are using technique

Black folk are getting education

Black folk are getting good jobs

Black folk are meeting new people

Black folk are voting

Black folk are struggling to get a life

Black folk

Black folk

Black folk

Black folk are trying

Black folk are in unity

Black folk are in harmony

Black folk are willing to learn

Black folk are learning

Black folk are focusing on what they want
