Fatherless Child

Fatherless child didn't have a father
but she had a mother to love her....

Fatherless child had to live in the projects
were females and males were getting
rapped or jacked.....

Fatherless child didn't get the education she needed so she wasn't
able to succeed damn I'm not fatherless so that can't be me.....

Fatherless child only met 1 friend and they promised that they'll
always be there through thick and thin until one day Bam..Bam..Bam..
fatherless child was dead that's the end.....
