## ...I Realize...

lying out under the moonlight  
in the middle of the night  
as it stares down on me with its eyes  
no one listens to my cries  
as i lay  
i wonder 'why couldnt you stay'  
then i see you comin my way  
now i realize i dont know what to say...

## Better Letter...

i wish that you  
would just stop  
my fears are way too true.  
i am one of the  
ones that really does care  
all i want you to  
know is that i'll always be there  
whenever you need me.  
i am a true friend  
and i will be here  
till the very end.  
i love and  
care about you  
it kills me to  
see you do what you do.  
you need to understand  
i want you to get better  
and that is why  
im writing this letter.  
this isn't the way to solve  
your problems it only makes them worse  
this thing... its just a  
like a horrible curse.  
its like crashing  
in a car  
it only takes one bad move  
to create a bad scar.  
mentally and physically  
it wont just go away  
it heals and it scabs  
with every passing day.  
i hope that you  
will listen to me  
i just cant  
set you free...  
not like this...

lindsey goodman

# Cant Believe

im just me  
isnt that what you wanted  
for me to just be  
what i am when you're not around

when you're not here  
i'll laugh till  
rolling on the ground  
till i can't breathe

no one can tell  
when im with friends  
that im under a spell  
because im in love with you

how do i get away  
i see you  
just about everyday  
how can i avoid it

i act like im fine  
when you're around even though  
i miss when you were mine  
i try to keep my feelings from you

i try to hide my heartbreak  
even though  
i can't take  
that you're really gone

as i sit here and think  
about my past and  
how i feel i write it out in ink  
i can't believe im still in love

# Fighting

they don't get along  
i want to believe  
but i don't know who's wrong  
and i don't know who's true

they fight  
they argue  
weren't they just tight  
what is going on

i hate being in the middle  
i almost always am  
it makes me feel so little  
like im between two charging bulls

im always in between  
why does everyone  
have to be so mean  
we all need to just chill

i just miss  
how it was  
before all this  
before the war

maybe we could all get together  
then maybe, just maybe  
this would all float away, like a feather  
then everything would be normal

i hate it when they fight  
and probably none  
of them are right  
this needs to end

# He Stared

he stares at me  
he stares at you  
he's such a liar  
a cheater too  
you thought he loved you  
so did i  
now i realize  
he's just gunna make me cry  
he's not worth it  
me fighting with you  
he doesn't love me  
and he doesn't love you  
it would be  
kinda pointless  
to fall in love  
with someone heartless  
we love him  
but he doesn't love us  
so why am i making  
such a big fuss  
i think we will always  
stare at him in class  
he'll break our hearts  
and they'll shatter like glass  
he stared at me  
he stared at you

lindsey goodman

# Huge Mess

everytime i look  
at them  
it snaps a  
single hem  
to my heart.  
it seems to everyone  
that im just  
the jealous one.  
but that's not  
true, not at all.  
it's not my fault  
that i miss you.  
you left...  
you hurt me...  
why cant  
anyone see  
what you did?  
why won't she listen?  
her eyes the just  
seem to glisten  
whenever she sees you.  
she knows you hurt me...  
why can't she just  
be the friend she used to be  
before this...  
before she said yes  
and made this  
huge, huge mess?

lindsey goodman

# I Am...

I am a sister!  
I am a daughter!  
I am maybe one you wanted to slaughter!  
I am the one who used to be your friend!  
I am a person that was so close to the end!  
I am a fighter, willing to fight!  
I am a girl up every night!  
I am a survivor, surviving the worst!  
I am a human, living my life!  
I am a dreamer, dreaming of the future!  
I am full of hope, hoping for the best!  
I am a human, my heart beating in my chest!

# I Dont Know

i dont know  
wht u want  
or even see in me.

i dont know  
wht i want  
other than to be free.

i dont know  
why i ever  
let my feelings show.

i dont know  
why you ever  
let me go.

i dont know  
wht i want  
to do.

i dont know  
how but somehow  
you just knew.

lindsey goodman

# Im Just Me

im just me

lindsey goodman

# Im Sorry

lindsey goodman

# My Best Friend(Sierra)

shes my best friend  
untill the end  
no matter what happend  
shes there for me  
whenever need be  
shes somewhat normal  
shes just a girl  
caught in the whirl  
of the world  
that is so old  
yet so still so cold

lindsey goodman

# Need You Now More Than Ever

i see you  
you dont see me  
i need you  
you dont need me  
i love you  
you dont love me  
i miss you  
you dont miss me  
i say 'hi'  
you simply say 'bye'  
i say come back  
you say go away

youre so cold  
you used to be so sweet  
you were so bold  
you used to be so calm  
now you scream and yell  
i dont know how to tell  
when youre going to blow  
your face just doesnt show

i need you  
now more than ever  
i ask you if you  
ever loved me and you sed 'never'  
i need you now more than ever

lindsey goodman

# Nightmare

she keeps screaming  
she doesn't know  
that she's only dreaming  
it scares her badly  
she falls out of bed  
she's still screaming,  
screaming in dread  
the horrible images  
they won't disappear  
they just seem to keep coming  
as if they know she's in fear  
getting closer and closer  
just getting worse  
making this girl  
just want to curse  
she can't wake up  
she can't sit up in bed  
because all these images  
won't disappear from her head  
in this nightmare  
she saw her best friend  
about to see  
the complete end  
of her life  
she hears someone yell  
'she's only thirteen'  
she cannot tell  
that the voice was her own  
but it was already too late  
her best friend  
just met her fate  
she finally wakes up  
she's still screaming  
then stops suddenly when  
she realizes she was just dreaming

lindsey goodman

# Not Me

i lay in bed  
at night  
wondering if  
im alright  
i stare  
out my window  
wishing that  
i could go  
i want so bad  
to see you  
but i know  
you'll look straight through  
me right to her  
and you'll walk right by me  
unaware of my falling tears  
unable to see  
my eyes in the darkness  
you'll never know  
what i  
don not show  
and she will  
never be  
anything at all  
like me  
i'll always love you  
even after all  
you put me through

lindsey goodman

# Not Right

my life's not right  
she says my  
clothes are too tight  
it's not my fault  
im not a barbie doll  
she's just making my  
self esteem fall  
farther and farther  
down even more  
deeper and deeper  
right though the floor  
it always seems  
like people... they judge me  
and yet they  
don't even know me  
they don't know what it's like  
to live in my shoes  
they don't even know  
that i didn't choose  
to live my  
life this way  
i didn't want  
to live another day  
there was just too much  
drama to be seen  
why did everyone have  
to be so mean

lindsey goodman

# Random Explanation

why couldnt she  
just let it be  
i was doing just fine  
the cuts were never deep  
the blood didnt even really seep  
that badly  
i was so sad  
i was so mad  
i didnt know what  
else to do  
everything reminds me of you  
i need help  
but i dont want it  
i really dont give a s\*\*t  
i know y i hurt like this  
look what you made me do  
all because i fell in love with you

lindsey goodman

lindsey goodman

# So Confused

should i stay  
no... i should go away  
im so confused  
i dont know what to say  
i just need one more day  
then maybe i will stay  
what if i just disappear one day  
what will everyone say  
maybe i'll go live by some bay  
or maybe i'll even end up sleeping in hay...  
im so confused  
i dont know what to say

lindsey goodman

# Whats The Point...

whats the point  
if everyone calls you a whore  
why live anymore  
whats the point  
in living this f\*\*\*\*d up life  
i wish you'd just give me a knife  
whats the point  
no one listens to my cries  
no one can see all my lies  
whats the point  
in going to school  
im just a young and stupid fool  
whats the point  
in listening to what others say  
when you dont even want to live another day

lindsey goodman

# Why Couldnt I See

lindsey goodman

# Your Every Touch

im just me  
and you're just you  
you said you loved me  
but it was never true  
and my feelings  
they were always there  
though you seem  
like you don't even care  
and now you're  
in love with her  
i want you back yet i  
know it will never occur  
i miss you  
so so much  
your eyes, your smile  
your every touch  
but thinking about it  
above it all  
you're only going  
to make me fall  
looking at you an her  
it's like a sign  
symbolizing that you  
were never mine  
i miss you so much  
your laugh, your smile  
your every touch
