Time is flowing so fast but memories on every moment keeps you glued to this pen. Today it has become a breath and his chase of the MIND EDUCATION Part 2, book of my poets collections which am inspired to.

Friends were complaining that NOT SPEAKING ANYTHING and While massaging through PEN (writing) they sends message of CHARLIE CHAPLIN that PROBLEM OF MY LIFE, MY LIPS DO NOT EVEN KNOW. What can I do, I'm not a performer or artist just by a PEN (writing) exactly educting & trying to purify mind and those words are slip, am arranging it. Flow of river water never coming back, but sound of flowing water continued till water is there.

Personal say that "no one "die" on death" do not know what is in our hands which can also pays. Affection we give to fillings are value of out thought.. It is impossible to bear some losses. A lesson that gives us to enjoy everything we got a chance, so later it did not measure the size of the trust.

Today, in the concrete forest; feelings have dried with the cement, its high tide back dashing wall and on low tide trying to drain. Hour going to forget everything, "Go to do everything in my" to do, let. Really, who's to blame where there is no "satisfaction";

Many tries but nature slapped still not known. What standard of conduct that put into bracket. If life is a lifelong effort also hope that all tries, still remain own itself is complex, but no longer thrilled that does not gum. Tries mind to diverts. Says that out of all this suffering and - let go of anxiety, etc., they cultivate the feeling. There also may be no mode in which vibrancy of life is not sensed an opportunity when it becomes critical. Humans have a desire to manifest the nature and circumstances of developed concept of an exchange....

Sun terminating the Dark Chamber, Unaware of it. Evening and night comes and the other goes into a gap between the faces of hours, each in their own systems, no one will ever hallucinations. Master on each own.. It remains to be inattentive to the needs of the others soil has been collected, but there will be no move also urge that it gives a right, which gives credence to last forever, so the chance, which I will remain. Resolving problems still not resolved many lives that he left after subtracting what?

Date changes; If chronicled changes. If one takes off vertically standing next to goes off. "Setback"; Many death- live a life, "Peugeot"; creator defeat, a side effect. Today life after death found a link on last four months... "Manno Nicoda"(Mind Education)

Refreshed gently jaunt into the world of intrigue administering these poems, alone in his verses personally showing way. Hold a finger in the inner arm running lights lessons showing life ahead, accept the memoir. Written beneath the burden of the mind, there is no argument that restrict, one-lane road.

It goes something searching them door to door; like handicapped body forcing to write, how the conflict started there were going to do what the new one sweeping blow from the saved & protected, life respectively. That will be walking, not even anyone to be stressed. Will now let us go only way. The changes also hear some tune, who survived the way to handle the tread. What disturbed emergence of a column of the building. The challenge was the foundation of his celebrity. What is the essence of life today?

Who had deep roots, so many old relationships, personal shelter the tree, but not the leaves to survive. Shadow did not know who got how deep its roots in the accounts of others, seeing that the amendments would increase the fair's now time to be counted, .Anyway, which found, among two believe that emerge, perhaps in the same path of life.

Kirti Shah, MANNO NICHOD -4 dated 25/09/15

Death might be part of the nature but their memories and remember the nature of the numerator of the same lineage has survived a whirl ring. Says that the soul is immortal. Still addicted to their form so far (the soul) went to talk am with. His habits of contemplating the mystery of the ideas emerging from the secret of resource to set.

It's a habit to leave the newspapers reading headlines but they reserve it which did surprise me, Today every line I'm reading searching from scraped newspapers. This is not live report but experienced heart made try to express it.

Somewhere in the word may be lake of experience which enjoying knowing the thing where to express by word has own limitation Do not put the word infinite range. its writing to be incomplete. This is a discussion with the stylus, surgeon

(nature) in the moment of creation creator (nature) in an attempt to mount a word.

Masterpiece designed to put in nature with the heart and with the mind
education

" Today, will you come earlier" " No, I have to work, will not be possible" a routine reply continued the same perspective of life at the time did not respond not only to others but own family members. For want of money major days of whole life going through AND made just have one goal: " to make only money" We cannot spare time for others and it is not even our motive. Yes there is a age to do hard work and think about future requirement, needs to be determined, proper preservation has become a right way which are forgotten..

Late in life have enough time but does not have any fitness to do the works. The proud to buy everything and anything by money which never happened We get memories of those days passed which is only helpful by these days where we cannot pass our days. And if we lose our life partner, will make it reverse mathematics is all just live to regret that " this" and " that" did not now. The idle mind wanders here & there, searching something, somewhere, somehow, somewhere.....

All Will Be Safe

All will be safe

Squires PATIDAR a day
The next Bakshi sets
News Media knows paid
Spoil shared mentality
To be torn state
Even politicians not sufficient
Create a new equation
If there is to be a fight
Weak reserve trust
All outstanding let go
If a person, state and country

Confusing the sake of all
Will raise reserve
All will be safe

Wonder that back...

Why all this....

Why are beloved respect too....

What is it that such a change happened..

Antidote To The 'muse.....'

Antidote to the 'Muse.....'

Joys - anxiety,
Feeling - Meditation
Ponder the first....
Grief
And
Anxiety contemplation
Means that inculcated,
Fiercely burden is light. May be.....
Nos of environment might shake...
The sane source, such.....
Unnamed birth,
The death leaves name
No one lives there
That which goes.....
Feeling sad,
Concern contemplation,

At Least Address Whereabouts

Sending numbers of messages
why not responding
With many years
why did you lost support.....
understand your reality
but,
Give a moment on dream....
Deadly black cloud
Lightning shiny electricity
In short while healed blaze....
At least that much give me a chance
Have lost
Where we meet....
At least address me whereabouts....

Moves fingers somewhere, sometime
Tal legs flood
Where the mind moves
Get back to the days.....? ?

Deterioration To All

Take advantage of the legal loophole,
Doing murder base less,
What happens to the soul of stones, such as work,
Also, when it comes to the name,
There is no bother, just shelter of law,
Smiled on innocents killing, Elated spending money,
Extending punishments if It happen ,
In-out Going outside to inside, some how manipulating
Why not Realizes that
It is deterioration to all

KIRTI SHAH

Disturbed Today.....

DISTURBED TODAY.....

Many Tries by friends.....

Sending Quotes and poetries, find out what and where...

Interventional and phones also remain in touch....

Says live in the present, though it is difficult to remember... but....

Thought for Future, complete responsibility.....

Relax Mind and enjoy life

Explain very casually, a smooth way.....

But the mind....

Not stabled, does not understand Reality,

Enjoyed every moment in the life...

How to forget

Now the chase with memories....

How to enjoy future.....

Where Disturbed.....

Today.....

Searching those... not there.....

Experience...

You are full of experiences, righteous..
Why a Mac hesitate to exchange good,
I believe that the 'silence' is your principle,
that for which experience motivates one to take,
this discourage understand etiquette,
However, if the time comes, that goes live
Time which is not the same time,
Learn to Learning is a not forever,
Anyway, it is principle great,
Else.....
Silence as understand lighthouse
Waves are captured
One more.....

Hiatus Sleep

Life on a every curve.....
Stop, look around - thought,
started on signal
Undulations, slop, left-right, some way...
Cleared small To big responsibility kids to elders
Surpass every street...
Head tax or toll paid
Willy-nilly formalities cleared....
I and you started live life...
Now down to Highway, easy direct way,
No signal, no other responsibility,
No stoppage, no other accidental fear....
Handling saving, mind, and body,

Rainy experiences, character sing song
lyrics listening
Flood speeds, running, riding life....
Suddenly there.....
Great course, great stone collapsed...
Spread both, no reflection..
Silent..... blooded.....
.....
Someone raised me..
But....
You not wake....
'Hiatus sleep.....'

I Could Not Live With

I could not live with

Asking your eyes

What is not now capable of ANY ONE

You cannot stop now

I have no other strength

Can you tell what it is

To do that, why not understand

It was the final moment

It was not even in the dark

What was not said that,

It also ensures that

Which will not be

A faith hate that

But could not be saved

Hey, that's disturbance

But the moment.....

I could not live with

KIRTI SHAH

Illusion Hope

Searching them some points
Was written...
Who read it, why... what happened?
Explaining on his phone
'living life'
Furthermore, the message... that...
'Leave to save, do better'
missed walker on way,
Found like waiting for life
But.... today.....
Missed on road....
There is no message in the last several days.....
It pays only..
'Illusion Hope...? ' '

Is There Any Single Character

Were seen flying pigeons feed,
But, sat beside on near by roof,
Watching here & there, not a trap?
Will be hungry, but waiting to watch who start,
There one has courage, just after they came together,
What a discipline, no one raft others,
Hey, another birds sparrow, crow or squirrel..
Even it make no difference,
Take own little cane in group,
Spread minded like meal,
But 'belching'... going to fly,
Is there any single character in us.....

KIRTI SHAH

Life Of Soul.....

Explained lot to mind.....
Keep away tears from the eye..
Remove "tears" From this.....
But they are pair ...
say to Mind come.....
Became "Trio".....
Many try.....
But always together.....
Today, lot of days passed....
With so many years, so little change
'Mind'
Who can handles that observed..
The chase.... memories....
Let them remain together.....
Eye, mind or tears.....
Life of soul.....

KIRTI SHAH

Lighting Power

Lighting power

Forgive the soul, 'bye, ' says
By end of life, darkness leave live
Accept 'defeat' the wayward motion
Not 'What Light'
Candle light live
In light of life partner
Where such
Crushing air Karmi
Dungeons taking companion
Disturbed lighting.....
Light become off
Soul survived
Khama touch memories
Lighting power

Live Life Company

Instantly, someone live or not.....
Immediately allies for their car on track
It is rare scholars....
This accepts an easy death.
I do what I say?
How to forget... that is...
Never at any moment...
Is 'Reminiscences'
Evokes in dream too.....
It's a right....
That.....
Live life company....

KIRTI SHAH

Mom

Seated in hospital.....
Suddenly, a aged women takes seat while crying,
I enquired why are you crying, aunty...
Cleaning her eyeing by saree.
She replied, I came back from ahead,
Here my daughter is working,
I forgot and came back to see her face,
" How I dare to forget, why did I go ahead- for that"
"She was staying with me...but today..."
(married)
Suddenly..... A lady
Came speedily....
"Mom....Mom..."

KIRTI SHAH

No Lose Your Mind.....

Body fraught with hurts
Despite the belief that the mind...
Some way to go
Tired by neutralize the drug....,
Yet somehow I still trust that way.....
Never seeped, whose eyes did not hit many days....
Forgotten victims position, every one tired....
Their temper was so sleep..
Lastly....
It is also felt in lost mentally...
And within few hours.....
Eyes closed for ever....
If temper was not gone out.....
They would be for more time with us....
What to do, whoever do not loses mind.....

KIRTI SHAH

No One Becomes Own

No one becomes own

Something years of struggle
Somehow bound relationship
Exchanging ideas, anything,
Somehow maintain principles
Made her something
But.....
No one own
If you miss somewhere no one with you
To 'ponder' mind
Relationship maintain with some one
Principally 'silent' some one
Not left to fall down
Even while fall down every body
No one becomes own

KIRTI SHAH

Passing Days

Talking with you today something...Listen.....
'Bablu'(kid) asking..... 'Grand Pa, why delay to come for grand mom; from hospital, I have to meet her '.....
The house was empty, did not imagine that it will be so fast,
No one goes empty stuck, today's they talks Tuck....
How your artifice, like asking to pick between the two..
Skills something, within few had filled the house.....
Relations maintained with understanding, which they talks.....
Medical report improved.....
But not good...because.....
Where the Candle do not live without flam, what else there...? ?
Given call to stay together,
Had made request for delay of few minutes.
Now not few minutes but days also goes.....
People says forget, take care of yours.....
How? ? ? What to say them....how to prepare mind.....
Life between two was there that has gone....,
Still mind does not prepared, not easy to remain.....
What is in body, only runs until.....
A zero tolerance

KIRTI SHAH

Protecting A Soul..

Not a lawyer nor a Person from appeal,
The decision to take seven minutes..... 'gallows'.....
For two two decade sought to wait for hang,
Handed over Death warrant in few minutes,
Says that life and death are in hand of only God ...
But here is a man of civility, hang,
May have done some work with under stood - unknowingly
Killed innocents, But how rude...
Why life behind taking live,
Show a fear, where there is no anger,
What not to do that another way
Preventing a soul

KIRTI SHAH

Be the birds both
Even measures to provide

Don't be proud
Proudy itself a ASH

Searching You In Memories

Overwhelmingly today....
An umbrella, aged couple sharing...
Long back, When an aged couple
came out from car near a temple,
you told....
'Will do same @ this age...
But today....
Neither Umbrellas nor you....
Only memorabilia chase...
Searching you in memories

KIRTI SHAH

Shower To Mind

Every moment you are in my memory.....
Shower to mind that at that moment....
Tear-filled water.....
However all together, attempts to divert....
That at that I got your memory, where shower to mind....
Each daily routine is also normal but irregularly
Yes, the need is also great..... Trying too....
To mix with every one, ...there also you appear ...
Again shower to mind....
As -n-where stepping ahead...The only shadow.....
How can forget... practices 'co' stay....
There also mind with shower....
Alone walk on
Stepping with both legs...yours and mine...
Let other say "oh God"
Allow " do or die"
But, now condition of my.....
Shower to mind.....

'Soul' Of The Deposit

'Soul' of the deposit

That contention is uncalled-for

He took the deposit

There are random

When matter is withdrawn

Anne wishes

Operates to prevent

That there is anything goes

No rights depositors

He is your the collector.

it is your rationality

How to enjoy a given time

Do not complain to god

Who exceeded

'Soul' of the deposit

Sour

While small in groaning
Mom has to understand that it's indigestion
And tried to calm giving the bitter,
When grown up do forgive our mistakes,
Saying My child, but some one says to aggressive,
During all mistakes to forgive, but today when become wise
Any repeat of the mistakes, forgiveness is not applied,
Then elders will give 'sour'
Even any blindness, we are less eligibility
And when build a new relationship
Examination starts of both relations
Understood that dealing
then love all of beloved
And will progress in life's progress
For a new effort 'Good Blesses'...

What kind of faith they placed,
How come true I,
My power to do it,
That kept God at side,
The same God
Pick himself helpless,
How to safe guard you
He do not knows that life.... somewhere...
Which saves many trouble
And it's going to save own....
Striking is on his head
Captured hand, leaves trusted hands...
No one survives.....
Who can understand him....
Understanding just what is....

What maintains the balance.....? ?
Now left only a slogan.....

Why not accepting reality
Why accepts all commonly
There was realized churning
I have it all their own
Having not been able to own
His true of life
In pursuance so easily
It is our personal
Relevant accounting period
Lasting life within the
Thereby preventing him killed

It's a death body
His undying remembrance
It is varies form
Where those with next life
Memories died on Self-death remembrance
But with the next 'LIFE '

Do not stop in time or place of work,
Talk inhibition Rock
Disturbed..... 'without you'
