Daichi Nomura(1995- someday far away)

I'm starting to get tired of writing about the same things over and over again. I've written about them so much, that i'm starting to wonder if it's even true anymore.

Anyways, here's a new poem written about the same things underneath.

'Vulnerable'

Between The Lines

I want you to read between the lines,
see the 'unknown signs'.
I want you to see the meaning,
of my 'unknown feelings'.
I want you to find the truth for yourself.
I want you to know who you are.
Who I think you are,
and who I'm really talking to.
I want you to see you.

Daichi Nomura

Darkness

I find the darkness closing in on me
suffocating me
there's no end to my suffering
Then i see you come
my light in the darkness
you walk slowly toward me
then the darkness surrounds you
you disappear
and my light goes out.

Daichi Nomura

Departure

I never once told you I loved you
I missed all my chances,
and now you're gone forever.
You'll never know
how I feel,
or what I think when you're not around
and I'll never know either,
because my thoughts were shattered,
with your departure.
I can't go back to my secret place
without being tortured
by your soul
and now that you've left forever,
i cannot cry
for you have taken my tears with you
when you abandoned me.

Daichi Nomura

Don'T Change

someone told me to never change
but I feel I need to change for you
If I change I'll be betraying them
If I don't, you'll hate me
but you already do
so nothing's changed
but still everything's changed
so I'm betraying both of you

Daichi Nomura

Free Will

I'm so sorry
I'd tell you I'd never do it again
but that would be lying
I should have never taken your free will
And now I have to pay
I promise I will apologize
the next time
The next time I see you
you won't understand
but please
don't ask
as I run off
And now as I spell this poem
This poem for you to never read
Once again, your free will is gone
Once again I pay

Daichi Nomura

Hurting

There's something on my mind
But I can't tell you
for the fear of being rejected
is far greater than my love
I'll let you go
But remember I'll never give up
Because I can't bear it
when you get hurt
But I always hurt you.
and that hurts me

Daichi Nomura

I Ask

You say that he would not
freeze

I wondered if you mean.

tells you,
of course, why would I lie?

But I remember last time you lied,
so much truth there is indeed. and
clarity, in which your
confusion...
as I trust you,
if you did not even know what you tell me,
but you're so sure of yourself?

Daichi Nomura

I Could Be

I could be the one to love you, when no one else will
I could be the one to take away all your suffering and pain
I could be the one to make your heart skip a beat when you think about me
I could be the one to make you forget, all the horrible things in your past
I could be the one to dry your tears, and make you smile again
I could be the one to bring back the hope to your eyes
I could be the one to hold you, and protect you from the world
I could be yours forever,
But you won't let me

Daichi Nomura

I Exist

I think of what will happen if you
find out that I exist.
Because I know that I see now.
So if I dissapear, you will
notice,
until one day too far.
then you realize,
who is always in the way,
can no longer do that anywhere.
Because she is dead.

Daichi Nomura

I'M Tired Of Loving You

The words you said that day still echo clearly in my head
'I'm tired of loving you'
And it's the most caring
and sad
and confusing thing I've ever heard
because you're saying you love me
but you don't want to
And I don't know what you mean by it

Maybe you can tell me

Daichi Nomura

I'M With You

I have no one to turn to
My hopes and dreams turn to ash
everything makes less and less sense.
I'm not who you think I am
so run while you have a chance
it's taking over,
coming closer
and soon there will be nothing left
please hear my words
for these are not my own
you must stop this
before it's too late
Chant these words and feel me there
feel this new energy floating in the air
it's too late to save me now
just promise me everyone else will get out
please go find my special one
seek them out and tell them
with my last breath
I'll be there...
I'm with you

Daichi Nomura

Life Life

I wonder what will be, when
I tell you I love you
and I may hate me,
and never want to see you,
but who wonder what else?
Finally,
nothing makes me happier
than to find out what happiness is
because he did not know, or maybe
the next life.
maybe in the next life

Daichi Nomura

Like Art

My emotions are more real.
They are either fake or anyone else.
Because I am only writing,
no matter what's on my mind,
making him sound like art.
But the real art is way behind.
I sigh.
hoping that that one day,20 years from now,
this will mean something.
Maybe this is the future.

Daichi Nomura

Love 1

You cannot leave me,
because without you,
I have no one to love,
I have no reason to live,
and because I love you forever,
I am afraid I would have to tell you.
No longer can expect more,
so please come back,
and I promise you
I love you, so long

Daichi Nomura

Love 2

Promise me something,
promise we can be together,
today and tomorrow the
sun and rain,
life and death,
light and darkness.
I go through all that,
let it go,
to be with you

Daichi Nomura

Maybe Not

Maybe not.
what was I thinking
we could never be friends
or anything more
I tried, I really did
but I hate you so much
you just can't see
you're blinded by your anger
as I am with mine
if I take off your blindfold
what will I see?
eyes filled with sadness and hate?
I could never tell you
how much I care
I know this is bad
but there's one more thing I can try
complete control
thats all I have left
but what do I want with a doll,
who does everything i say?
free will is a right
I have no right to take away your right
and if I do? it will come back
seven times worse
and my plan won't work
maybe I can change the future
by changing me
but I can't change you
I'm sorry
I'm so sorry, that I ever loved you
and I'm sorry I can't let out my feelings
any other way
and I'm sorry no one else can read this
or that this apology is too long
or that I really spelled that wrong
I'm sorry for saying sorry
or bothering you
with
lies.

Daichi Nomura

My Fire

I write my thoughts, in the shape of a song.
Simple and to the point,
She is my fire,
that heats me in the winter.
The fire that heats my heart and lets go of cold.
She is my fire, that guides me across the darkness,
The fire that lights my path.
But it does not matter how much she melts my heart,
she is not mine.

Daichi Nomura

My Night, My Light

I hope that you feel the same thing when I say that you are loved, without knowing what these words mean to me.

I did a favor and passed this life, that was blindfolded roughly, without seeing you before just me.

I was scarred repeatedly, eliminated, and decided not to be. and you continue to pass it until the day comes by, when you saw the light.

I look back, see now whether or not it sleeps eternally. and my love never dies and ask so as not to cry.

We sleep, meet once again, when light comes, and when night comes.

The you I know. light that you know, and my love and also my hatred, pain and my grief, you are all told in me at night.

You are my forever light

Daichi Nomura

No

The day will come when
I smile again,
but until then,
I promise not to run.

I sigh,
because I know, you might say
no,
if it makes me cry.

They never do that for you, because I
can love.

Daichi Nomura

Not Sorry

I wish I could tell you I'm sorry
sorry for all the things I've done to you
but I can't
because the truth is
I don't regret a single thing
I'm not sorry, for the pain I've caused you
or the hurtful things I've said
and I hate you
far more than you could understand
I'm not sorry

Daichi Nomura

Perfect

you're so perfect in every way
yet you fill my heart with sadness.
you torture my dreams
and you make me cry.
It's all because your perfect.
But then again,
this pasta dish is perfect too...
and you don't see me crying about that,
do you?

Daichi Nomura

Reason

You are my sun, my rain and also my snow.
You are all to me.

Do you give a shout to stop grief,
or raise a loud voice in order to stop stillness?

Whether or not I pray that you do not become known,
even whether or not I am yours,
were you able to love?

If I should be with you,
I do not understand the reason that should continue.

What kind of reason are we requiring?

Daichi Nomura

Respect

The last thing I saw was ice and snow.
The last thing I heard was the slight blow,
the wind, and your mind.

it breaks my heart,
so you see it,
as he stood up, before you break my heart.

The last thing I heard he was beaten gentle,
the last thing he had met,
heart and your mind.

Respect

Daichi Nomura

Save Your Tears

I still remember that night,
the night i made a vow,
a vow not to cry
until i saw you crying beside me.

You tell me you need to say
something important.
you tell me you have to leave,
and your sorry.
a tear runs down your cheek,
and i feel the tears start to come down,
but you stop me, saying
Save your tears, for some one who deserves them.

And i remember, that same night
the night you were packing,
and walking to the station.
i was sitting in my room,
crying my eyes out,
for you.

I remember sitting there for hours
with a blank expression,
plastered to my face.
Then it really sunk in,
the fact you were gone,
forever.

And since that night,
the worst night of my life,
the night you had abandoned me,
I have never cried.

Daichi Nomura

Similarly

Because I love you and can carry through,
the right eternally,
I know that similarly you love me.

Heretofore, I never scar you.

Daichi Nomura

Tears Of Blood

I see the blood,
dripping on the grass,
over your face,
your smiling eyes.
As you said she loved me,
it was just to make me smile,
but the way you will cry now,
is different from before.
Your bloody tears... I hate

Daichi Nomura

The World Around Me

Someday you will feel the pain that I have suffered
Someday you will find you cannot live without me
But you will never experience,
the evil that I have seen in this world.
I'll make sure of it.
Because once you've seen it,
there's no turning back.
I'll try and protect you with the good I have left,
but it might not be enough.
They'll try and get through to you,
like they did to me.
let this be a warning.
I don't want you to get hurt
but there's really no choice.
And to tell the truth,
if i could do it over, i wouldn't change a thing.
Because I realize, the evil and suffering
is what made me truly see you,
the only thing I've loved.

Daichi Nomura

Think Of Me

We have written about him.
did not know who he is.
It just comes out.
And I wonder if they 'think of me.'
For that I think I might know who I am.
It might be my imagination, but it's something more
than just the way in this poem,
and in this song, I heard in my heart.

Daichi Nomura

Turning Point

This is my turning point.
The day I will change
Is still far away.
But I realize,
If I don't act soon,
I'll be torn apart from you.
I want nothing more,
than to make you happy.
But If I lose all your trust,
the smiles will fade.
I know you know what I mean.

Daichi Nomura

Unknown Feelings

I want you to know how much I care,
I want you to know your never alone
Even if the world turns it's back on you.
I'll always be with you.

If you never want to see me again,
because of how I feel.
I undertand that
And I will leave you without a word.

And if you choose never to cry next to me,
thats fine.
I'll save my tears
'For someone who deserves them.'

And if you love me
but don't want to.
I'll give you back your free will,
for I have no right to it.

But if there's a tiny chance,
that you love me too.
I'll accept that
and I'll always love you.

I love you with all my heart.
You make me feel like I have one.
But your also hurting me.
Please, tell me how you feel.

Having to see you every day,
smiling and waving to me
It hurts
because I don't know what your thinking.

Next chance you get,
you have to tell me
because all your messages...
I don't understand them.

And I truly wonder,
All the signs you've sent me.
Are they from your heart
or mine?

I can't go one day without seeing you.
It hurts me too much.
Your hurting me right now,
because you're not with me.

I hope you never have to read this.
Because if you do,
it most likely means something bad happened.
Something I can't fix.

Maybe, if I tell you,
will you run away.
Will you tell someone what I said?
Or will you tell me what's on your mind?

I know now I must speak first.
You're not the kind to reveal your feelings.
Especially not,
to someone like me...

So I lock away my heart,
safe from my feelings
and my love
and you...

Don't ever leave me, and hate me
and cry. Don't ever
reveal your feelings.
I can't handle it. You hating, and hurting inside.
and I can't ever hate you.
not in this lifetime.

Maybe in the next life,
you will come to see...

love for all of us.

on this earth you must create a
veil to shade you...
enter eternal darkness.

Daichi Nomura

Unknown Signs

Unknown signs,
will never be known.

No matter how hard you try to make sense of them.

Daichi Nomura

Vulnerable

I don't know what I'm saying anymore.

What can help me?

I don't know.

Love?

Lust?

Always, Lust will fail.

Love only brings pain to yourself and others.

Who is selfish enough to continue to love,

And to be loved?

You have no idea what I mean...

So leave, without looking back.

Love?

Or hate? Both make you,

Vulnerable...

Each has it's own promise, that lust cannot give.

You may choose the easy path,

Or my path.

Until the day comes, keep living.

Daichi Nomura

What I Mean

I dream of holidays,
I dreamed of the sun,
but they cannot make me happy, because
you're my only one.

I keep it that you love,
and I laugh' Cause I am sad.
But after the next day I said
I was the only one mad.

And that, I mean I love you.

Daichi Nomura

Who Are You?

I wonder who you are.

It seems to me to write about you, without knowing you.

What's your name?

We met? I doubt it.

I could ask 100 questions and
get 0 answers.

For that seems to me that you're someone I know,
just so different.

I wish you could tell me.

Daichi Nomura

Why Can'T You See

Why can't you see, the signs I've givin you?

Why can't you see, the truth within.

Why can't you see how much I love you?

Or how much I'm willing to do for you?

Why?

Why can't you see, your love for me?

Why can't you see, what your trying to say?

Why can't you see, how much you care,

Or how much it hurts?

Why?

Why can't you see, anything in me?

Why can't you see, whats in my eyes?

Why can't you see, how much i'm hurting,

Or how much I'm hurting you?

Why?

Why can't you see, this is for the better?

Why can't you see, I can no longer hurt you?

Why can't you see, I'll always remember,

Or that i'm still right here?

Why?

Why can't you see, me?

I can see you.

Daichi Nomura

You

nothing makes sense anymore
it never did
i wish i could go back to what i was before
before i met you
but that would mean, giving up my hopes
my dreams,
my entire life
because that's what you are
you don't know what you mean to me
and I'd give up everything, so you could be happy
even if i give up you

Daichi Nomura

Your Eyes

I had seen hope in your eyes,
hope and love.

But now I know,
your only like that so that we will not attend to you.
If I regard in your eyes now,
I see incorrect hope,
know I'm within your injuring.
