Jade Baker(5.3.1985)

Real name: Donna Jarman

Addicted

I'm addicted to him,
Every time I look into his eyes,
Desire burns inside,
I know that I am falling,
And on my lips it's his name I'm calling,
I'm lost in a world of fantasy,
A world where there's only him and me,
There's no rules to bind us,
No words that judge us,
He's my second heartbeat,
He's the reason I breathe,
But there's a twist in this tale,
The reason this story turns stale,
He's not mine

Brown Eyed Boy

Brown eyed boy,
Sitting all alone,
Head hung low,
I wonder why,
This brown eyed boy cries

Brown eyed boy,
Just a face without a name,
Shoulders slumped,
He looks ashamed,
I wonder why,
This brown eyed boy cries

Brown eyed boy,
Looking into the crowd,
Silently screaming so loud,
I wonder why,
This brown eyed boy cries

This brown eyed boy,
I didn't see him today,
Somebody told me he's gone away,
Looking up at the sky,
I wish I'd found out why,
Why that brown eyed boy cried

Close Your Eyes

Close your eyes my child,
Tis time to sleep,
Rest my darling,
There's no need to weep,
I'll be right by your side,
It's time to spread your wings,
To become an angel,
Swift in flight,
So calm now my child,
Your pain will soon ease,
And forever you will rest in peace

Jade Baker

Dear Sister

I long for you to look up at me,
And become what I can only long to be,
I know that I'm not 'cool' or 'hip',
That I'm not who you want your friends to see you with,
But I'm still your big sister and I still care for you,
I still care about the things you do,
I know that I cant always give you the guidance that you need,
And I know that sometimes you hate me,
I'm not the sister you would've chosen,
And I know that you think I'm just a freak,
But sometimes I wish you could see,
That there's more than stupid words in me,
That despite the stupid things I say,
I'm always here,
Even when you wish I would just fade away

Jade Baker

Do You See

What do you see,
When you look at me,
Am I beautiful in your eyes,
When you look deep inside,
Do you see my soul,
Does my image make you tingle,
When you look at my face,
Can you see behind the disgrace,
Can you see,
The beauty that I long to be,
When you look at me,
Can you tell me what you see

Execute Me

Sitting here waiting for my hour to come,
I've never felt more alone,
There's so many things I want to say,
Yet I cannot speak,
I feel so weak,
There's nothing left to do,
I've got no choice but to see this through,
I'm being forced to give up my life,
For a crime I did not commit,
This isn't justice,
And I will not admit,
For I have done no wrong,
They're going to kill an innocent person,
I have denied it all along,
Yet they would not listen to my plea,
They still believe it was me,
As I sit in the death house and wait,
Condemned to this,
My unfortunate fate,
I am doomed tonight,
In the chair I will die,
They're going to electrocute me,
But I refuse to show any fear,
Even when the end is so near,
I won't let them see me cry,
Even though I'm shaking inside,
I'm going to face the executioner with bravery,
I won't be a hero, I'll just be me,
And as I face death,
Then maybe I can be free,
Free from my cell,
Free from this hell,
Free from their lies,
Free from all the pain inside,
And as I enter the chamber,
I'll look them in the eye,
Tell them I'm going somewhere way up high,
I'll sit in the chair,
I won't show them I'm scared,

So they can execute me,
But once I'm dead they'll see,
That I was innocent

Fool

I held the torch for you,
Carried you when you were weak,
Comforted you when you couldn't sleep,
You had all of me,
I would've laid my life down for you,
Because that's what lovers do,
I held your hand when things got tough,
I picked you up when you'd had enough,
But now that I need you,
Now that I'm the one who's weak,
You're not here for me,
I have no and to hold,
No arms to hold me tight,
No voice to soothe me at night,
You said you weren't strong enough,
To help me through,
Where are you now,
I was there for you,
Now I need you too

Jade Baker

Lonely

Sometimes I wish I wasn't me,
Every time I realize that my only friends,
Are my family,
Sometimes I can forget the loneliness,
I can replace the depression,
With forced happiness,
But in the back of my mind,
The truth lies,
And I can no longer pretend,
As I look around at the groups of friends,
Silently wishing,
Why cant that be me

Jade Baker

Lucy

She's so lost,
She needs guidance,
To get her through this ignorance,
There's nothing more i can do for her,
She's in too deep,
Forever asleep,
Check out her cuts,
How they bleed,
The demons they feed,
Destroying her mind,
Twisting her insides,
Will no one listen to her silent cries,
Tonight she dies

Jade Baker

Mama

Mama,
I'm sorry for all that I've done,
For all the pain I've cause you,
The tears that you've cried,
The horror inside,
If only I could take it all back,
And change all the past,
I'm sorry I couldn't be the perfect child,
I'm sorry that I couldn't show you my love,
I'm sorry I wasn't strong enough

Jade Baker

My Angel

Angelic eyes,
A birth of a miracle,
Perfection and beauty inside,
The warmth of her touch,
Heaven is not enough,
She'd shine the brightest,
Light up the cloudiest sky,
With just one smile,
I could walk for miles,
With her by my side,
She'd give me the strength I need,
With her love I can succeed

Through the years,
She's shared the laughter and the tears,
Held me when I could not be strong,
Taught me the right from the wrong,
Gave me all I've ever needed,
Showed me the meaning of love,
Told me I was good enough,
She always believed in me,
Always unconditionally

If I could write a thousand words,
They still could not compare,
For all the times she's been there,
Always on my side,
With loyalty in which I can always rely,
Kindness that only she can bring,
She's an angel without wings,
She kept me safe and warm,
Always bringing the sun through the storm

Her faith in life never ceases to amaze me,
How wonderful a person can be,
With the warmth of her heart,
She still touches me when we're apart,
Guiding me through the good and bad times,
Showing me the truth from the lies,

I swear that it's true,
That no matter what I do,
She's always there,
Showing me how much she cares

And when her time comes,
I know she'll never leave me alone,
She'll always live on,
For angels are never truly gone

My Picture

Today I painted a picture,
Blood red,
A lone figure,
Standing on the edge,
Crumbling rocks beneath her feet,
This crimson image,
Holds such resemblance of me,
As the brush strikes at the page,
Her lips are chapped with age,
Eyes of stone,
It's in this picture,
I belong

Jade Baker

No One

When I was alone,
Sitting in my darkened room,
With no one to comfort me,
Just the blade that I held to my skin,
Needing to release the pain within,
When I was broken and confused,
My ego beaten and abused,
My only saviour was the bottle,
Each sip numbing my eternal pain,
Erasing my misery,
There was no one to comfort me,
When I was reaching for the pills,
Shaking hands that started to bleed,
There was no one to steady me,
As I waited for it to end,
For the darkness to set in,
There was no one there for me,
As I listened to my racing heart beat,
And with broken glass on the floor,
I lay dying on the cold tiled floor,
There was no one to save me,
As I felt myself finally be free

Jade Baker

No Words

There's no need for words,
They only ruin the moment,
I can see in your eyes,
I know how you feel inside,
A silent understanding,
Between two lovers,
You don't have to tell me,
I already know,
Cause in your eyes,
I can see right down to your soul

Jade Baker

Selfish

Is it selfish to want to end this pain,
To never want to hurt again,
Is it selfish to want to be free,
From these demons that are killing me,
Is it selfish to want my wounds to heal,
To take away this ache that I must feel,
Is selfish to feel weak,
To write down these words I can never speak,
Is it selfish to leave this world behind,
To start a new, watching over you,
If all this is selfish,
Then I'm sorry,
But I cant go on being me

Jade Baker

Shadow Of Her Ghost

She walks with such grace,
Her wedding dress sweeping along the floor,
As her long black hair curls round her face,
She begins a new life,
Joined in holy matrimony,
With her soul mate, her lover by her side,
This is the happiest day of her life,
But there are secrets so dark,
That she's been forced to hide,
She too ashamed to tell,
As she vows till death do they part,
If only he knew,
The torment locked inside her broken heart,
Then maybe their marriage would have lasted longer,
Together they could have been stronger,
But her demons she couldn't destroy,
As she swallowed the lethal dose,
Now all he has left,
Is the shadow of her ghost

Jade Baker

Sleep

There's no point denying,
Tonight I'm dying,
For my sins I will suffer,
My soul I will uncover,
Condemned to my fate,
I beg you not to pray,
For I don't deserve to live,
Too many people i have hurt,
And my life is all I've got left to give,
So as I close my eyes,
And release this monster that is inside,
Don't cry another tear,
For justice is finally here

Jade Baker

Sober

It was a lifestyle,
I became used to,
It was a downward spiral,
And I was out of control,
I thought that it would numb the pain,
But when I was sober,
It was back again

It started out so innocent,
But the further it went on,
Reality was gone,
With blurred days and wasted nights,
Still the emptiness remained inside

I wanted to change,
But I still couldn't't erase the pain,
Sober I was a mess,
Demons in my head,
I wanted to be normal,
I wanted to see the world beautiful,
But I couldn't't stay sober long enough,
I was so out of touch

Staring down the end of another empty bottle,
Everything was so unclear,
As I watched the ones I loved disappear,
Another night spent in a bathroom stall,
With my back against the wall,
Still I couldn't't see,
How much it was destroying me,
I was on a one way road of destruction,
There was no shame,
Cause there was always someone else to blame

Jade Baker

Soul Mate

I fell in love with your eyes,
From the moment I saw them sparkle,
In the dim light,
You brighten up the room,
With just one smile,
You had all eyes on you,
As you told one of your funny stories,
And as you glanced up at me,
I felt my heart skip a beat,
And suddenly,
There was no one there,
Except you and me,
As you led me outside,
Under the moonlight,
That's when I realised,
I had found my soul mate,
And from that moment I just knew,
That forever I would be with you

Jade Baker

Sunsets With You

Watching as the sun sets,
I know that somehow you are with me,
Even though you're not here to see,
Your presence is all around,
Like the wind I can feel your breath on my face,
Even though you're in a more heavenly place,
I know that somehow some way,
A part of you will always stay

Jade Baker

The Beast In You

Trapped beneath your arms,
Cant you see the terror in my eyes,
You're hurting me,
But you're clever,
Making bruises that you cant see,
You take and you take,
Pushing me till I break,
How can you call this love,
When I'm screaming,
Please, I've had enough,
How can no one hear me,
When you're biting so hard,
You make my skin bleed,
I'm too weak,
Always afraid to speak,
How can you do this to me,
Why do I let you keep doing this to me

Jade Baker

The Day We Died

I try and open my eyes,
But I cant see past the bright lights,
As the smell of burning fills the air,
I want to scream,
Is anyone out there?
I don't know where I am,
But I know you're next to me,
I cant tell if I'm alive or dead,
But I cant here you breathe,
I'm trying to focus on you,
But I'm bleeding too,
How did it come to this,
How did it get so far,
I can hear their voices,
Talking to me,
I know that I'm going to survive,
And I know I should feel lucky,
But you're barely alive,
I want to reach out to you,
Tell you that we'll see this through,
But words fail me,
And I know I have to leave,
You're still trapped inside,
As they tell me you're losing your life,
The day we both died

Jade Baker

These Famous Last Words

All my life I've been weak,
So when death comes,
I won't turn the other cheek,
I'll stand strong and face its wrath,
And take each breath as my last,
I won't run in fear,
When the end is near,
I'll say my goodbyes,
And let my spirit rise,
I won't wallow in self pity,
Or think of the things I didn't get to see,
I'll take the last train,
And think of the day we'll meet again

Jade Baker

They

They say that It's just a phase,
That these feelings will fade,
They don't understand the pain,
The unforgettable shame,
They don't see,
That these demons are real,
They think these wounds will heal,
They don't realise,
That these scars are buried deep inside,
They just live their perfect lives,
They don't feel the loneliness,
The never ending emptiness,
They'll never know how it feels,
They'll never know

Jade Baker

They'Re All Just As Guilty As Me

Please don't believe,
In all that they say,
Remember they're all just as guilty as me,
I know that it's hard,
But I never wanted it to be this way,
Sometimes we're forced to do something,
That sacrifices what we stand for,
I've seen it a hundred times before,
But I never thought I'd be the one,
To cause so much pain,
To be the one held to blame,
I never thought it would have to be like this,
I always believed that the truth would set you free,
But now I see,
That it was never going to be,
They're all just as guilty as me,
So when they say that I was the one,
Just remember I was once loved,
I was once loved by you,
And if you could find it in your heart,
To tear the lies apart,
To forgive what I've become,
It's not what I've done,
And one day they will see,
That I sacrificed it all for nothing,
They're all just as guilty as me

Jade Baker

Three Little Words

Three little words,
That's all they are,
Still I cant find it in my heart,
To speak those words,
I know you long to hear,
Every time I try,
Something happens inside,
And all I can do,
Is smile sadly at you,
As I watch your heart break again,
Those three little words,
Causing so much pain

Jade Baker

To Sin Is To Love

They say that love is beautiful,
That there's nothing that can compare,
So why do they cast us,
With their icy cold glare,
If love is supposed to be so natural,
Then why are we being punished,
Don't they understand,
That this is love,
When I hold your hand,
Cant they see,
That our love comes naturally,
How can they say that it's so wrong,
To love, to adore, to be with someone,
Sometimes I want to run away,
So I don't have to face another day,
Where they will look down on us,
Disgust written on their faces,
But then I realize,
That it's their problem not mine,
So let them cast us aside,
Let them live with their hatred inside,
Cause I don't care anymore,
If our love is a sin,
Then I'll quite happily be buried within

Jade Baker

Turn Away

Turn away,
I cant bare for you to see me this way,
I've tried so hard to be strong,
I've been holding on,
But the pain is getting too much to bare,
I'm getting weaker,
It's easy to see,
There's no much left of me,
So turn away,
I cant bare to say goodbye,
To see the tears you've tried to hide,
So let me slip away,
And I promise I'll be with you every day,
Inside your heart,
We'll never be far apart,
So please turn away,
Cause I don't you to see me die,
I want your memories of you and I,
To be ones full of happy days,
So darling please,
Turn away

Jade Baker

Untitled

Will you remember me,
What will my legacy be,
When I am gone,
Will you think of me,
Will you cherish every memory,
If I died today,
What will my tribute say

How can you wait to die,
Knowing how close the end lies,
How can you not be afraid,
As the world starts to fade,
How can you say goodbye,
Seeing the ones you love cry,
How can you give in to the darkness,
That is pulling at you,
When all you want to do is live,
How can you turn away from the bright light,
As you see your life pass before your eyes,

I see the look in their eyes,
Defeated yet terrified,
All here for different reasons,
Yet all have one thing in common,
Their days on earth are numbered,
As they wait for their sentences to be carried out,
Waiting for the grim reaper to do his rounds,
Each will have to pay the ultimate penalty,
Even as they protest that they're not guilty,
They all know that their time is running out,
Their fate is clear,
As the fateful date nears,
There's only one way out of here,
They all know where the next stop will be,

And only then will they be free
