A Diary About You And Me

A diary to keep all of my little secrets about you,
A way to relieve my pain,
A pen to write down my feelings inside,
As thoughts of you are all I gain.

A poem to explain everything we did
A life of yours I just can't understand,
A heart that's been so broken,
No one to lend a helping hand.

A house to now go home to,
A broken memory is all that remain,
A girl who's trapped in her own life and thoughts
In her mind there's nothing left but anger and pain.

Then I look around and see that
I've come back to reality, then
A tear streams down my lonely cheek,
Revealing the painful life of me...

This is a diary all about you and me
as you ca really see.

jessica flowers

A Friend

Written with a pen, and sealed with a kiss,
If you're my friend you will answer this.
Are we friends or are we not?
You told me already, but I had forgot.
So tell me now & tell me is it true,
So I can say I'm here for you.
Of all the friends that I ever have met,
You're the one that I won't forget.
And if I die before you do,
I'll go to heaven & sit down and wait for you.
I'll have to give the angels back their wings,
And risk the loss of everything just for you
Because there isn't a thing I wouldn't do,
To have a friend just like you! ! !

A Passion Story

Sometimes I feel like I dont want to go back but i dont have a choice.
It's either cry myself to sleep or scream and loss my voice.

I would scream to figure out how to get you into my life.
And if I dont I'll pray that this doesnt happen twice.

When we had our first kiss it felt like you took me away.
i was so breathless there were no words to say.

But there are people out there who hate that were together.
but no matter what they say im staying with you forever.

Your the one who makes me laugh, the one who makes me smile.
And the one who makes everything in my life worthwild.

jessica flowers

Friends

Together til the end,
You and me will be friends.
We'll break our friendship never,
together or apart we'll be friends forever.
Through good times and bad,
We'll never get mad.
Through old friends and new friends,
Our friendship never bends.
Eventhough we're changing,
Our friendship is never ending.
With broken hearts and many tears,
We've made it through these past seven years.
Different in many ways,
more alike each passing day.
Our memories are the best,
it's our honesty we never test.
Helping each other out,
Always with no doubt.
We've always been eachother's better half,
When we hang together we have a full glass.
Together til the end,
You and me will be friends.

I am dedicatin this poem to Jessica n

Friends We Are Friends We Stay

I will never forget you
I'm here to help you
I will never do whatever im not supposed to do.
I am here to wipe your tears
and whenever a days done
and nonthing is going great
I am here to listen and talk to you.

I will never forget you
when something comes to mind
and as long as we are by each others side
I will care for you.
I will always be there to make you smile
whenever you wake up
I will be there to love you.

I will face a hurricane to come see you.
I will never forgetyou. With every breath I take
You will be in mind because we are friends.

I Lost

I lossed the boyfriend I had.
He made me very sad
I could'n get mad.

He made me love he so much.
I still feel his touch.
Running down my back
Something that he lacks.

I figured out I can't live without him.
His soul completes me.
But I have to exept thee

I loss him because of a girl.
She really makes me hurll.
She is the type I hate
The one you can not break.

He made me so lonley
He was just a phoney.
But in my heart I still like him
Even though he did me wrong.

I hate to cry right now,
But its bad to cry over a man
Which I don't really understand
Because he wasn't a real man

Which I am saying that he wasn't strong
To stay with me that long.
He listened to his friends
Instead of what he felt inside

So he is no longer here
And no longer there
Lets just say he is not anywhere
In my world even though I still love him.

jessica flowers

I Love The Way

I love the way that you look at me,
Your eyes so bright and blue.

I love the way you kiss me,
Your lips so soft and smooth.

I love the way you make me so happy,
And the ways you show you care.

I love the way you say, 'I Love You, '
And the way you're always there.

I love the way you touch me,
Always sending chills down my spine.

I love that you are with me,
And glad that you are only mine.

jessica flowers

I Never

I never meant to hurt you
the way I know I have.
Your love means more to me
than anything and I'll do whatever it takes
to prove that to you.

Since the day I met you and
your love touched my heart
I knew that my life would never be the same.

Please forgive me for the pain I've caused.
I'll make it up to you every chance I get.
You have my heart and my love forever.

jessica flowers

Love Gon Stay

Baby when ur love gon stay
i've been waiting to long to say
That i reached my point,
And I don't want u to go away.

It sways like the sea
in a rugged fierce storm
but the sun shines it's love
to the heart that has torn.

I sing through the grass
and it carries my song
to the heart that I love
to the dreams which I long

Then out in the distance
my call is returned
my mind is spun 'round
for I've got what I yearned

As we are here together in love
Our hearts and souls float together
way up from above.

jessica flowers

My Love

I need a real man
who can understand

That I am a women
And that I no what I need
and I know who I am

I don't need no fan
That don't understand
Who I am.

I need love
out of all the above

Thats my love to my heart.

jessica flowers

Only With You

If I could have just one wish,
I would wish to wake up with you everyday
to the sound of your breath on my neck,
the warmth of your lips on my lips
the touch of your fingers on my body
and the feel of your heart beating with mine...
Knowing that I could never find that feeling
with anyone only with you.

jessica flowers

Sometimes

sometimes I feel lonely
sometimes I feel loved
Its like I can't see the sky
from way above.

You make my life clear
everytime you come near
I can hear you with my ear

.
Even though I see you almost everyday
I still like to pray for us to stay
together.

jessica flowers

Thankyou For Being There

Thank You for showing me wrong from right
Encouraging me to keep my dreams in sight.

Wiping my tears when im feeling sad.
And calming me down when I get mad.

For helping others with the good that you do.
And whispering in my ear 'I Love You'

Thankyou for always being there.
That showed me how much you cared.

never listen to what bad things your friends say
because u can make your decisions your way.

you know that I miss you and you know I care
so i'm just saying thank you for being there.

jessica flowers

What Is Paul Really Stand For

P=passion, that i had for him

A=appriiative, he always cares

U= u are special

L=loving, i always have love for him

jessica flowers

What Is This Feeling, It's Love

You loved me and left me,
but I had to accept thee.

You tried to make me glad,
but you end up making me sad

Out of all the things you have done
I keep giving you one

One chance to forgive you
because i'm not trying to leave you

I'm trying to figure out what this is
now I know its just love out of all of this

jessica flowers

When Everytime

When

everytime i think of you my body starts shake
everytime i see you my knees weaken and
everytime i'm with you i dont want the time to go fast.

When

everytime i look into your eyes, i wish i was there
everytime i see you smile my heart sinks and
every night before i go to sleep i pray we dont end.

I've tried somehow to say:

you're the sun that brings me joy everyday,
the wind that keeps me cool on a hot sunny day
and sweet incense that keeps me on a natural high
understandence.

jessica flowers

Why In The Sand And On A Stone

You made me mad
always made me sad

so I wrote the bad things you have done
in the sand on a dirty land.

When you save me or do go things to me
I write them on a stone
then it will never be blowed.

Why on on sand you ask.
I write the bad things on sand for it can blow away.

Why on a stone you ask.
For the good thing you have done
can remain forever.
