# I Didn'T

You didn't dry my eyes  
You only made them flow  
You ebbed away the loneliness  
but yet you torture me so

You took me for granted  
And called me silly names  
You let your anger go on me  
You just couldn't let me see  
The way you truly feel for me

You fill my heart with sadness  
And you took apart my brain  
Nothing seems to make sense now  
I can no longer be brave

I fear this world hates me  
By taking all I have to show  
My love seems not enough for you  
But yet my feelings grow

A love for you I will always have  
But never have to show  
As you took all you could from me  
And willing let me go.

# I Hate You!

I hate you! I hate you! I hate you! I hate you! I hate you!

I hate the way you make me feel

I hate the things you say

I hate the way you think you have a right to hate me

And I'm starting to hate your face

I hate the way you make me cry

And I hate the words you say

I hate the way you push me

And I hate how you haven't tried

I hate the way you make me feel

And I hate this pain

I hate the way you think of me

And I hate this stupid game
