Peace.

## Please Notice Me.

You are simply stunning  
A woman who will never know...my love  
She is already betrothed...to a fool  
My lamented love must be held like a country's secrets  
She suffers intolerable conditions  
But my heart is always there.  
Please notice the quiet shadow of the man that always waits  
Always hopes in the deepest recesses of his heart  
You will notice.  
One word from your lips and I will end this fools existence  
For you to be free of him and lead the life you want to.  
Even if it was not with myself I hope you find someone  
Who loves you as much as I  
The fool plays with other women and your heart  
Please notice me.
