A Heart That Needs Mending

as i write this poem today
im only thinking of you
the way that you act
and how you say hey

my love is forbidden
yet it knows no bounds
my heart cant be broken
again and again

so im sorry my love
but this will have to wait
until my heart mends
i will have to say no

but never forget
that i love you so.
i'll never forget
your beautiful soul.

A Killer Is Loose

Oh no
Oh god
A killer is loose
That killer is me
Inside my sleep
I'm happy in there
No one around
After im done

.....

But when I wake up
I feel so vulnerable
Nothing to protect me
My heart is black
Just like her soul
I hate to see it
But i cant bear to look
She hates my glare
She loves my hair

I cant not look..b'cause i cant stopthinking about her!

A Long Wait At Dawn

From the day that I met you
I knew I'd love you
Because you hugged me
And opened your heart

Your arms started hurting
From hugging too much
I decided to kiss you
You were so surprised

My old friend saw us
He ran to go tell
But I caught up beside him
And said go to hell!

She decided to follow me
To a secret place
Where no one could find us
To tatttle or tell

I started to talk
But she made me stop
She kissed my lips
And I did so back

She told me to wait
For her to get back
She had to go home
Just for a sec

So I waited and waited
Until it was 4
I waited and waited
Till it started to pour

She finally came back
With some good news at hand
She told me she loved me
She wanted me now!

I decided to kiss her
After a long wait at dawn
She finally loves me
After all this time

I have 3 words to say
Although she might not know
What i'm about to say
But I have to say it's so

Ich Liebe Dich <33

A New Type Of Poem.

why must i be the one
the to be unloved
unloved is everyone
everyone is unloved
unloved is sad
sad is me
me is dead

dead is eternal
eternal is forever
forever is always
always is time

time is hate
hate is hatred
hatred is emotion
emotion is deadly
deadly is love
love is you.

you is heartbroken
heartbroken is we
we is not
not is together
together is pain
pain is feeling
feeling is broken
broken is hearts
hearts is needed
needed is deadly.

deadly is painful
painful is love
love is you
you are the thing that keeps me alive.

Bea's Poemz

As i say my farewells
To a Beautiful Girl
My heart it gets split
Into pieces Unknown

I know your not perfect
You always agree
hear my small plead
Please listen to me

I know we may not
Be the closest of friends
But that never stops me
From loving you so

I love you like a friend
As close as can get
We can be best friends
We can more than that

No matter
What happens
You are my
True Friend

Black Christmas

i dont want those shiny lights,
no popcorn strung to trees.
i dont want these gifts wrapped up,
no toys or things or me.

all i want is to be left alone,
so i can just be free.
just walk away and leave me be,
im tired of all this holiday glee.

though i may look festive,
and act all happy.
throw me away,
because i must be broken.

i dont want this family time,
no happy hugs for me.
i dont want their loving touch,
stay far away from me.

all i want is to be with you,
on this once lonely day.
so i can forget my worries,
and change my ways.

from darkness to light,
you brought me in.
now hold my hand,
and walk with me.

from me to you,
i pass on my heart.
away from my family,
meant only for you.

do what you will,
but i will always be yours.
from now til the end,
i will love you so.

this christmas is black,
and so was is heart.
tainted by thoughts,
that i'd never see you again.

i know this is used,
a little too much.
but i love you,
and i mean it.

Everyday Is Torture Without You

everyday we see
everyday we meet
everyday im nothing
without the sight of you
or your beautiful blue eyes
and your heartwarming touch

Forgotten Love

twas a dream come true
when i met you
you didn't know
that i loved you so

i wasn't shy
i wasn't nervous
i was afraid
that you would say no

i acted late
you went out on a date
i was laying alone
beside a mountainous tree

when down came a noose
that had been used
by the black and red hairs
laid there were so many chairs

so now I hang myself
on a nearby tree
waiting for you
and for all to see!

Hell Without Hugs.

I'm awaiting your embrace...
every moment feels like hell....
whenever your not around...
my days still get slowed down...
like a million cars suddenly stopping...
your embrace stops my heart...
because its the one thing...
I've always wanted from you!

Jon Hannah

I Kid You Not

I see past your eyes
I see through your disguise

You say that your ugly
You claim that your fat

You know that your not
You wont take my compliments

I say that your hot
And I kid you not

I'd choose you over anyone
If I had a choice!

I Love You

As time flies by
when im with you
i fell your warmth
im safe with you

you hold me close
when you get scared
you kiss my lips
when you get bored

your love is all
that I need
i have 3 words
to say to you

I've said them
many time before
and always mean it
more and more

your love for me
might be low
but my love for you
is always there

as time passes
I hate to walk away
b'cuz i know
that you'll miss me so

just waiting to hear you
say those words back
I love you, I love you
my heart is for you!

will you accept it?
you'll be loved if you do
I truly accept it
and I love you too

your love is my life
your heart is my soul
your the love of my life
but am i yours?

your hug is my savior
your kiss is my cure
for when I see you
I fall to the floor

but with the touch of your lips
i get right back up
and i hold you so tightly
you hold me so dear

your voice is so lovely
your hair is so soft
my love for you grows
through all the good times

we've been through it all
you still love me so
i now give you this
a kiss from my heart

I go for your cheek
you moved my head
I kissed your lips
and than you said

I love you, I love you
My heart is for you
do you accept it?
you'll be loved if you do!

I truly accept it
i really do
i know that you love me
cuz i love you to

the way that you smile

it makes my day
one step shorter
and a million times better

do you know what?
I have something to say
these three words right now
I'll say to you today

I love you with all my heart!

Jon Hannah

Ich Liebe Dich

as thick as the earth
as hard as rock

my love for her
is not fought

for once I saw
her beautiful smile

I couldn't let go
I knew wouldn't! !

her eyes so blue
her soul so pure

I knew...that for once in my life
I was not being teased or made fun of.

Ich Liebe Dich

My Love

I jus' wanna curl up in the dark
never step foot in the light again.
but 'til I meet that special one
i will remain in the dark.

waiting for her
to be the one
to fix my heart
and hold it close

for when she dies
my heart will shatter
lonely and painful
i cry for her

she helped me smile
she made me happy
for once I'm dead
we'll be Whole

because my heart shall mend
my love renewed
my love for her
is always new

<3 love you always

No One Cares

I cry out
But no one hears me
I seek shelter
But no one shields me
I reach out
But no one sees me
I scream
I cry
But only on the inside
No one knows me
I exist only to myself
I am in your world
But only as a ghost
Forever lost
Dying on the inside

Shattered Glass

Shattered images lay bare
Fragmented shards of hostile....
fearful personality Flawed...
scattered for all to admire in the haste
Shards of glass that reflect back thy solemn face....
Broken by torments of life that takes...
Leaving the story still untold...
The path never to unfold....
Sitting...
Ignoring the numbness...
insanity....
unsafe...
Writing the antagonistic words....
Expressing the blunt despair of fate...

Someone Like You

as i rest my weary head
while i am laying down in bed
all i see is you
all i want...is you...

the way you are
so perfect
makes me not
resist it

i can't believe
im telling you
im saying
that i love you

what will you say?
what will you do?
what will you think?
what will you pray?

all i want is to love
love someone like you
i just want to be loved
loved by the likes of you.

I Love You.

Jon Hannah

The Abyss

your eyes look like there funny
your eyes look like there in heaven
your eyes look like there loved
your eyes look like your worth living
but your eyes are only scared and as black
as the abyss where they are

Jon Hannah

The Darkness Of My Heart

Torn apart and left for dead
lying in a darkened dread
my heart is filled with pain and lead,
What am i to you?
a soul forgotten long ago...

I put my love and trust in you
but in the end my face fell dimmed
emotions in me growing few,
the end to my life is a race anew

But a shining glimpse of hope
shows behind this dark soul
lies the eyes of a human
and the light of an angel

my love is lost,
my emotions fade
at the cost of my life,
and the darkest of blades

the blood so red
drips down my arm
staining my bed
i fall to the ground

Another Death
Upon my dream
i awoke back home
wishing i was dead.

The Iron I Will Lay

My love for some grows each day

My hate for others doubles each week

Her love for me may not increase

B'cuz i am buried deep

inside a coffin

i will lay

b'cuz of the iron

i used that day

The Mask

This mask I wear,
she serves me well,
she hides my pain,
so they can't tell.

They see her smile,
never my tears,
she shows no sorrow,
she fights all my fears.

They believe she is me,
if only they knew,
that she is my mask,
my savior too.

My scars she hides,
behind laughter and lies,
she say's she is fine,
but slowly she dies.

Jon Hannah

The Mirror

let me be made
let me be loved
let me be yours
let me be you
let me be shot
but please don` t let me
be the one who looks at me
when I` m lookin' in the mirror

Jon Hannah

The Pain You Caused Me

If only I could tell you
How much I loved you
I would shout it and scream it
To all that could hear

I love you, I love you
But we cannot be
My heart is so black
Please listen to me

You do not love me
And you never did
Stop saying you love me
You never believed

I used to love you
But you couldn't see
Too caught up in fun
You forgot about me

So now I lay here
Writing all day
To ease the pain
You caused me that day.

The Voices In My Head

Theres no one here but me
yet i can hear some people talk
they are here
they are not there
are they no where?
no
they are some where
they are floating in my head
the names they call me
the things they say!
i just wanna get away from it all

The Wolf

A wolf on a hill
waiting for her male

I sat beside her
very still

she lays down
on my lap

I pet her gently
she sits up straight

gets ready to pounce
I get ready to move

she tells me to stop
she wont hurt me

so i sit back down
she jumped into me

I realized she was my spirit
lonely and always waiting

Jon Hannah

These Words Were Too Late

My dreams so broken
My heart so empty
My hate too large
My life so meaningless

The demon in me
Will soon be free
For once she sees me
She'll want to flee

I will slaughter
All in sight
Making sure
She will pay

The words i heard
Tore me apart
I hate you
And always will

Once she said that
And only once
After that
she had no chance

I Lost her forever
In a pit of rage
She had no chance
she was afraid

She died that night
From a serious cut
I had no chance
To say these words

I Love You

Jon Hannah

Too Much To Handle

the sadness inside me
is it caused by stress?

the love towards you
is it caused by puberty?

my heart so black
is it caused by sins?

my hate for them
it is caused by their words! ! !

i know ill heal but until that moment
i will not forgive any of them! ! !

when i get pissed

they will flee
and when they plead

i will just walk away
leaving all that behind

hopefully leaving a message

Dont Mess With Me AGAIN! !

What She Hates

She Hates Her Smile
She hates her laugh
the way she dresses
the clothes she has

she keeps saying
no one likes her
more than a friend
i somewhat doubt that

cuz everyone has someone
someone has only one
One that will love
and die for that love

the way that she looks
makes her want to die
but for someone she'll meet
it's the best that they've had

Jon Hannah

You Made Me This

sorry for the title
sorry for being me
sorry for living
sorry for being dumb and an idiot
shall I lay the iron on my arm and after that
I lay me next to the worms in a wooden box

Jon Hannah

Your Beautiful

When i see your smile
i have no coice but to kiss you
because if I dont kiss you
i know that i will regret the rest of my life!

your hug is my life
your kiss is my soul
your eyes lead me
to a world unknown

that only I can see
through your beautiful
Green Eyes
