# Bullyin

my name is kirsty  
bullyin is not good  
makin some1 feel bad  
dosen't make  
you feel better  
you make matters worse by  
upsetin some1 just because  
you feel hard and bad dosn't mean you can bully.

there are lots of ways  
you can bully  
so think twice about bullyin  
because what you dont think is bullyin some1 else  
will find it bullying

bullyin is not nice  
think before u bully because  
how would u feel if it was u gettin bullied  
or someone was makin u feel bad?  
so put a stop to bullyin make the world  
a better

# Friends

friends are like stars  
because the best friends stay  
in your heart forever and  
keep shining like the ones in the sky

friends are there when  
you need them  
most not that

when i need a  
friend to  
keep me strong  
they are there to give me  
a helping hand even if they are  
busy love my m8s they r the best

# I Am Standin In The Dark

i am standin in the dark  
with no1 with me  
scared all alone  
no1 to hold there hand  
tell me its ok but  
there are bullies  
all around me  
waitin to beat me up  
i reach into my pocket  
try and get my phone out  
but its too late i am  
layin on the floor with  
blood all around me i get  
up but i seem to be  
fine with other people  
layin on the floor bleedin  
but i cant rember what happen but  
i ring some1  
and they get there frist  
and i walk home.

dont worry this is just a dream i  
had one day  
when i was younger

shoulder to cry on

and have support from  
so lean on me

# Sisters

love for a sister  
is like a flower  
each day goes  
past it grows and grows  
with love and respect for each other

are love for our brothers and sisters  
doesn't come round in a day  
as u grow up  
u realise ur love for each other  
has grown stronger than ever before

ur my star at nite  
ur my sunshine in the day  
ur my smile when happy  
ur my eyes when i cant sleep  
ur my sky when i am sad  
ur my sister big and strong  
u can make me laugh when i am down

# Someday

is goin to be perfect

everythin happens for a reson

# Someone Is Lookin Down But Anit There

someone once told me life was for living  
i dont understand why?  
i dont know how to make  
it worth watching

someone once told me  
someone was helpin me out  
when stuff gose wrong  
i want to know where  
that person is cause  
i need them now  
but no where to be  
seen or heard so  
that person lied to me.

then a voice in side  
me said be strong for  
your self cause no1 else will be  
so hold ur head up high and stay  
strong and thats the  
day i knew wot that  
person ment.

# Summer Can Be Fun

here comes summer with  
chirping robins, budding roses  
there comes the summer with  
gentle showers, summer clothes  
here come summer  
whosh-shiver there it gose  
here comes summer  
with hot weather  
for me and my friends  
to go down the beach and  
enjoy the sun  
and have fun in the sea.

# When I Was Younger

when i was young  
and free from teras  
i used to belive in  
happy endings now  
i am older  
and single i  
know in the real  
world there anit no happy endingd and  
herats get broken

tears will fall from  
my eyes and love  
will only happen once  
cause happy endings  
are just in fairetailes
