# Deceiving Me

I can, t punish you,  
for not loving me,  
but i have the right to,  
hate you for deceiving me,  
leading me on,  
and making me fall,  
then you go and leave,  
me to suffer density,  
will strike you down,  
like thunder

# Love Is Blind

they say love is blind  
cause i cant see another  
person when i am with you

but my love for you  
is more than honey

# No Pain No Gain

No pain no gain  
When you gain you dont loose  
When you win they lose  
When you cry, they laugh  
It, is a secret which no 1 knows  
It, is a painful thing to carry

Life is a living hell  
What you plan never happen  
What you need you never get  
What you love goes a way  
It, is painful thing to carry  
No pain no gain

# Why Should I

Why should i depend on you  
you treat me like a fool  
just want to make me be  
like you, telling me what to do  
while you have no cruel  
you said you are a friend  
while your the end

i gave all my thing and what  
did you pay me, nothing cause  
your the fool while i will  
always be on top of you

they tell you, your beautiful  
then you laugh with them but  
when their tell me am cute  
you furn like a cat your  
never happy about me while  
i always make you laugh
