well...i...uhh...wait...what did you ask? XD

## 8: 54pm

8: 54pm,  
I'm sitting here,  
Writing to my lover,  
Asking,  
Why haven't you contacted me yet.

8: 55pm,  
I'm standing here,  
Calling my lover,  
Leaving a sad message.

8: 56pm,  
I'm lying in bed,  
Crying,  
Asking God where you are.

# A Letter To A Man

Like a rose wilting and dying,  
So feels my heart.  
You trampled the most fragile thing in my body,  
And you didn't even know it.  
I thought you felt the same as me,  
You smiled, touched my arm, stood up for me.  
My spirits were lifted.  
This was the first time anyone did this.  
For a time, I felt beautiful,  
Because you made me.  
I never wanted to leave your side,  
Afraid I would lose you.  
But then the reality hit:  
You never felt the same.  
I had been floating on a fake cloud.  
You trampled the most fragile thing in my body,  
And you didn't even know it.

# A Love

A love so great,  
Is what i'm looking for.  
A love so great,  
Is what i wish for.  
A love so great,  
Is what i'm hoping for,  
A love so great,  
Would let me cry.  
A love so great,  
Would let me be mad.  
A love so great,  
Will love me till the very end.

# Broke

You broke my heart into pieces,  
But you don't care.  
You've moved on,  
Forgot about me.  
I thought you loved me,  
You held me,  
Loved me,  
Cared about me.  
When I looked into your eyes,  
You gave me a look,  
A look I can and will never forget.  
How could I be so blind?  
You broke my heart into pieces,  
But you don't care.

# Changed

I was small and helpless.  
I remember being picked on and abused.  
I heard the sounds of little kids in the background.  
I saw mommy and daddy fighting.  
I worried that they would turn on me.  
I thought I was going to die.  
But, I want to change.

I am a strong and smart person.  
I think that I can go far in life if I try.  
I need to forgive and forget what has happened to me.  
I try to think better about myself and others.  
I feel happy.  
I forgive the people that have hurt me.  
Now I can change.

I will become a leader.  
I choose to become a better person.  
I dream of helping people with their past.  
I hope I can live a long and happy life.  
I predict that the world has something big for me.  
I know that I can fill full my dreams if I try hard enough.  
I will change.

# Cross My Fingers

Cross my fingers and hope to die. All my life has been a lie. As all the faith slips through my fingers. The pain of us still lingers. At night I lay awake. Dreaming of drowning in a lake. In the morning. I wake with sounds of mourning. My life has been filled with pain. Even though it's all I seem to gain.

# Dear Loved One

Dear Loved One,

You will always be in my mind,  
Day and night.  
I will cherish the happy moments,  
And even that bad ones.  
You'r face will burn in my mind,  
As well as your wonderful smile.  
I will always love you,  
Even when I see you in heaven.  
I will never forget you.

Love alway,

Jameaka

# Dozen Roses

A dozen roses,  
I give to you my friend.  
A red rose for the friendship we share,  
A purple rose for the touch,  
A claret rose for the trust we share,  
A pink rose for the kindness,  
An orange rose for the comfort given,  
A blue rose for the laughter,  
A white rose for the compassion,  
A violet rose for the dreams we share,  
A magenta rose for the deep respect,  
A coral rose for the love we feel,  
A yellow rose for bringing me sunshine.  
And the last rose,  
For it stands so tall and proud,  
A rainbow rose that represents you,  
My best friend of all.

# Drums

Across the great plains,  
The beats of drums are loud.  
As the drums beat fast and loud,  
I start to run.  
The beats are so loud and fast,  
I can feel the beats of the drums on my face.  
The faster the drums beat,  
The faster I run.  
As the beats slow down,  
So do I.  
As the drums start to stop,  
I slow down into a walk.  
Finally, the beats have stopped,  
And so have I.

# Everyday

Everyday was dark and gloomy,  
Nothing made my life worth living.  
But that all changed when you showed up.  
You made my life sunny and shiny,  
You made me think twice before I did anything stupid.  
You know everything about me,  
From my first breath in life,  
To the scars on my wrist.  
I know you will always keep me safe.  
I know you will never let me fade.  
I show you the best of me everyday.  
And you don't judge me.  
You understand me,  
And that's why I love you.

# Field

Harvest moon  
Above  
The dead boy on the field  
Trying to show us  
What it means  
To be  
Alive

Jameaka Shibles

# Fool

I was a fool,  
To believe that you loved me.  
I was a fool,  
To ever think you were the one.  
I was a fool,  
To think that you would never lie to me.  
I was a fool,  
To ever love you.

Jameaka Shibles

# Friends

Friends come,  
And they go.  
Some stay by your side,  
Others stab you back.  
Friends love you,  
Others don't.  
Friends look up to you,  
But most just envy you.

# God

God,  
Creator of Earth,  
Father to all.  
My savor,  
My father,  
My hero,  
My redeemer.  
When I'm down,  
He's always around.  
He helps me stand when I can't.  
Having him for my creator,  
Is greater than anything in the world.  
He's teaches me new things everyday,  
And for that,  
I am great full.  
Some people are debaters,  
Of the greater God,  
But they don't see what he does for us.

# Goodbye

Goodbye my love,  
I can't hide,  
Can't hide what has come.  
I have to go,  
And leave you alone.  
But always know,  
Always know that I love you so.  
Goodbye brown eyes,  
Goodbye for now.  
Goodbye sunshine,  
Take care of yourself.  
I have to go,  
And leave you alone.  
But always know,  
Always know that I love you so.

# Hated

Hated at home,  
Hated at school,  
Hated everywhere I go.  
They say I can't do anything right.  
They say no one like me,  
They won't help me,  
Even when I'm down.  
They don't act like a clowns.  
They don't care.

# Her Last Breath

As she takes her last breath of life,  
The angels reach for her,  
An angel on each side.  
She refuses to go,  
She doesn't want to say goodbye.  
The angels start to move,  
Her heart is breaking.  
The angels smile,  
Telling her it's not going to hurt,  
She won't be in anymore pain.  
She refuses to go.  
As she takes her last breath of life,  
The angels take her home.

# Hero

Everyone says that they have a hero.  
Some say that a fireman is their hero,  
Others say a policeman.  
Most their mom and/or dad.  
But I say myself.  
Only I can save myself.  
A fireman,  
Policeman,  
Mom,  
And/or dad can show me the way,  
But I have to make it the rest of the way.  
A fireman can't make me start a fire,  
I can.  
A policeman can't make me steal,  
I can.  
Mom and/or dad can't make me have good grades,  
I can.  
I choose my life.  
I choose the path the I follow.

# I

I give you a tear,  
A tear I give you.  
I give you my heart,  
My heart I give to you.  
I give you my love,  
My love I give to you.  
You made me shed a tear,  
A tear you made me shed.  
You took my heart,  
My heart you took.  
You took my love,  
My love you took.  
You took everything I had,  
Everything I had you took.

# I Don'T Know

I don't know...  
What to do.  
I don't know,  
How to deal with him.  
I love him...  
Way to much...  
To let go of him.  
I thought...  
He was mine.  
I thought...  
It would last forever.  
I guess...  
I was wrong.  
I guess...  
I'm not worthy.  
I guess...  
I'm not yours.  
I guess...  
You don't care...  
Enough...  
To care...  
About my feelings.

# If

If I was scared,  
Would you comfort me?  
If I was sad,  
Would you make me happy?  
If I was lost,  
Would you find me?  
If I said, ' I love you.',  
Would you say it back?  
If my world fell apart,  
Would you put it back together?  
If I died,  
Would you cry for me?

Jameaka Shibles

# I'M

I'm standing here,  
Wondering if your thinking about me.  
I'm sitting here,  
Wondering what did i do to make you leave.  
I'm laying here,  
Wondering if you ever did love me.  
I'm crying here,  
Begging you to come back to me.

Jameaka Shibles

# Inside

Inside me is dead.  
Inside me is broken.  
Inside me is crying for help.  
Inside me is a broken heart.  
Inside me is wanting to be loved.  
Inside me is scared.  
Inside me can never forget what you have done to me.  
Inside me is lost.  
Inside me is torn.

Jameaka Shibles

# It

It was funny to think,  
That you loved me.  
It was funny to hope,  
That we would last forever.  
It was funny to believe,  
That you ever loved me.  
It is funny to me,  
That I would love someone,  
Like you.

# Just Because

Just because I'm not like you,  
Doesn't mean you need to put me down.  
Just because I don't do things your way,  
Doesn't mean you need to boss me around.  
Just because I'm different,  
Doesn't mean you need to judge me.

# Little Blue Butterfly

Little blue butterfly,  
Sitting on my finger,  
Silently flapping your wings.  
Then moving swiftly to my nose,  
Kissing it gently.  
As I reach for you,  
You seem to disappear,  
Into a little gust of blue wind.  
Little blue butterfly,  
A little sigh of love,  
Peace,  
Happiness,  
And mystery.

# Little Raven

Little raven,  
Where did you come from?  
Little raven,  
With your little black body.  
Little raven,  
With your long, shinny wings.  
Little raven,  
In mid flight.  
Little raven,  
With your frightening caw.  
Little raven,  
Why are you a sigh of death?

Jameaka Shibles

# Little Rose

Little rose,  
What did you come from?  
Little rose,  
Look how beautiful you are.  
Little rose,  
With your soft peddles.  
Little rose,  
With your sharp thorns.  
Little rose,  
Why can't I pick you?

# Lost

I'm lost,  
Where is the moon?  
Where are the stars?  
Where is the way out?

Lost in a glass maze.  
I don't know where I am.  
Why can't I get any help?  
How did I end up here?  
Where am I?  
I have been lost in her for hours.  
I need to find the way out.  
Can anyone help me?

# Love

A love so great,  
Is what I'm looking for.  
A love so great,  
Is what I wish for.  
A love so great  
Is what I'm hoping for.  
A love so great,  
Would let me cry.  
A love so great,  
Would let me be mad.  
A love so great,  
Will love me till the very end.

# No More

No more,  
Will I do it.  
I will never be hurt again,  
I will never love a liar,  
I will not go through the pain you think I need,  
I will never again live in fear of dying,  
I will never shed a tear for you,  
No more,  
Will I write a poem about you.

# People Like You

People like you,  
Keep a wall around my heart.  
People like you,  
Give me a hard time to trust.  
People like you,  
Give me a hard time to love,  
People like you,  
Hurt me day and night.  
People like you,  
Keep me lost,  
People like you,  
Make me dead inside.  
People like you,  
Make my world cold.

Jameaka Shibles

# Please

Bury me deep inside your heart,  
And hide me in the dark,  
Don't let in the light.  
Hold me tight,  
Don't ever let me go away,  
Please be with me and stay,  
I want to be buried in your heart,  
Yet it's so dark.  
Even though you love to hate,  
I feel as this was fate.  
Please love me as I do you.  
Please make my only dream come true.  
I sleep in silence,  
I dream in darkness.  
Just hold me tight,  
Keep me away from the light.  
Bury me in the dark,  
Inside your heart...

# Tear Drop

The tear dropp flame streams down her face,  
Is she crying?  
I cannot tell.  
The water is shiny,  
When it moves down her face.  
It hits the floor,  
And makes a splash.

# The Whisper In The Wind

Walking in the woods,  
On quiet and cold night.  
Engulfed in darkness,  
Don't know where I'm going,  
Or how I came here.  
The wind whispers through the trees,  
Sounding like a ghost.  
I shiver in the wind,  
Looking around to find the whisper.  
I feel a tap on my shoulder,  
Scared,  
I run down the trail.  
I stop,  
Short of breath.  
Then I turn around,  
To see a strange figure,  
Standing in front of me.  
I see that it's not human.  
Unaware of what I'm doing,  
I move closer.  
I get so close,  
That I can hear it whisper.  
What are you saying I ask,  
It just keeps a low voice.  
I get even closer,  
Its saying help.  
I say,  
But I can't help you.  
It reaches out for me,  
I back up,  
Tripping over some loose roots.  
It disappears,  
And that's how,  
I met the whisper in the wind.

# Valentine's Day

Valentines Day is full of love.  
Couples kissing and holding hands.  
It's full of hearts and candy too!  
It's a very special day for some people.  
Reds, and pinks, and whites too.  
Hearts, and doves, and kisses, even hugs too!  
Valentine's Day is full of love.

# Who Cares

Who cares,  
About the emo girl?  
Who cares,  
About the lonley girl?  
Who cares about the broken girl?  
Who cares,  
About me?

Jameaka Shibles

# Why

Why did I think,  
That you were the one?  
Why did I believe,  
That you truly loved me?  
Why did I wish,  
That we would last forever?  
Why did I hope,  
That you would never lie to me?  
Why did I,  
Ever love you?

Jameaka Shibles

# You

You can love someone forever but,  
They might not love you back.  
You can follow someone forever but,  
They might call the cops.  
You can fall for someone but,  
They might not chatch you.  
You can think about someone forever but,  
They might not be thinking about you.  
You can call someone forever but,  
They might delet the messages.  
You can have faith in someone but,  
They might not have faith in you.
