# Afraid

Afraid,  
Scared,  
Afraid of betrayal,  
Scared to be hurt,  
Afraid of love,  
Scared to get any closer to you,  
Afraid of being hurt again.

# Come Home My Love

Come home,  
Come home my love,  
Fighting for our country,  
For my freedom,  
Come back,  
Come back my love,  
From the war,  
Home to the ones that loves you,  
Don't leave me alone- In this dark world,  
Come home my love,  
Come home to safety,  
From the battle,  
From the death,  
Come home to me,  
Come home my love.

# Could This Be Love

Could this be love,  
Or just lust,  
Could he be the one,  
Or is he just pretending,  
Could this be real,  
Or just my imagination,  
Could this be more,  
Could this work,  
Could this be,  
Could this be love,  
Or just lust.

# Disipointment

Disipointment is what i am  
Disipointment is what happend when i was born  
Disipointment is what i see in my parent's eyes  
Disipointment is where my future lies.

# Does He Know

Does he know how I feel,  
Does he know i may be in love,  
Does he know he is the only one who can break my heart,  
Does he know,  
Does he know he's the only one i see.

# Dont

Dont speak

Dont cry

Dont yell

Dont live

Hide in the dark

Hide in your mind

Hide from the love

ashley craddock

# Empty

Why must i feel this way,  
this empty feeling inside,  
why must i be in love with someone who does not love me back,  
this empty feeling in my heart,  
why must i feel so empty,  
like i am missing something- someone,  
why must i be alone, with my emptiness.

# Finding

Finding myself in all this madness,  
Finding myself in all this pain,  
FInding myself in my mind,  
Finding myself in the dark,  
Finding myself in this body,  
Finding something that may not be there.

ashley craddock

# First

First touch

First kiss

First love

First pain

First broken heart

First loss

# Forever

Forever in the dark,  
Forever in the shadows,  
Forever surrounded by hate.

Forever in the dark,  
Forever hidden from your touch,  
Forever out of sight.

Forever in the shadows,  
Forever in this box,  
Forever locked in my mind.

Forever without love,  
Forever in the dark,  
Forever in the shadows.

# I Died

I DIED FROM YOUR LIFE

I DIED FROM YOUR GUN

I DIED FOR YOUR LOVE

I DIED FROM MY MISERY

I DIED IN YOUR ROOM

I DIED IN YOUR HOUSE

I DIED WITH YOUR LOVE IN A BULLET!

# If You Love Me

If you love me then tell me,  
If you love me then show me how much,  
If you love me then let people know,  
If you love me don't let me get away,  
If you love me then come save me,  
Only if you love me,  
Only if you love me then be a man—and tell me,  
If you love me don't be afraid of what you feel.

# In My Dreams

In my dreams I kill  
In my nightmares I live  
In my life i die  
In my mind I am alone  
In my heart i am incomplete.

# Just

Just to be by you,  
Just to feeling your touch,  
Just hearing your voice,  
Just knowing your leaving,  
Just thinking of what to do,  
Just picturing my life Without you,  
Just waiting for the day you say I love you,  
Just knowing how stupid I am,  
Just thinking I'm not the one you love,  
Just waiting,  
Just thinking,  
Just knowing what kills me everyday.

ashley craddock

# Just Think

Just think,  
How life would be with out me,  
Just think,  
If you can love me with out question,  
Just think,  
How you feel when you are around me,  
Just think,  
What if this can be more,  
Just think.

# Let Me Go

Let me go free  
Let me live my own life  
Let me go  
Don't let me leave your heart  
Let me go  
Leave me here and die my own way  
Let me go.

# Locked Away

Locked away, like a broken toy,  
Locked away in a tiny box,  
Locked away, hidden from the world.  
Locked away in darkness,  
Afraid to come out,  
Scared of what you would think,  
Locked away from you touch.  
But wait- I hear you-  
Inside my box,  
I see blinding light,  
I feel a touch- I feel you hand-  
I am free from my tiny box,  
Free like the stars in the sky,  
Free.....

# Lost In Love

Lost without you,  
Lost with you,  
Confused with how or love me,  
If you do,  
Confused by my thoughts,  
Hurt by your world,  
Hurt by,  
Well you,  
But yet I still love you,  
But yet I still want you  
What is wrong with me?  
Why do I love someone who love to hurt my,  
Does anyone know the answer?  
Please someone help me find my answer.

ashley craddock

# My Betrayal

I betrayed you,  
I hurt you,  
For what,  
To feel alive again,  
But now all I feel is guilt,  
But now all I feel is lost,  
I don't know what you will do,  
I don't think I can take it,  
I don't think I can live without you,  
Why did I do this?  
Why did I betray you?

ashley craddock

# My Happy Ending

I broke your heart long ago,  
I shattered mine,  
I ended what we had cuz I wanted to make everyone happy,  
I love you and I always will,  
I love your smile,  
I love the way you looked at me,  
You are the one I love,  
You are my happy ending.

# Pill

Do you ever feel sad?  
Here take this pill,  
Do you ever get mad?  
Here's another pill,  
Want to feel numb?  
Take this pill,  
Pill a daily routine,  
Pills will fix everything,  
Just to make the voices in your head to stop,  
To make you imagine life as a world without pain,  
Replace the razor blade with this pretty blue pill,  
"This pill will make you feel better"  
"This pill will make you happy"  
"This pill will help you demons go away"  
Lies that spill out of the mouth you watch,  
Lies that they tell you that fill you will broken promises,  
This pill.  
This little blue pill,  
Makes the the mask you hide behind heavier.  
This little blue pill,  
Make the demon's whisper the hate they have for me in my ear instead of it  
echoing in my brain.  
This little blue pill,  
Makes me crave the razor against my skin.  
I have a war in my mind one side reaches for the promises,  
the other for the razor.  
"No more scars"  
I tell myself  
Replace it with art.  
But wait the art has a price that you can't pay,  
Worthless.  
Useless.  
Can i do anything right?  
I cry for help.  
Here blue isn't your color,  
Let's try this little yellow pill.  
New pill.  
Same promises,  
Different color.

Yellow will work,  
Same as the blue.  
My daily routine.  
With this pill.  
No more.

# Please

please tell me you love me,  
please tell me your care,  
please tell me you will never forget me,  
please tell me- please.

# Poem For Twilight

A secret love,  
An old friend,  
The hate,  
The girl,  
Danger of revenge,  
Beauty of a cold touch,  
The confort of a warm body,  
A vampier,  
A wolf,  
A secret love,  
An old friend.

ashley craddock

# Stop

Stop the fighting,  
Stop the violence,  
Stop the hatched,  
Stop the yelling,  
Stop the war.

ashley craddock

# This Is For You

This is for my best friend

My therapist

the one who tells me I am crazy

This is for the one who has been there for every breakdown

This is for you

This is for my soldier boy

My sunshine on a rainy day

This is for the only one who can still give me butterflies

This is for the one you broke my heart but always seems to be the only one to  
put it back together

this is for you

Always and forever in my heart I love you.

# To Define

Love,  
To define,  
To live for,  
To a kiss with a feeling of completion,  
To a touch of warmth,

Hate,  
To define,  
To live without that one,  
To not feel that kiss,  
To not feel that touch,

Forever,  
To define,  
To the love and the hate,  
To the one last kiss,  
To the one last touch,  
To that last moment on earth in each others' arms.

# Walking On Glass

I'll walk on glass to be with you,  
I'll walk through fire to be in your arms,  
I walk on air with every touch,  
I'll walk on glass just to be yours.

ashley craddock

# What I Feel

What I feel when I am around you—Is completion,  
What I feel when you touch me—Is your warmth,  
What I feel when I think of you—Is happiness.

ashley craddock

# When

when im around you i cant help but blush,  
when i think of you a glow comes to my eye,  
when you hold me i feel unafraid,  
when you kiss m i feel complete,  
when i feel the warmth of your body i feel safe.

ashley craddock

# Why

why must i love you so much,  
why cant i go though a day without thinking of you,  
why must i love someone who i will never have,  
why must i be in pain,  
why must i be hurt over you,  
why cant you tell me why.

ashley craddock

# Would You

what would you do if i died tonight,  
what would you tell me,  
what would you do if i said i love you.
