Gao Qi()

Farm House

I heard Sound of spinning wheel
Mingled with sound of flowing water
Sight of wooden bridge,
flowerless trees in hazy spring
Where from the aroma the breeze brought so close ?
Ah, next neighbor is baking afternoon tea !

Looking For Hermit Hu

Cross water again cross water

See flower again see flower

Spring wind river on go

Not aware arrive your home□

I pass over water, and pass over water again,

I look at the flowers, and look at the flowers again.

Travelling the river, there's a spring breeze,

Before I am aware, I reach your home.
