# I Had A Dream We Were Back Together Again

I had a dream we was back together again.  
As always in love like it was went we first begin.  
As we see each other it seemlike it was so long.  
And we never talk about who or what when wrong.  
So missing each other and making up for the time we lost.  
And showing each other the hurt for each other we cost.  
I had a dream we was back together again  
I never want this dream to end.  
And may we always be soul mates and the best of friends.  
And if I wake up and this isn't true.  
The most important thing is I miss you.  
Know matter how it may seem.  
I will hold tight to this dream.
