# ☐ Still Need A Mother

☐ need a mother who would love me  
I need a mother who would take care of me  
I need a mother who would understand me  
I need a mother for who I am  
I need a mother to know me  
I need a mother who would be there for me  
I need a mother who would not yell at her son  
I need a mother who won't push her son away  
I need a mother who would not throw me out of her life

Even though I still need a mother  
Everyday I try to be nice  
Sometime she don't care about me  
What I need is a mother who would be there for me  
I need a mother who would watch me grow  
I need a mother who would celebrate my birthday  
I need a mother who would miss me

I need a mother to cry on  
I need a mother to know that her son loves her

But she won't let me know her  
What I need is a mother

Who is no more now.

# Love Me Like I Love Everything I Do

Love me like I love bathing under the glorious sun  
Love me like I love dreaming inside of heaven's arm  
Love me like I love crying in the mourning rain  
Love me like I love sitting on top of a mountain  
Love me like I love waiting next to forever in vain  
Love me like I love grinning to the devil's pain  
Love me like I love watching the stars falling upon  
Love me like I love spending time on my own

Love me like I love finding something true  
Love me like I love falling in love with you

# These Lost, These Come At A Cost Women

I see these city lights and flashy cars  
These beautiful women lost under stars  
These daughters and sisters and mothers  
These lost women  
These come at a cost women

Given a glance then a dance  
Given the means to live by the fiends of these beautiful women  
Lost in a daze of green  
A daze I've seen

Spotlights on these beautiful women  
Eyes on these and cheers for these beautiful women  
Lies in these and fears in these lost women  
These come at a cost women

Show, bought and ready to go  
At a price higher then they know  
These women worth more then gold  
Priceless  
But still sold  
Oh these lost women

Don't you know your beautiful  
Not hot women  
That your beautiful  
Not meant to be bought women  
Beauty needs to be taught in these women  
Instead of this that is not  
Left in them to rot  
Oh these beautiful women

These I've seen  
Women whos pupils are all green  
Men whos eyes are gazed in between wide thighs  
Silent cries eventually taking its toll  
Night after night eventually breaking the soul

I see these city lights and flashy cars

These beautiful women lost under stars  
These daughters and sisters and mothers  
These lost women  
These come at a cost women

Don't you know your beautiful  
Not hot women  
That you're beautiful  
Not meant to be bought women.

# A Girl Like You

How did I get a girl like you?  
A girl that's smart, pretty, and true.  
A girl that I can hold tight.  
A girl that is "just right".

A girl that can make my sun rise,  
And my sun set.  
A girl that is nice and wise.  
A girl that I will never forget.

A girl that I can hold for hours.  
A girl that I can love forever.  
A girl that doesn't need any flowers.  
A girl that is very smart and clever.

A girl that goes by the name 'insert'.  
A girl that I love so much.  
A girl that I will always keep in my soul.  
A girl that can make my day with just a single touch.

# A Love

love is true to life  
Love is the true complementary  
True love is full of happiness  
Because God behind us

impossible for us to deny its  
Because love that colouring our lives  
Because only love has the most beautiful dream  
Love lives in every heart

O..love..love never lied to me  
O..love..love is so pure  
O..love love I have it  
O..love love for everyone  
Because the love across the world  
O..love..love always looks brighter  
Because love is the lantern of the world

I'll try walking on the badland  
Until i find he  
Or lets me pray and hope he come to me  
Because i did not want me waiting in vain

# A Marriage Of Two Is For Love That Is True

A marriage of two is for love that is true  
A marriage of two is always something new  
A marriage of two happens sometimes out of the blue

A marriage of two is worth it when it's due  
A marriage of two is a marriage of trust  
They are only very few who have a clue of when love accrues

A marriage of two is about love making  
It is not about money raking  
You should only be glad if  
A marriage of two is for love that is true

# A Mood Romantic In Nature!

Dreams and imaginations foster romantic mood  
Influenced and inspired by beauty of Nature.  
Emotion and sentiments occupy romantic life;  
Adventure and exploration mark romantic venture;  
Rapture and rupture are part of romantic life.  
Romance is the essence of love life in the world;  
Interest and thrill of romance will never die here;  
Otherwise life is monotonous and boring dead weight!

Bikramjyoti Kashyop

# A Mother

A mother is more than just a woman  
A mother is more than just a wife  
A mother has brought to this world a new born  
A mother has brought to this world life

A mother is one with love and honor  
A mother comforts you day and night  
A mother; a new one every hour  
A mother teaches wrong from right

A mother knows when you are worried  
A mother knows when you are joyed  
A mother knows when you are sorry  
A mother knows just what's inside

A mother needs your love forever  
A mother needs to see your smile  
There's no better gift for mama  
Than her very awesome little child

# A New Life Was Waiting

Inviting - exciting - emotion  
with power I had never known,  
a world of unchained devotion  
because you were my very own.  
I had fallen in love with you.

Together we sailed in springtime  
to an isle beyond seas of blue,  
and when we returned, a new life  
was waiting, in a valley of dreams  
where I first fell in love with you.

# A Romantic Life Adventure!

Sentimental, emotional, great characters love romantic life;  
Passionate, engaged and attached they like to live long life;  
Fun, entertainment and amusements they have in romance;  
Romantic love life these human beings live true to heart ever!

Longing for love they do all to get the hand of sweet heart;  
Love, marriages and divorces and love again they try ever!  
For the satisfaction of the self they do romance forever here  
And live alone ever in life longing for love till the end comes.

Romantic fellows lament about the friends and loves lost in life;  
Beginning, middle and end the means followed never the same  
Because adventure is the spice and taste of romantic life here;  
Many yet live romantic life because the pleasure is exotic ever!

A romantic life is the dream of many a guy and girl since long  
Though success is rare failures they are ready to face and die!

# A Special World

A special world for you and me  
A special bond one cannot see  
It wraps us up in its cocoon  
And holds us fiercely in its womb.

Its fingers spread like fine spun gold  
Gently nestling us to the fold  
Like silken thread it holds us fast  
Bonds like this are meant to last.

And though at times a thread may break  
A new one forms in its wake  
To bind us closer and keep us strong  
In a special world, where we belong.

# Abby

Every time we embrace,  
I go to that far away place  
When we just walk hand in hand.  
I'm in never, never land.

Whenever I look into your eyes,  
I begin to get butterflies,  
Then my heart skips a beat,  
And our lips passionately meet.

You are always on my mind,  
Your face is all it can find.  
I think about you every day  
And know it'll work out somehow, some way.

Some say we're dumb and foolish  
Some say we should do as we wish  
But all my heart could ever do  
Is tell you that I'll always LOVE YOU.

Bikramjyoti Kashyop

# All Because Of You

I awake each day with a smile  
And greet it with a laugh;  
The world is a treasure to me  
Because of you.

Every time I think of something sad,  
I replace the thought- with you!  
My mind is instantly changed  
And my heart is filled with gladness.

Every breath I take is meant for you,  
I live this life surrounded in joy  
And I bathe in the promise of your love,  
My soul belongs to you.

Each time I see something beautiful  
I want to take it and bring it to you;  
My life has so much meaning now  
All because of you.

Bikramjyoti Kashyop

# Angel Of My Life

I love you so much that words can't explain  
this joy that I have for you.

When I am at the weakest point of my life  
you are there encouraging me to run this race  
because I am not only cause you are there with me.

You are on my mind day and night.  
When we are apart I picture you gracious smile and gentle hug.

I can let my feelings out to you and won't regret it  
because no matter what is you are always on my side.

I thank God for sending me someone like you who is precious and loving.  
So I can truly say that you are the Angel of My Life

Bikramjyoti Kashyop

# Are You My Friend?

Will you be there when I'm down,  
And catch me when I fall?  
Will you hold me when I need  
To feel the warmth of your touch?

Will you laugh when I laugh,  
And cry when I cry?  
Will you let me rant and rave,  
When I need to let off steam?

Will you discuss those painful things,  
That you'd rather not think about?  
Like the times we've hurt each other,  
And promised would never do so again?

Will you say the right thing,  
When all I've heard is the wrong?  
And tell me soothing words,  
That make the pain I feel subside?

Will you understand me when I say,  
'I can't see you now, go away'?  
Will you come back when I call,  
As if nothing happened at all?

If you'll do these things for me,  
And keep smiling all the way.  
If you'll be with me through the bad times,  
As well as the good.

Then truly you are my friend,  
My pal, my mate and my confidante.  
And that means so much to me.  
I thank you dearly, for being there,  
You, My Friend.

# Because You'Re Beautiful

Because you're Beautiful  
This poem's addressed  
To you  
Because you're beautiful  
No matter what  
You do  
Because you're beautiful  
The sun rises  
Every day  
Because you're beautiful  
The mist shrouds a  
Dreamy day  
Because you're beautiful  
A blossom blooms and holds  
Its scent  
Because you're beautiful  
Songs sung in your heart  
Are meant  
Because you're beautiful  
Reflections shine  
And glint  
Because you're beautiful  
Poems are written  
Heaven sent  
Because you are beautiful  
This is all that this  
Poem's said  
Just in case you may have  
Any doubt  
This poem's heaven sent  
To tell you  
You are beautiful  
And that is what this poem  
Is about.

Bikramjyoti Kashyop

# Beginning

It's only the beginning now  
...a pathway yet unknown  
At times the sound of other steps  
...sometimes we walk alone

The best beginnings of our lives  
May sometimes end in sorrow  
But even on our darkest days  
The sun will shine tomorrow.

So we must do our very best  
Whatever life may bring  
And look beyond the winter chill  
To smell the breath of spring.

Into each life will always come  
A time to start anew  
A new beginning for each heart  
As fresh as morning dew.

Although the cares of life are great  
And hands are bowed so low  
The storms of life will leave behind  
The wonder of a rainbow.

The years will never take away  
Our chance to start anew  
It's only the beginning now  
So dreams can still come true.

# Can'T Live Without You

You're always on my mind, day and night  
When I think of you, all feels so right  
Need to have you, need to hold you  
And tell you that I love you.

My dear, I don't want to see us apart  
This separation just tears away my heart  
I miss you, oh, I really miss you  
Will need you more and more each day  
I know I cannot live without you  
I miss you, more than words can say.

Bikramjyoti Kashyop

# Close Your Eyes

I can't be with you today  
but if you close your eyes and think;  
I'll be beside you in the kitchen  
wearing your shirt - standing by the sink.

I'll be with you in the bedroom  
waiting quietly on your bed;  
Just close your eyes and think of me,  
relive those memories in your head.

I'll stand by you in the bathroom,  
an unlikely place to meet;  
I'll smile at you so playfully  
as I let you brush my teeth.

I'll be your light in the darkness,  
shining steady through and through;  
You only have to watch it glow  
to know I think of you.

I'll be the music that you listen to,  
I'll be there in every song:  
I'll laugh with you and sing with you,  
and comfort you when your day's gone wrong.

I'll be the wind that ruffles your hair,  
I'll be that warm embrace;  
I'll be the hand on your shoulder,  
I'll be the tender touch on your face.

I'll be the clock gently ticking,  
reminding you of the times;  
We've shut the rest of the world outside  
we're in our own world - yours and mine.

I'll be the moon as it dances  
on the water cold and still;  
For I have loved you always  
and I know I always will.

Though you may not see me physically  
as you live your life today;  
Just close your eyes and think of me  
I will not be far away.

# Come With Me

Mystery, it clouds your form  
Ecstasy, it keeps us warm  
The dance has begun, with but us two  
I'll take your hand, I'll walk with you  
Take me to depths in the sea of love  
Go with me further, never enough  
I'll breathe in your perfumed scent  
You intoxicate, invade my head

Give in to your senses, here we go  
Follow me now, let your heart take control  
Our time is short, and death is nigh  
To mountains and peaks, we must fly  
Leave life behind in our own world  
Get away from it all, run with me, my pearl  
Forget all your troubles, walk in the moonlight  
Gaze into my eyes, stay with me tonight

We need not fear, we must venture on  
Forsake loneliness, drink in our love's song  
Pure angel of dawn, you've stolen my heart  
You illuminate me, pierce the dark  
Your purity, it leaves me numb  
Your beauty, where does it come from?  
I long to touch your smooth, soft skin  
To stroke your hair, give you everything

To pull you into my embrace  
To hear you breathe, to see your face  
To feel your heart beat softly with mine  
To hold you tightly, leave reason behind  
To draw you in, to taste your kiss  
All heartbreak gone, nothing amiss  
I'd lose myself inside your eyes  
Stay in love forever, mesmerized

Run away with me, barefoot in the sand  
Walk by my side, rule all the lands  
Hear our hearts beating with love so wild

Our heads spinning with passion, my child  
There's untamed joy we can't contain  
Hypnotizing ardor we can't explain  
I'm Romeo, will you be Juliet?  
We can share a bond we'll never forget

We can clasp hands in the twilight  
Hold each other, day and night  
We can be alone, just me and you  
Our souls entwined, you know it's true  
We can do anything, if you'll take faith  
I'll protect you, I'll keep you safe  
We can be together eternally  
We can live forever – so come with me

# Death And Life

Death

Death is the dead

Death is the living

Death will take the living

Death will make them the dead

Death is unforgiving

Death does not care about life

Death only cares about the dead

Death will never give up the dead

Death

Life

Life is the living

Life is the dead

Life will take the dead

Life will give them life anew

Life is caring, thoughtful

Life cares about the dead

Life cares about the living and dead

Life will not give up the dead or living

Life

Bikramjyoti Kashyop

# Death Is Only The Beginning

Death is only the beginning  
Never be afraid to die  
For death is only the beginning  
Theres a time to die and a time to be born  
Death is only the beginning  
Im not afraid to die  
You shouldn` t be either  
From dust we came to dust we will return  
Death is only the beginning

Bikramjyoti Kashyop

# Definition Of Life (In My Eyes)

Life is the love you find  
Life is the hate you have  
Life is the only companion to go to  
When your friends are hard to reach

Life is the happiness  
Life is the sadness  
Life is the emotions  
We get when in a dilemma of confusion

Life is our gift  
Life is our curse  
Life is our death  
Which can be avoided if you treat it right

Life is not to be taken for granted  
Life is to be lived to the fullest  
Life is to be loved and cared for  
Why? 'cause it's the only one we're getting

Bikramjyoti Kashyop

# Faces Of Love

Love here, love there  
Love springs everywhere  
Love thrills, love excites  
Love enchants and delights

Love hurts, love heals  
Love gathers and dispels  
Love kills, love revives  
Love keeps us alive

Bikramjyoti Kashyop

# Feelings

I didn't know I could love  
anyone as much as I love you  
for the sound of your voice,  
makes all my dreams come true.

You walk into a room, and  
I know you have arrived;  
my heart skips a beat when  
you walk up to my side.

I hope this kind of magic stays  
forever between us two,  
and the whole wide world will  
know that God sent me you.

Bikramjyoti Kashyop

# For My Love

You are my dream, my life, my all  
You are more than I ever had before  
Lets celebrate our love with all  
Lets renew our vows once more.

Hold my hand and don't let go  
Open your heart to feel our love grow  
Be my valentine, my dear, be my valentine  
For as long as we have living time.

My dear sweetheart, be my valentine  
With all my heart I'd like you be mine,  
Not just today, not just a day,  
But all the time, every single day.

Bikramjyoti Kashyop

# For You

I love you more than words could ever say,  
I feel it growing in my heart each and every day,  
All this love I feel  
Has never felt so real  
You give me something no one has ever given me,  
It's something you cannot see  
Love so strong, and so true  
It makes me think of only you  
This wonderful feeling you have given me  
Makes me want to be with you endlessly

I want to be in your arms  
To feel your warm embrace  
It makes me feel so safe from harm  
Plus, I love to touch your face  
I love to look into your eyes  
To look through your disguise  
To feel your warm hands within mine  
As our fingers gently become entwined

Your kisses so soft and sweet  
It makes me crave a thousand more  
I wonder how your heart keeps a steady beat,  
Because mine just soars

I love the way you let me know  
How much you love me so  
I love how much you care  
The love you show to me is beyond compare,  
I love the way you smile  
That compliments your sexy style  
My eyes are kept on you all the while

I love to hear you say 'okay'  
You say it at least once a day  
I love the way you apologize  
Because it always makes me realize  
That what you did, was done unintentionally,  
And that you still love me

Even though I'm strange  
You don't want me to change  
You say that I'm just right  
Especially when we're about to fight

I hate to see you mad  
I hate to see you sad  
It makes me feel so bad  
What you feel, I feel  
That's because our love is real  
I hate to see you cry  
To always have to wonder why?  
I'm sorry I sometimes do the things I do  
That always make you feel blue  
I'm sorry if I hurt you so  
My anger is sometimes hard to control

I don't like when you feel insecure  
Don't worry so much, because I'm sure  
That no one can ever take your place  
Because I love not only your beautiful face,  
I also love the real you inside  
There's no way I could have let you pass me by

Don't worry you're the only one for me  
You, and I, and everyone else can see  
I love you with all my heart  
No one could ever make us part.

Bikramjyoti Kashyop

# Frist Truth Love

Things feel right when i see your face  
When i'm without, i feel lonely in place  
We don't always get along but most of the time we do  
and when we fight, it's hard to stay mad at you  
The things you say to make me frown  
Aren't nearly as powerful as what you say to turn it upside down  
You take me and make me feel lighter than air  
My hopes are so high that i could easily get hurt, but i don't care  
I could end up in my bed shivering cold  
Tears running down my cheek wishing i had someone to hold  
I'm caught up in the uneasiness  
Wondering if you care is making me sleepless  
I'm not sure if you feel the same as before  
I don't, i like you even more  
Tell me the truth, are your feelings still there?  
Or did they fade away, into thin air  
I'm scared to know how you really feel  
But sooner or later i'll know, if your love is real

Bikramjyoti Kashyop

# Girl In My Mirror

I'm looking in my mirror  
Theres a girl in there tonight  
Shes breaking apart so quickly  
And nothing can make it alright  
Her eyes are red and swollen  
Mascara bleeding down her face  
She'll never let them know  
That shes feeling out of place  
She asks  
'Mirror mirror on the wall  
Who is  
The biggest fool of all'  
Maybe its the girl  
Crying her life away  
Or maybe its the boy  
Who's mind has been lead astray  
Theres this girl in my mirror  
With tears she can no longer hide  
She can't pretend any longer  
Because nothing is alright.

Bikramjyoti Kashyop

# Hidden Love

Passion burning deep in my heart  
Wishing that we were never apart  
Coming together hand in hand  
Melted and pressed as grains of sand  
Shaping a most beautiful pane of glass  
Etchings abound and trimmed with brass  
A beautiful display wanting all to see  
Remains hidden and sheltered only for me.

Bikramjyoti Kashyop

# Hope Your Happy

I hope your happy with your life  
I hope your happy with your wife  
I hope you see what you have done  
I hope you see that this is all wrong

I hope you realise that your not perfect  
I hope you see that money's not worth it  
I hope you realise that family comes first  
I hope you see that my smile was rehearsed

I hope you see that your tearing me apart  
I hope you someday grow a heart  
I hope someday I will want to see you  
I hope someday I wont have to see you

I hope you suffer, but I dont want that  
I hope you die, but I dont mean that  
I hope someday your 'love' will be real  
I hope someday you will 'feel'

I hope you realise that money cant heal  
I hope someday you'll feel, what I feel  
I hope that before you die  
I hope to tell you, I wont cry

I hoped you would be a good dad  
I hoped you wouldnt make me mad  
But all my hopes from before are gone  
just like the love you had for their mom

I hope that I see you one last time  
I hope I get to tell you this:  
'I wish I never knew you  
because of you....I wish I didnt exist....'

Bikramjyoti Kashyop

# How I Miss You

My Darling, How I miss your touch  
I miss your whisper of 'I love you so much'  
Your love is so sweet, so gentle, so tender  
So wonderful - just like the sender  
My love for you is so true and so deep  
I pray that my love you will forever keep  
I love you more each and every day  
I love you, Baby - in every way  
I love it when you Grrrrrrrrrrrrrrrrrr! ! ! !  
OMG - that makes me Purrrrrrrrrrr! ! !  
LYL - is where I want to be  
Me pleasing you and you pleasing me  
I want to be touching you - skin to skin  
Baby - I am ready for our life to begin  
I am counting the days until then  
You will long for love - never again  
I will love you like crazy for the rest of your life  
You will have the best friend, lover and wife  
I want to be your everything  
I want to be what makes your heart sing  
I love you, Darling - please never doubt  
I love you so much - I want to Shout  
Until we are together again - hold me in your heart  
I am holding you in mine - as I have from the start

Bikramjyoti Kashyop

# How Much I Love You

When I gaze in rapturous admiration  
At your perfection and beauty  
And stare in wonder and longing  
At your swaying, feline grace,  
Oh, how it is better to remain silent  
Than attempt in total futility  
To describe the awe I feel  
About matters that speech is incompetent to express  
Or strive to convey in vain my wondrous elation,  
As I immerse myself in your cerulean eyes  
And with utmost joy, tell you,  
Just how much I love you.

Bikramjyoti Kashyop

# I Believe

I believe that the sun shines after the rain  
I believe if you don't get hurt you'll never gain  
I believe in not doing things the easy way  
I believe that being selfish doesn't pay

I believe in a second chance  
I believe in a life long romance  
I believe there is life after death  
And standing up to a life of mess

I believe in love at first sight  
I believe that revenge isn't right  
I believe that first impressions last  
And there is nothing better than a good laugh

I believe that dreams do come true  
I believe there's destiny for me and you  
I believe that good things come to those who wait  
I believe love never arrives too late

I believe something good comes from something bad  
I believe that for tears of happiness there are tears of sad  
I believe everyone has a guardian angel  
And the good you do will be rewarded well

I believe sometimes there is no explanation  
I believe money can't buy people's affection  
I believe you don't know what you've got until it's gone  
I believe a new day arrives with every dawn

I believe a smile can be contagious  
I believe in being very outrageous  
I believe in living with no regrets  
I believe that life is as good as it gets

I believe that God watches over us  
I believe the little things are worth the fuss  
I believe you have each friend for a reason  
I believe you will get punished for treason

I believe that what comes first is family  
I believe we should all live in harmony  
I believe in making the most of a beautiful day  
And it's not the end until everything's okay

I believe absence makes the heart grow fonder  
I believe you will lose if you sit and wonder  
I believe every experience teaches you a lesson  
And nothing cures better than a drinking session

I believe everyone has one true love  
I believe sometimes we need a little shove  
I believe the whole world is a stage  
I believe we only get better with age

I believe that to learn you have to live  
I believe that to love someone you have to give  
I believe one moment can change your life  
And there's still help when you're in strife

I believe everyone has one true friend  
I believe love helps a broken heart mend  
I believe in the power of a song  
And things will change before too long

I believe living is the best experience  
I believe in not laughing at other people's expense  
I believe it's hard to watch a lover leave  
And when they're gone all you can do is breath

I believe to always look on the bright side  
I believe that life is just one big ride  
I believe when I die people will grieve  
But it's ok because I believe

# I Carry Your Heart With Me

I carry your heart with me (I carry it in  
my heart) I am never without it (anywhere  
I go you go, my dear; and whatever is done  
by only me is your doing, my darling)

I fear no fate (for you are my fate, my sweet) I want  
no world (for beautiful you are my world, my true)  
and it's you are whatever a moon has always meant  
and whatever a sun will always sing is you

here is the deepest secret nobody knows  
(here is the root of the root and the bud of the bud  
and the sky of the sky of a tree called life; which grows  
higher than the soul can hope or mind can hide)  
and this is the wonder that's keeping the stars apart

I carry your heart (I carry it in my heart)

Bikramjyoti Kashyop

# I Do

You're my sunshine in the mornings,  
And my moonlight in the night;  
You're the footsteps that I'll follow,  
All throughout my life.

I put all my trust in you,  
And I gladly take your hand;  
I give you all my heart,  
By your side I'll always stand.

As we face all these tomorrows,  
Through the happiness and tears;  
We'll take it one step at a time,  
For all our many years.

I promise you my life,  
And I promise to stay true;  
With this ring I give my heart,  
and all my love to you.

# I Trust In Jesus

Before this body turns to dust  
Before this world I leave  
Upon The Lord I've placed my trust  
Upon The Rock I'll cleave  
I've placed my trust in Jesus Christ  
God's Son of flesh and bone  
The innocent Lamb sacrificed  
I trust His word alone  
I trust He chose for man to die  
Then rose again to reign  
That as God's Seed He'd multiply  
His flock when born-again  
I trust His blood can cleanse the soul  
I trust His blood can save  
His very name can make us whole  
And save us from the grave  
I trust in Jesus' loving care  
I trust He bore my shame  
I trust the love He came to share  
Remains today the same  
I trust the pardon Jesus bought  
Can save this wretch from hell  
I trust Salvation's true report  
My Saviour had to tell  
Although the devil's out to harm  
Though Satan's he's out to kill  
I trust my Lord's almighty arm  
I trust His righteous will  
I trust my life to Christ The Lord  
I trust in Heaven's Door  
I trust in God's Almighty Sword  
I'll trust Him evermore...

# I'm Lost

I am lost without my life  
I am lost without you  
I am lost in the world of fears  
where i am waisting my tears.

I am lost in the world of darkness  
where there is only sadness  
I am lost in this unreal world  
I am lost in the world, where their is no one to care.

I am lost somewhere in you  
hoping thar someday u'll care.

# If You Would Be My Valentine

If you would be my valentine  
My heart would surely glow  
And if you'd be my valentine  
I'd want the world to know

If you would be my valentine  
My eyes could finally rest  
For my heart already knows  
That you would be the best

If you would be my valentine  
I would want the world to see  
That I have found the perfect valentine  
The one just for me

If you would be my valentine  
My world would be much brighter  
So put those precious arms around me  
And hold me that much tighter

If you would be my valentine  
My heart might do flips  
For when I think of you  
It already begins its skips

If you would be my valentine  
My eyes would surely shine  
So won't you please tell me YES  
THAT YOU WILL ALWAYS BE MINE.

# I'M Running But To Where?

Running, running  
There is nothing left to do.  
Running...  
Away from my tears  
Away from my pen  
Running to know who I,  
am.

Running  
But you, don't know what,  
You're,  
Running from.  
Running in circles  
Going nowhere.  
I'm saying Goodbye  
I am running away.

Never stop running  
Words running through,  
My mind.  
Running away,  
Like the coward,  
Like him  
Horrible words  
I am running and running,  
For you.

I m running but to where?  
I can't believe  
That I've put up with you lies.  
Im running from the past..  
Running out the pain.  
Running with out you.

# In A Need Of A Friend

I'm in need of a friend.

A friend that I can trust

A friend that I can see and talk to everyday

A friend that will help me through my problems

A friend that I will feel comfortable telling everything to

A friend that I can cry on when I'm in need of a shoulder

A friend that can be there for me all the times and not back down

A friend like no other

A friend that I never had

Bikramjyoti Kashyop

# In My Arms, In My Heart

I was lonely and somewhat lost  
I wanted a companion and friend, nothing more  
I took the plunge, in I stepped  
Nervous and unsure, I waded in

Unexperienced and quite unsure  
Feeling trepidation, I wondered if I did right  
Feeling shy but needing a ladies company  
I took a chance, to see what would occur

Surprise, shock and so much joy  
I found the woman of my dreams, I won first prize  
Gentle, caring, trusting and sensuous, along you came  
Into my life, you brought happiness, fulfilment  
And everything I had secretly yearned for

Not sure how I would cope and react  
From that first meeting I was complete  
Such emotions flowed through me  
That I believed I would never feel

Beauty, tenderness, faith, desire and love came fast  
All my hidden dreams were answered  
By your marvellous presence

From that first meeting, who would believe  
Such a strong romance would start  
When we are together all I need  
Is in my arms, in my heart

Bikramjyoti Kashyop

# I've Been Caught

I've been caught swimming in his eyes again.  
Holding my heart so it doesn't break in his presence.  
I've been known to have to steady my breathing at his smile,  
as my own returns with red cheeks.  
As the subject of my never ending sentences, he calls upon pauses that  
should not be there.  
As my friend, he shares.  
His heart cannot mention my name.  
While my heart can only scream his.  
I've been seen caressing his skin with my gaze.  
Memorizing his shape.  
I've dreamt of how his lips round his words.  
As I replace friendship with love.  
My heart hangs heavy when I hear his voice.  
My pulse races with his scent.  
As he walks past, her on his arm.  
Unlike any of the others, he kills me and keeps me alive.

# Key To My Heart

I had closed the door upon my heart  
and wouldn't let anyone in  
I had trusted and loved only to be hurt  
but that would never happen again  
I locked the door and  
tossed the key as  
hard and as far as I could  
My heart was closed for good

Then you came into my life and  
made me change my mind  
just when I thought that  
tiny key was impossible to find  
that is when you held out your hand  
and proved me wrong  
inside your palm was the  
Key to My Heart  
You had it all along.

# Life Word

Life is a challenge, accept it  
Life is a wish, want it  
Life is a book, read it and observe  
Life is a fight, battle it  
Life is a tear, face it  
Life is a smile, enjoy it and embrace  
Life is a game, play it  
Life is a journey, complete it  
Life is a ruler, measure it  
Life is a it  
Life is a sunset, hold it  
Life is a treasure, save all you can

# Listen To Me Baby

Please listen to me baby,  
You are my own sweet lady,  
With you I'm meant to be  
And tomorrow we will see  
Blue skies everywhere.

A hotel stands in waiting  
Rose gardens near the sea  
Two hearts anticipating  
A romance of ecstasy.

So hush your painful crying,  
Very soon we will be flying  
Once again I'll hear you sing  
On a holiday in spring  
No sadness anywhere.

A hotel stands in waiting  
Rose gardens near the sea  
Two hearts anticipating  
A romance of ecstasy.

# Lost

Lost.....

I don't know if you're pushing me away or pulling me closer  
I don't know where I stand  
I don't know what you want from me  
Or if you care at all

Your words lash out and hurt  
Then lovingly draw me in  
I don't know what you want from me  
Do you want this to end

Don't turn tables  
Or place this on me  
Just come out and tell me  
What it is you want

I can't read minds  
I don't know where I stand  
Are you pushing me away  
Or are you going to finally let me in

# My Feelings

I just want to be with you,  
Baby no one else will do.  
I know I say I love you often,  
But every word I say is true.  
I wrote your name in my heart,  
And forever it will stay.  
I know we have our ups and downs,  
But no relationship is perfect.  
And by the end of the argument  
The confrontation wasn't even worth it.  
People try to break us every day,  
over and over again.  
I don't let it get to me  
Because I know who has won in the end.  
I love your smile, your intelligence,  
And everything you do.  
I thank God faithfully that he sent you.  
Happy Valentine's Day!

# My Heart... What Happened?

my heart is broken and its all because of you  
my heart cant be put back together with some glue  
my heart is full of pain and u dont even care  
my heart really needs you but your not even there

my heart now as an empty space  
my heart needs u to fill that place  
my heart feels the friendship will never be replaced  
my heart wants you to still keep me safe

my heart knew this friendship would grow into something more  
my heart knew you were going to shut that door  
my heart told me to let you know how i really feel  
my heart told me if he lets go then its not actually real

my heart never told me if i told you i would loose a friend  
my heart never told me my world would come to an end  
my heart thought you wouldn, t walk out for good  
my heart thought u would of understood

my heart now misses all fun we have had together  
my heart now wishes we should of stayed friends forever  
my heart just had to give in and put up with the fact that you are gone  
my heart has let you win and made me realise that i was wrong

# My Mom Sets The Table

Night after night my mom sets the table  
full of joy she passes her hand over the green fleat  
like dishes she lays her chips down  
they her finest china carefully stacked  
her drink is the insurance bet  
night after night 21 meals are servered

6 people share the meal with her  
we her family eat alone  
yet night after night my mom sets the table  
the table of broken dreams and poisoned meals  
night after night she countinues to eat  
untill is consumed

Night after night my mom sets the table  
night after night we her family shallow the bitter meal she makes

Night after night my mom sets the table.....

# Our Friendship

Like a rose blooming  
With so much beauty,  
Like a dew  
Glittering in the sun,  
Our friendship  
Shall stay beautiful and eternal always  
Making everyone passing by  
Jealous of us.

Like the sun  
That has never given up our hopes,  
Like the river  
That has never stopped flowing,  
Our friendship shall stay promising and never die out.....

Like the mighty ocean  
That cannot be measured,  
Like the vast universe  
That has not got an end,  
Our friendship  
Shall spread awide  
With no end whatsoever.

My dear friend I thank you  
For all that you've done for me.  
Our friendship shall stay immortal  
With a cheerful side always  
Our friendship shall stay forever  
Even if the sky comes down  
Our friendship is something  
That can never be more pure  
Something that aims at happiness  
So my dear friend  
As we say  
Our friendship is a ship that shall  
Never sink.....

# Respect

respect is something we give  
because we love one another  
but if we didn't have respect  
would we still have a partner  
when it comes down to me  
i have nothing but love and respect  
respect is special  
and respect is live  
if there was none  
would we still keep our pride  
i have a great friend  
we both share respect  
a fight broke out once  
but we still talk and chat  
so we still have respect  
and that's all what matters  
she's still my sister  
and my best friend  
i will always love her until the very end

# Romantic Lie

You told me once  
My care is amazing  
You enlightened me  
My eyes are passionate

I understood right away  
Intention of your lie  
Conceived you then  
As a romantic liar

I am hypnotized  
By stimulating splendour  
Your adoring features  
Touched innocent sense

Aggressive and obsessive  
Kiss, knotted me to you  
You were sensitive  
Not to let me free

You became my dream  
You became my psyche  
You became my vision  
You became my life

When I tie the knot  
Masquerade taken out  
Exemplified your  
Inner parts of guts

I am aware now  
You entrapped me  
I want to find out  
A romantic lie to escape

Flee from you at once  
Glided on seven skies  
Voyaged ocean limits  
Probing for harmony

When I turned around  
Find your burning tears  
Dear, I'm back again  
To be with you forever

How I save my face  
Grab your lovely heart  
I am searching for  
Another romantic lie

# Search Party

You touched my tongue,  
With yours – blending buds,  
Kindling minds, racing worlds,  
Unifying two lovers – one body.

Tongues wrestled violently,  
Fluidly, in fluid –  
Juice flowed, fluidity rousing –  
Endorphin storms erupted.  
Hearts raged, blood gorged  
Cock, clit, tit.

Search-party hands  
– desperate –  
Found their feelings,  
Feeling up, squeezing, sliding,  
Rubbing, working, fingers fiddling.

Lungs breathed – sighing, rushing,  
Panting, huffing, heaving  
– ciliated turmoil.  
Hearts worked harder,  
Forcing blood torrents;  
Whirlpool minds raced,  
Blinded, careless, caring, daring.

Clothes faded, cast out – jetsam.  
Skin flesh moulded, melded,  
Oh to split! For  
Inner flesh wanted in.

Pulses pounded,  
Rounded mounds flirted nipples  
At the lips;  
Phallus begging, forcing, pushing;  
Pushed.  
Ripples crossing skin dunes  
Under shudders:  
The Quake of Coming, coming,

Came.

We came.

We found.

# Time

Time goes by so Slowly,  
It drifts into space,  
So silently,  
We wake up in the morning then Night comes by in front of your eyes,  
I've always wondered where all my time has gone,  
Into space,  
Into the new year,  
Into my Mind,  
Time, Just and emotional thought that keeps us all late or on time,  
O why did someone invent a such a dreadful thing,  
We all know that we dread time,  
Every single one of us,  
It keeps us late,  
Or perfectly on Time,  
What's with it,  
Do you love it? Or hate it?  
So many decisions,  
So little time.

Bikramjyoti Kashyop

# True Love

It is true love because

I put on eyeliner and a concerto and make pungent observations about the great issues of the day

Even when there's no one here but him,

And because

I do not resent watching the Green Bay Packer

Even though I am philosophically opposed to football,

And because

When he is late for dinner and I know he must be either having an affair or lying dead in the middle of the street,

I always hope he's dead.

It's true love because

If he said quit drinking martinis but I kept drinking them and the next morning I couldn't get out of bed,

He wouldn't tell me he told me,

And because

He is willing to wear unironed undershorts

Out of respect for the fact that I am philosophically opposed to ironing,

And because

If his mother was drowning and I was drowning and he had to choose one of us to save,

He says he'd save me.

It's true love because

When he went to San Francisco on business while I had to stay home with the painters and the exterminator and the baby who was getting the chicken pox,

He understood why I hated him,

And because

When I said that playing the stock market was juvenile and irresponsible and then the stock I wouldn't let him buy went up twenty-six points,

I understood why he hated me,

And because

Despite cigarette cough, tooth decay, acid indigestion, dandruff, and other features of married life that tend to dampen the fires of passion,

We still feel something

We can call

True love.

# Valentine Memories

Grandma's book of valentines  
Rekindles memory's flame,  
Of days when she was just a girl  
And life a happy game.

Each lace-edged card a getting bears  
From friends of long ago,  
Girls in gingham dresses  
And that "special" Sunday beau.

It brings a twinkle to her eye,  
Dissolving lines of age,  
As we sit in the lamplight  
And turn each well worn page.

It makes me kind of wonder  
If perhaps some distant day,  
A grandchild shall sit at my side  
And leaf each page this way.

'Cause I could sit for hours,  
There at my grandma's knee,  
And listen to the stories  
That the valentines set free.

A book of antique valentines  
That reaches back in time  
To tell the tales of yesteryear  
In illustrated rhyme.

# What I Love About You

I love the way you look at me,  
Your eyes so bright and blue.  
I love the way you kiss me,  
Your lips so soft and smooth.

I love the way you make me so happy,  
And the ways you show you care.  
I love the way you say, 'I Love You, '  
And the way you're always there.

I love the way you touch me,  
Always sending chills down my spine.  
I love that you are with me,  
And glad that you are mine.

# What Is Love

Love is kind  
Love is sweet  
Love is 2 hearts that meet  
Love can come  
Love can go  
Love is never ending  
This I should know  
Love is quite  
Love is loud  
Love can make you do things you haven't done in awhile  
Love is caring  
Love is great  
But most of all love is what makes the world a better place! !

# Without Love

I know it may sound insane  
Now I dream of you without pain  
Time has past  
Extremely fast

Love has no boundaries  
Love is fantastic  
Love is a mystery  
Love is romantic

Love is real  
Love is intense  
Love can heal  
Love is romance

I know it may sound insane  
I am feeling you once again  
You left me feeling wanting  
With your teasing and flaunting

Love is kind  
Love is divine  
Love unwinds  
Love is sunshine

Love forgives  
Love is nice  
Love is positive  
Love is sacrifice  
Love is massive  
Love is compromise

I know it may sound insane  
You still remain and rain in my brain  
With our experience in my collection  
I can make the necessary corrections  
You are a moment I wish  
Once more to cherish

Love is great even when late  
Love is sweet when complete  
Love can forgive whatever it receives  
Love is a blessing, always refreshing  
Love is supreme but can be extreme  
Love comes at a price If you are not wise  
Love is unselfish, It only tends to nourish  
Love always flourishes tending not to perish  
Love from the heart never departs or breaks apart

I know it may sound insane  
But I hope our paths meet again  
I speak neither French nor Spanish  
Yet memories of you are not tarnished  
My senses have been trained  
All is not lost in vain

Love is strong  
Love is old and young  
Love is the sound of a melodious song  
Love is the gentle language of the tongue

I know it may sound insane  
That about love I complain  
Love never did me no wrong  
Without love I am far from strong!

Love has no pride painting a humble ride  
Love is life, in different forms it arrives  
Love is an unspoken promise  
Between two of unity and peace

# You Are The Song Of My Life

You are the song of my life□  
Which my heart wants to sing all my life  
You are the rhythm of my life  
Which my heart wants to beat all my life

You are the destination of my life  
Which I want to reach in my life  
You are the road of my life  
Which I want to take all my life

You are the spirit of my life  
Without you there is no joy in my life  
You are the sun of my life  
Without you there is no light in my life

You are the fire of my life  
Without you there is no warmth in my life  
You are the light of my life  
Without you there is no light in my life

You are the fun of my life  
Without you there is no fun in my life  
You are the one in my life  
Without you there is no one in my life

You are my life,  
Without you I don't have a life

# You Never Be Lonely

you never be lonely  
if you can feel  
other's love

you never be lonely  
if you can sense  
other's life

you never be lonely  
if you can touch  
other's wish

you never be lonely  
if you can see  
other's heart

you never be lonely  
if you can spread  
smile, and tenderness

you never be lonely  
if you can pray  
in God's shelter

# You Touched My Heart

You've given me a reason  
For smiling once again,  
You've filled my life with peaceful dreams  
And you've become my closest friend.  
You've shared your heartfelt secrets  
And your trust you've given me,  
You showed me how to feel again  
To laugh, and love, and see.

If life should end tomorrow  
And from this world I should part,  
I shall be forever young  
For you have touched my heart.

# Your Love

For your love'  
Open your eyes  
Take in the sights  
Not in the dark love  
Keep on the lights love  
That's the sight of true love  
Take it slow love  
Take time to know love  
Make my eyes glow love  
Open your nostrils  
Take in the smell  
It's there In the air  
The high of true love  
That's the smell of true love  
Take it slow love  
Take time to know love  
Make my eyes glow love  
Open your ears  
Listen to the sounds  
The sounds of heartbeats pulsating  
To the beat of pure love  
That's the sound of true love  
Take it slow love  
Take time to know love  
Make my eyes glow love  
Open your mouth  
Stick out your tongue  
Taste the sweet love  
On my loving lips  
That's the taste of true love  
Take it slow love  
Take time to know love  
Make my eyes glow love  
Open your mouth  
Speak to me about love  
Give me the poetry  
Of everlasting love  
That's the language of true love  
Take it slow love

Take time to know love  
Make my eyes glow love  
Love can be a beautiful experience  
Experience will let you know  
That an experience lover  
Will take it real slow  
That's the beauty of true love  
Take it slow love  
Take time to know love  
My eyes glowing eternally  
For your love.

# You'Re Never Alone

You're never alone, I'm always near,  
When your troubled, down or blue.  
All you have to do is call me,  
I'm always here for you.

It doesn't matter where I'm at,  
It doesn't matter when.  
When you need someone to talk to,  
I'm here to be your friend.

If you need someone to hold your hand,  
or a hug to say I care.  
If you need a shoulder to cry on,  
for you I will be there.

So never think you are a burden,  
when the weight gets to be too much.  
You might find if look hard enough,  
a good friend could be the right touch.

You're never alone, I'm always here,  
through the good times and the bad.  
I'm always here to be your friend,  
I don't like to see you sad.
