Hero(Its All In You)

There is a hero in everyone its left for you to search deep within you and when you find that hero in you, you need not to be afraid when you feel all hope is gone there is one more place you need to search and that deep within you and it will make you strong then you will finally see the truth that there has always a hero deep inside you waiting for you.

Love

Love this is a very strong word it can leave the toughest person smooth love does it really exist that a question that can only be answered by those who have come in contact with it love can make you crazy doing things you never knew you will ever do in life some say love is blind while others believe in love at first sight but i believe that love comes from the heart and can be develop by constant togetherness and love does not ask twice and when you find the right person you truly cherish hold tight to that person cause you never know what you got till its gone Do you believe in love?

Sacrifice

How be it that a man will lay down his life for his friend that the greatest sacrifice of all jesus christ sacrificed his life so that we might gain salvation what can you sacrifice for your fellow man so many people are selfish thinking of themselves oh flesh when will you learn the way of the spirit the wind blows but we can see it and feel but does not where it comes from or where it is going to learn to be your brother's keeper today.

Thriller

And i heard the door slam shut bang and a figure creeped out of the moonlight, terror sank deep into my bones creatures springing out screaming my name i tried to run but there was nowhere for me to run to i was trapped all around i could hear my heart beat And i said to my self so this is the end of my life journey one of the creature came close to me with blood all over its mouth i screamed and i had a hand from nowhere dragged me into the sunlight and i woke up and found out it was all a dream and i busted into laughter but for me to get up from my bed there was an inscription on my wall painted with fresh blood which reads this is just the beginning then i knew it was not a dream after all.
