i'm close to alot of people i lost one of them my sophomere year

# Color Red

The color red stands for blood  
My heart bleeds and bleeds  
Till nothing can be bled  
I bleed nothing but pain  
Even when walking in rain  
You can see how much i hurt  
The color red stands for pain  
My heart bleeds and bleeds  
Till nothing can be bled  
I feel nothing but pain  
I can feel heartbreaks  
Coming and coming till my heart  
Shatters till it cant be shattered anymore  
The color red stands for blood  
My heart bleeds and bleeds  
Till nothing can be bled  
if you cut me open you  
Will see i bleed only pain

# Death Means Love Means

Death means freedom

Love means pain

Which would you choose?

Death means rest peacefully

Love means restless motion

Which would be comfortable?

Death means life

love means death to the heart

Which one would you want?

Death means everlasting happiness

Love means confusion

Which would be more rich?

Death means rejoice with loved ones

Love means losing someone

Which would be better?

Death means peaceful dreams for forever

Love means fear of nightmares

Which would you prefer?

# Endless

Every where i go  
All i see is pain  
Every day i wake up  
All i see is how lost i am  
If you cut me open  
You wont see blood  
You will see the pain and tears  
That i hide deep down  
Where no one can see  
Every one i meet  
I'll just hurt in the end  
Endless sorrow  
Endless falling tears  
I wish it would stop  
So i could be the old me  
I look in the mirror  
All i see is someone  
Thats opposite of who i was  
It hurts to know  
How much pain ive caused  
It hurts to know  
The tears ive shed  
I cant keep them tamed  
Lost all strength to fight

# I Bleed And Bleed

Cant u c the pain  
In my heart  
All i wanna do is cry  
Because of how much it hurts  
I bleed and bleed  
I see myself fadin away  
I look in the mirror  
I see someone that i never knew  
She wants to take my body and mind over til i break down in tears  
Im losing myself and its killin me deep down knowin how much i care  
And how much ive changed  
I wanna die at least ill be free of pain  
And depression all i feel is pain and sadness  
It refuses to leave me  
I bleed and bleed til im completly gone  
I love it cuz i know that ill never be  
Happy so i rather hurt then feel nothin  
U look in my eyes all u can see  
Is how badly i want to let the tears fall to my cheeks  
U can see how much i have bled and it continues and my heart is shattered to  
pieces!

# Love And Peace

Love and peace is all i wish  
Love and heart is all i have  
Heartbreaks is all i know  
Love and peace is what i wish  
My future will be bright  
As long as i believe in  
Love and peace  
My brokenheart has yet to heal  
But i believe that all is well  
Love and peace is all i wish  
I believe in hope  
I believe my future is bright  
Because i believe in love and peace

# Love Death Intertwined

love causes death  
death causes love  
they are intertwined  
they are one  
in every way  
i wanna cry  
each and every day  
I see u and i dont hurt  
that much inside  
but i always find the downside  
to everything  
i feel im pushin the people  
that i care bout most away from me  
it kills me to say goodbye  
but what else can i do  
if i ask u to stay  
ill just hurt u in the end  
so i must say goodbye and hurt  
because causin u pain hurts me more  
Im already dead on the inside  
theres nothing left  
when i c u smilin i think bout all the pain i have caused  
so therefore  
love causes death  
death causes love  
they are intertwined  
they are one  
in every way!

# Love Is Eternal

Love is eternal  
As long as its true  
Love is true  
As long as its longing  
Love frees the soul  
But love can also trap  
As long as you believe  
Love is eternal  
It will never end  
Or trap you inside  
As long as its true  
Love will never give up  
As long as you live  
Love is eternal  
No one can take it away  
Stay true and loving  
Then and only then  
Love is longing and eternal!

# Moment

Let him wish his life  
For the sorrows of a stone  
Never knowing the first thread  
    Of these  
Never knowing the pain of ice  
As its crystals slowly grow  
Needless pressing in on the heart

To live forever  
And never feel a thing  
To wait a million lifetimes  
Only to erode and become sand  
    Wish not for the stone  
But for the fire  
Last only moments  
But change everything

Oh to be lightning  
To exist for less than a moment  
Yet in that moment  
To expose the world to every open eye  
Oh to be thunder  
To clap and ring  
To rumble into memories  
Minds and spines

To chill the soul and shake the very ground  
Pounding even the sand  
Into smaller pieces  
Or the mountain  
Brooding, extinct  
Yet gathering for one fatal moment  
The power to blow the top clean off the world  
Oh to last the blink of an eye and leave nothing  
But nothing unmoved behind you

# Oath To Family

Family is the people who  
Talks us through everything  
Family are the ones who  
Listens to what you have to say  
Family protects you when  
Others try to harm you  
Family are the ones to get you through  
Better or worse and ask for nothing  
Some take what they have  
For granted and when it disappears  
They wish they hadnt  
I thank god everyday  
For my family  
Family is precious and  
Something no one should take  
For granted or advantage of  
Thank you father for I  
Would be nothing without  
My family!

# Oh Why

why do i have to feel like this  
Just to keep a smile?  
Why do i have to cry dry tears  
Before I get to heal?  
Why must i hurt  
Each and every day  
Just to wake up to a different me?  
Ive lost all hope and strength  
If i keep hoping and fighting  
Ill just fall down again and cry those  
Same tears when all i wanna do  
Is believe that i will be happy again  
Why do I have to wake up in pain and  
A shattered heart before waking up happy?  
But in the end i guess feeling pain is better than feeling nothing at all  
Just wish i could be the old me again!

# Pain Is

Pain is emotional  
Pain is physical  
But pain is not overpowering  
We choose to hurt  
We choose not to hurt  
Pain is visible  
Pain is invisible  
But pain is not forever  
We choose to get up when we're down  
We choose to get help  
Pain may be there  
But pain does not make us who we are  
Pain goes away  
Pain comes if we let it  
I may feel pain here and there  
But pain does not determine my future  
It does not define me or who i am  
Pain is not me  
Pain may come and go  
But i choose when to get up

# Please I Beg You

Please give me strength  
I dont wanna feel like this  
Please give me hope  
I dont wanna hurt anymore  
Please give me the power  
To heal my broken heart  
Please stop this endless flow  
Of blood tears and pain  
Let me cry in the rain  
With no one to see  
How much i have left  
To shed and set free  
Please help these tears fall  
So they can leave me  
Please seal my heart  
So i cant get hurt  
Please stop this endless flow  
Of blood tears and pain  
Let me cry in the rain  
With no one to see

# Slowly Dying

Im slowly dyin on the inside  
I feel no happiness left  
If you look in my eyes  
You will think im perfectly fine  
If you look at my smile  
You will think nothing is wrong  
If you look deep down inside  
You will see im slowly dying  
I hid the tears and pain  
But now theyre tryin to show  
I kept them tamed 4 so long  
Im goona let it show  
Im slowly dying  
Im gonna start crying  
Nothing left to keep me  
From falling apart  
Inside im dissingrating  
Cant you see by looking in my eyes  
That im slowly dying and crying?

# Too Much

Too much pain  
Too much sadness  
It hurts to breathe  
My heart is broken  
It can't be fixed  
So much disappointment  
So many lies  
Its hard to trust anyone  
Too many tears  
Theres no end  
So much darkness  
Can't find the light  
Look in the mirror  
See a stranger  
Someone i don't reconize  
Try to smile  
Try to be happy  
But too much pain  
Barley any words  
To describe  
How much i hurt

# Why

Why did u leave me all alone  
On this earth with no1 to tlk to  
Why did u leave me knowin tht i would need you  
Why do i have to be here without u  
Why be strong when i kno  
That all i wanna do is cry  
My heart is broken nd cannot be fixed  
why did u leave me when i need u the most  
I miss u with everything i have  
Every fiber of my being  
All i feel is pain and heartbreak  
I barely smile since u left me  
Why ust i suffer when all i wanna do is die  
Why must i be here without u  
I hide the tears and pain no matter what  
I try to stay strong even when i wanna cry  
but for what? just to get hurt till i finally break down and cry till my eyes go dry  
Why did u leave me b4 i got a chance to say goodbye?  
You were the only one who kept me sane  
Why did u hav to leave me?  
Now all i wanna do is cry my eyes and heart out  
U will always be with me!  
Ure the reason y im stayin strong!  
But why do i have to go through the pain and tears just to be happy without u?

# Why My Eyes R So Blue

Every day i wonder why my eyes r so blue  
Is it because of all the tears tht i hide deep inside?  
Is it because of how much i love the water?  
People say i have beautiful eyes  
But i think to myself why my eyes r so blue  
Is it because of the way i feel everday?  
The reason i put on a fake smile and laugh a fake laugh  
So no1 thinks theres somethin that i hide  
Deep down inside  
Why r my eyes so blue?  
I have so much pain that i hide deep down where no1 can c it  
Is that why my eyes r so blue?  
Because of the tears that i havent shed yet?  
These r rhe questions i ask in my mind everyday  
Everyday i c why my eyes r so blue!
