i love riding horses o barrle race i have a nice life somtimes i have better times than others but but that just life i writ cause i love it i dont know why i just fell like i can explan how i feel and some people dont understand my wrtting but if dont then you dont understand me at all

i Am

I am who I am

I dress with no stress

I act how I look

I look how I act

you want me to change but sorry I'm not a doll.

you cant play me.

it feels like I'm in a cage and all you can say is change you ways

but i says hours are hours days are days months are months but years

i start to tear and wonder why you Don't see clearly i am not going to change

its like I'm a wild mustang I roam alone, Dangerous but with in tame

and cant be broken my spirit is free and no one can take clame

so me and the wild mustangs are the same

Do You See?

Do you see?

No you don't see'

You never seen

you've lost days not caring you moved left.

Did you see I'm alone falling apart going to loose hope and faith in what

It should of been but hadn't been

But i see clearly you left and now is happy

Moved to bigger better things

I wish we could of had

What we should of had

but didn't

Passion

I'm staying I like the pain.
you look at me like I'm insane.
it's the strength I've gain
the time i put in
the passion i have
my name is on the paper
sayin I'm not backin down
even when it sounds to hard to be around
I do my best when the best that i give isnt enough
i do more till i have no more to give
when i fall on the floor
i start to give up but i remember that
i didnt come here to lay on the floor so
i get up and show them what i came here to show them before

The Path That Is Given

Everybody want's to go to heaven.
But no one want's to die.
I'm not afraid to die
cause I'm going to heaven
It was a choice.
If i wanted it or not.
I was smart I will live more happy
and shin so bright now that i got Jesus by my side
anything is possible now that i got him as my guide.

What It Was

When I saw you the first time
I never thought that I would see you again
We were friends at first till you got brave and
Came out and told me how you felt
Never did I think we would get that far
You was sweet and nice all things
I wanted you smile made me want you more
You're the one and only there's no more store
As we was together saying to each other
We would be together for ever
I can see that those words were never ment to come out
I cant count about how many times we tried working it out
Did I want it to be over? Not once not never
The things you said to me and how you acted
It made me wonder was any better
There had to be a reason to why you changed
I just want us to be the same has we were before
Is that to much to ask for
We don't speak no more
Cause of the things we put in between us
Could ever awe try putting them be h&de us
I know I said things
I did not mean a word I said
I hope you can tell
I'm really try to figure things out
I know there's a will and there's way
I know there's wish's and dreams
Things just a night mare
So please just wake me up
And tell me that every thing will be ok
An that we can be the same
It could be a happy after
