A Rose

A Rose
Is filled with colors.

A Rose
Is part of Love

A Rose
Grows in the spring time

A Rose
Will never die if you grow it
In your house

A Rose
Could fill your
Heart up with joy

A Rose
Is a Rose and nothing
can make that change.

First Kiss

The one kiss that I'm going to miss
the one I will never forget

were it should be at the right place and the right time
I know that your all mine

you sure look fine
don't worry time is going to fly

it's going to be past nine
honesty and trust is the right words for us

I've been waiting for that right moment
my lips should be touching yours and you know it

Tonight is the night we are not going to fight
everything is just going to go all right

we eat and talk and
kiss and walk

after the night is over
I'll take you home and be missing you more.

I Am Alone

Sitting here all alone nothing around me
Only the deep quiet ocean
I hear a voice.
I look around but no one is around me i ask myself
Is it the voice of the waves or is it the voice of my imagination?
No, it's whispering more and more into my ears i can't understand only the last
three words.
Suddenly i am not alone,
I can feel you next to me,
I try to touch you,
You are not here
But the voice is still whispering and
I can feel you
But not with your body
But with your spirit
Which is surrounding me
From all around and
Not letting me feel alone by whispering the words:
I love you!

James Wilhoite

I Am Thinking

I am thinking of
you and only you

I am thinking
about you in school

I am thinking
about how we will be
in each other arms soon

I am thinking of
how we been loving
each other

I am thinking
how you and me will
buy each other rings soon

I am thinking
how we are going to be
paying our bills soon

I am thinking of
how we want each
other very badly

I am thinking of
how it feels when our
lips 1st touch each other.

I am thinking
our love will go
forever and never let go.

I Miss You Deeply: (

I am sitting here
Waiting for you to come

I am alone on a
cold lonely night

I am waiting for your warmth
to rescue me

I cry every night
because your not here

I sometimes felt left out
in this world

This world is a
small world

There is no one like you
and I miss you deeply

I am alone here at
the beach

Just trying to forget you
but its so hard to

I am deeply depressed
and missing your warmth

I miss your voice
but its so hard to
forget you

I do not know where
you at

So as you laying
in your grave

I am here so heart breaking
and I miss you deeply

I am trying my best to move
on and forget you

But it is so hard to move on

I miss you deeply
but I will always have a part
of you in me

I love you always! ! !

Me And You

Me and You
Have been together
And had fun

Me and You
Have gone to partys
and gone wild

Me and You
Have a picnic here and there
Under the beautiful sky

Me and You
Have travel alot
across this country

Me and You
Have kiss
and got serious

Me and You
Listen to music
that we both like

Me and You
Have sleep together
after drinking beer

Me and You
Have talk alot
On the phone and face to face

Me and You
Fell in love
and gone out

All I want to say to you is
' I LOVE YOU! '

Missing My True Love

I Wonder if you ever
think of me

While your dead in heaven
and do you still love me

I wonder why you
had to go away

I miss how
you touch me

I miss how
we kiss

I miss you
loving me

But
why did you go

I wish you
were here with me

I love you
too much

Please promise
me you wait for me

I will love you always! ! !

James Wilhoite

My Love

My Love
Is the one that will
always love me

My Love
Always and for
ever protect me from harm

My Love
Will always and for ever stand
by me and never leave me

My Love
Kiss me good night and
sleep in bed with me for ever.

My Love
Is always my love and never
leave me for some one else.

James Wilhoite

My Pain

My pain
Hurts me badly

My pain
Comes from
yelling at family

My pain
Will never go away

My pain
Hurts 24/7 and
never gives me a break

My Pain
Will go away
if some one cares about it

My Pain
Is a pain that stays
Inside of me

James Wilhoite

Please Don'T Go

I have love you
too much

I guess when we
love each other

We sometimes argue
and fight

I love you to deeply

So please don't
argue or fight

Don't let things
get in our way

Don't walk away
from our love

Give me a chance
to love you

Give me that chance
to say I am sorry

Don't just walk away
from me

Don't fight and argue
with me.

I Love you deeply
and plaese don't go

Don't argue with me
or fight with me

You are the only

one I have

And the only
thing to love

So Please stay with me
Don't just walk away

Give me that
chance to love you

Give me that chance
to say that I am sorry.

Please say that you
love me to.

Please love me forever
and don't walk away.

I will always love
you no matter what.

I LOVE YOU! !

James Wilhoite

Promise Me

Could you make this pain go away?
Could you fill my empty heart?
Could you heal my broken soul
and promise we will never be apart?
Promise me you'll never leave,
and make everything all right.

Promise me your love for ever.
Promise me you'll love me no matter what I do,
and I will promise to only love you

Thanksgiving

Thanksgiving
Is happy
And Joyful

Thanksgiving
Is about family
And friends

Thanksgiving
Is a time to
Give thanks

Thanksgiving
Is to pray
For every meal

Thanksgiving
Is to care for
Each other

Thanksgiving
Is pose to
Be peaceful

Thanksgiving
Should not
Be hateful

Thanksgiving
Is a time to
Think about god

Thanksgiving
Is pose to have a happy
Meal with everyone

To Every Guy

To every guy that's said, 'Sex CAN wait'

To every guy that's said, 'You're beautiful.'

To every guy that was never too busy to drive across town to see her.

To every guy that gives her flowers and a card when she is sick or down.

To every guy who has given her flowers just because thats how he rolls.

To every guy that said he would die for her.

To every guy that really would.

To every guy that did what she wanted to do.

To every guy that cried in front of her.....

To every guy that she cried in front of...

To every guy that holds hands with her.

To every guy that kisses her with meaning.

To every guy that hugs her when she's sad.

To every guy that hugs her for no reason at all.

To every guy who would give their jacket up for her.

To every guy that calls to make sure she got home safe.

To every guy that would sit and wait for her for hours just to see her for ten minutes.....

To every guy that would give his seat up...

To every guy that just wants to cuddle.

To every guy that reassured her that she was beautiful no matter what.

To every guy who told his secrets to her.

To every guy that tried to show how much he cared through every word and every breath.

To every guy that thought maybe this could be the one.

To every guy that believed in her dreams.

To every guy that would have done anything so she could achieve them.

To every guy that never laughed at her when she told him her dreams.

To every guy that walked her to her car and opened the door.

To every guy that gave his heart.

To every guy who prays that she is happy even if you are not with her.

Wating On You!

I've Known you for years
and years on in.
Within these years I have felt
feelings that make my heart melt.

It is different than anything I have known.
I think this feeling is true love,
the kind of love that comes within two bodies,
and explodes into one soul.

I once came close to telling you how I felt,
but then I got scared because the cards weren't correctly dealt.
You told me you sort of liked another,
so I kept my mouth shut as would any other.

Now things are different,
and we both have grown.
18 you will be next soon.
Hopefully you will soon let your feelings show.

I know I am not on the right track,
and that is fine.
God is in control,
and little by little putting me in line.

For now i will keep on living
being the best to complete this role.
Deep down I am vowing myself to wait
to share a life with the one that's deep within my soul.

James Wilhoite

When I Am Sad

When I am Sad
I think of you

When I cry you always
try to cheer me up

When I Am depressed
I try to fine you

When I cry you
come to the rescue

When your gone
I try to stay happy

When I am in your
arms I felt love

When you take me out
I try to stay close to you

When I am alone
I try to call your name

When I felt heartless
I look at your pictures

When I look at your
picture I felt joy

When you kiss me
I felt your heart beat

When I am in your arms
I never let go of you

There is no way that
I am letting go of you

I will love you always and forever <3

James Wilhoite

When You Kiss Me

When we kiss me
I know you miss me

When you kiss me
You know you want to be with me

When you kiss me
you take the world off my shoulders

When you kiss me
you want me in your arms tonight

When you kiss me
I always think of you

When you kiss me
I miss your soft lips

When we go out to the movies
We always kiss in the movie

When you kiss me
you take away my breathe

When you kiss me
you take my soul away

When you kiss me
I know you miss me

When you kiss me
You take away my pains

When you kiss me
I felt like walking on clouds

When you kiss me
You make the world go away

When you kiss me
I will love you more.

You And I

You and I
Are sometimes sad

You and I
Are sometimes happy.

You and I
Still have a love connection
between us.

You and I
will get together soon.

You and I
Will be kissing soon.

You and I
Will be holding each
other in our arms.

You and I
Could be having fun
right now together.

You and I
Know that our parents will not
let us go until the age of 18.

You and I
Know that we will
never let each other go.

You and I
Will live happily
in love for ever.

James Wilhoite

You Are

You are
The one I love.

You are
The person I think
about 24/7.

You are
The person in
my dreams.

You are
always in my heart.

You are
Always mine where
ever we go.

James Wilhoite

Your Still The One I Love

you are my love
my love forever

No matter what happens
Your still the one I Love

I can't leave you
because i love you too much

Its hard for me
to not love you

But I enjoy your love
And still the one I Love

So please tell me
your never going to leave me

Please tell me you
stay and love me

Your the one why
I keep living my life

And the reason that
my love never fade away

I wish you and me
can live together

And Live together
and forever

Your the one
that rules my world

Your in control
of my love

And as long as
I live I will love you

Your the One I love
and will continue
to make my love on you

I will always and forever love
you as long as I Live
