# A Short Love Story

ohk  
after this remorseful beginning of day  
when v both dnt know actually what to say  
here's dis  
things all clinched in ma heart  
kindly listen to it part by part  
THERE was a boy and a gal  
both in love, living together har pal  
sharing every happiness and sadness  
and even also anger and guilt  
up to dis level, their relation was build  
both r 21 and have full access to mistakes  
it is like boy completes every dream gal takes  
gal was cute, poet and love to make boy angry  
bcj after anger, she gets sea of love  
she thinks of everything differently  
and boy supports her  
gal just want with him a chota sa ghar  
now d boy, who s cute and delicate  
just now by here, he s d perfect mate  
D part of boy is unable to express  
bcj reciter is his gf herself  
still can tell, a lot about him  
bcj  
phone(gal) is nothing wdout (him) sim  
a bit hyper  
a bit cute  
gets angry  
when gal gets mute  
smarty he looks  
mature he behaves  
whan gal s asleep  
still he stays awakes  
trust the gal  
make her feel like cindrella  
when comes rain of pain and problem  
he protects her like umbrella  
MOVING ON NOW  
everything was great, life goes on happily

but who can turn fate, happiness is dere but make it merely  
let me tell u story of a day bad  
which maked both gal and boy sad  
full story...is not worth telling  
that was really day bad...just know  
gal and boy in their own mind  
maked each other wrong  
didn't even talked about it  
even didn't gave chance to explain  
now not even they want to hear  
but also wan to have that back  
tell me the end of dis story  
m waiting for u beneath third row of library rack  
pls help me to get us back  
we both belong to same stack  
dnt make ma heart crack

# Alone In Crowd

this feeling hurts  
having a lot of friends  
but still alone  
ma mind is bummer  
i wish for this whole drama  
can i make ma clone  
it seems like  
m the responsible 1 only  
for every pain and problem in their life  
why this hard slow torture  
please directly stake me with knife  
this ex-drama is still painful  
why world doesn't understands  
when i get into pain and problem  
why not for me, anyone stands  
every person just expects  
their problem to get solved  
while they don't see  
with painful heart, i also get involved  
i have to set, i have to adjust  
if u won't tell me problem at surface  
how m i supposed to solve it upto crust  
unsafe and secure, is all i feeled  
please destiny  
make ma tension all get stealed

like how valued tears get  
just don't get into the car  
give me another chance  
and love me  
b4 again bad time mets  
m not crying like i always don't  
just eyes connects to heart  
and its exploiting ma beats

# Day With No Balance In Phone

i don't have msgs free  
i don't have balance  
totally abandoned towards world  
even with him for an instance  
dis whole world is based on connections  
and m connectionless  
ohh god, this is the worst feeling ever  
and i dnt even have lines here to write right  
this shows how much m phone based  
but now  
i see a hope of recharge  
i see a glance of reconnecting  
please i get positive reply  
pls save ma day from ruining  
and here s ma roomie  
she is so cute dat she is always hungry  
i wish i can send her to hungry  
m starving really too  
please send an eagle to dropp food  
though i live on ground floor and i have 3 floors above me  
still m on optimistic  
i trust eagle will come with something creamy  
something creamy

# Do I Seem Happy

M happy m happy  
Dnt knw why  
But m happy  
Do u know  
Why m happy  
No one knows  
Why m happy  
Wen I was sad  
I didn't confront  
Lemme do it  
In mirror front  
My diary gave me space  
To be stable in f\*\*kin race  
Race for life  
Race for smile  
Its only you  
Dat I ran I mile  
A mile of sadness  
A mile of laugh  
never been to that place  
and so not to hell  
ll u come with me  
to stop or may be  
ma mind make ma heart sell

# Hate It

No one knows  
what future brings

dominating my thoughts

apetite is not good  
screwing ma pain  
cutting what i feel  
and loosing ma tight kneel  
ryt now, m feeling like being killed  
i just wanna go  
missing ma home

# I'LI Stay

when we want but we can't  
circumstances makes us behave  
on conditions out off rail  
being a victim  
it strikes out my memory  
ohh crap  
m d one responsible for mess  
want to talk want to express  
confrontation came  
i got check mate in life  
like in chess  
apologizing why makes wounds easy to bear  
u don't deserve  
no, u don't any of my tear  
life always surprises  
with smile and pains  
still i have to  
i have to stand in rains

## Just In 2 Minutes..

crushed from ma books  
now m here  
even twitter seems bore  
have to mention  
last two minutes of ma day  
exhausting  
just want to know  
how people make kickass day  
ma roomie and i have  
an awkward cold war  
now she has 1 thing in her mind  
why should i start...why she get always a star  
ohh wait  
the person i love  
he is sleeping but he thinks m asleep  
i lied to him..it makes me much more creep  
the room next to me  
i think it has a loud speaker  
even if she talks to her bf  
i can have it all hear  
i mean we  
me and ma room mate  
we do it together  
but ryt now  
she is hot and m rain  
totally different weather  
cccccc  
its now next day  
still don't know what future brings  
i should go sleep now  
ma life  
its a solved cluster of rings

# Notebook

i need a notebook always with me  
like ma flip flops all d time  
like all my worst crimes  
like my cell to text and text  
crap ideas in my mind next  
caring for the people around me  
stuck me in condition impossible  
probably they got what dey want  
leaving me, standing with broken cripple  
she don't look gud, she don't luk nyc  
tell me y, water is lighter than ice?  
i can't tell her what i know  
surviving like this all the time  
feels like dead body, eaten by crow  
people get sensitive, overdosed by emotion  
y don't dey understand  
this would always suck with worst creation

# Should I Take Dis Turn

Ma life s on a new turn  
It's a drastic u turn  
Tmrw how to face it  
M somehow gonna learn  
How to behave hard  
How to behave brave  
I hope I dnt cry  
I get back, wat I gave  
Deep inside wat I want Is dat ma problem  
Or being wd dem In future is ma concern  
Did ma time has time  
Did ma heart has space  
If dey r really serious dis tym  
wat ll I do in dis case  
to fix present and past  
sort of compromise do I do  
wat If y didn't fit  
do I let dem dis tym go  
Ma heart beats ma mind growls  
M awaked nd so all owls

# Unsolved

uske aks ka vo andhera  
tadapti uski nigahe  
napaak irado ka pulinda  
dhime kadmo se aate  
us har 1 lamhe ki aahat  
jinki kashmokash ne thama  
mera dard juda meri jado se  
vo toofan uski vo har thaped  
jindagi ki har lat ko aur uljhati  
nakaam koshishe use haasil karne ki  
rasta jiska dil na pehchane  
phir bhi hum chal rhe h  
is aas me  
ki kabhi to in anjaan raaho me  
us ajnabi raah ko janenge hum  
us unsuljhe raaj ko maanenge hum

# What A Waste..! !

m in ma lecture  
lecture of optical communication  
attenuation and distortion  
are in ma whole concentration  
the way he speaks  
the way he walks  
the only ringtone he has  
its not definitely the liberty walk  
5th bench...1st row  
his voice in ma ears  
is worst much then crow  
ohhh mg  
the only word understandable  
to ma whole class is  
NEXT  
may god please  
make all souls taught by him  
take REST  
scattering loss..is caused by this that this  
ohh hell  
how he lives with her miss  
arj hai  
ye humara dard-e-jigar h  
dard-e-dimag me tabdil hota  
uff bacha lo hme is scattering process se  
varna mat puchna  
kyu har student is class me sota h  
wah..wah..wah

# When Only Hurt Surrounds

Jb lge sagar suna sa  
Jb lge raat kaali si  
Jb lge hwa unchui si  
Jb lge barsat bhari si  
Samajh aae dil  
Tera kaam hua khatm  
Ab hirasat me h tu dimag ki  
Jisne kia faisla vhi  
Jo duniya ko lge shi  
Ye tujhsa nhi jo khushi chahe meri  
Ye lge jaise koi raat ghaneri  
Kya btau is dimag k julm  
Staya mujhe kitna h  
Dil k har kone me h aaj bhi  
H Us aag ki jalan  
Samajh ja tu dard mera  
Na kar koshish malham lgane ki  
Sab lge khali khali  
Sab lge suna sa  
Vo 1 bhi sath nhi  
Jise keh saku apna sa  
Khud ko aaj samjha to lia  
Is duniya k tarike apna kar  
Khud ki duniya kahtm kar  
Par swaal h  
ye maine kya kia

# Without Him To Him

Someone dies  
Someone born  
Am amid u but not with u  
Like voyage of water and stones  
We didn't talked  
And m all alone  
Missing u really  
Ma spirit is now stone  
M walking on iron nails  
It's all blood on floor  
Ma eyes has tears  
All it does is stick with door  
Ma deliberation is in air  
And antennas are gone astray  
How come I can live without u  
How m gonna stumble on ma way  
With uplifting mystique  
I shouldn't speak  
today ma trouble on peak  
M I gonna die this weak
