# Everything

I would be your everything I can be your knight in shining armor. I am yours baby  
I am here forever until my last breath. I will hold you when you cry and will be  
there for you no matter what. All you need to do is say yes and I can be  
everything you want me to be.

# Friends

I miss the way we use to be the way we were. All the times that we would just hang out and talk about no then. When we would make fun of each other. But know that has all change you won't even talk to me any more you won't even give me a reason. All I do is sit here and wonder why what happen all I won't to do is make it all better but you won't let me. So know I sit here and wonder and think about the good days.

# Her

Her smile can light up the room. Her laugh and smile makes everything feel like its not so bad. She is the most amazing girl I will ever now. Because when I am with you nothen else matters and time stands still because I get to have you in my arms once again.

# Lie

what do you do when everthing you know is a lie when everthing around is gone  
when your life is all a lie when you love anger and devotion is a lie

# Love You

I love you so deeply,  
I love you so much,  
I love the sound of your voice  
And the way that we touch.  
I love your warm smile  
And your kind, thoughtful way,  
The joy that you bring  
To my life every day.  
I love you today  
As I have from the start,  
And I'll love you forever  
With all of my heart.

When I'm with you,  
eternity is a step away,  
my love continues to grow,  
with each passing day.

This treasure of love,  
I cherish within my soul,  
how much I love you...  
you'll never really know.

You bring a joy to my heart,  
I've never felt before,  
with each touch of your hand,  
I love you more and more.

Whenever we say goodbye,  
whenever we part,  
know I hold you dearly,  
deep inside my heart.

So these seven words,  
I pray you hold true,  
'Forever And Always,  
I Will Love You.'

Would you miss me if I was gone would you notice if I was not there would you care or would you just forget about me. I have been there for you through everything and now that I need you the most you are gone. Did you every care about me and who I am or was I gave and did everything for you and now you just turn your back and leave me here cold and lonely. I don't now what you won't from me. I am done with everything goodbye.
