Darkend Soal

you hurt me bad but you don't care so why do I still love you? I'm in love with a monster I'm scared of loving anyone else because they would hurt me like you did you hurt me enough to make me hurt myself I'm scared to go to sleep at night because I'm afraid of seeing you in my dreams I'm afraid of making the mistake of being happy I'd give my life for you & to you all I ask you to do is love me... In exchange for my life words can't describe how much I hurt inside you walk around like we were never while I was holding on you did was let go

Detacated 2: Ora Moore

Im sorry did my back hurt you're knife?

-Never turn you're back on a friend, thats the best target.

-While you're stabbing my back, you can kiss my ass too.

-All the mistakes in the world couldnt measure up to the day i thought i could trust you.

-Yeah, being apathetic is a pathetic way to be...
but I don't care, what matters to you does not matter to me

-When your up, your friends know who you are.
When you're down, you know who your friends are.

-You can't laugh last If I stab you in the throat with...the knife you left in my back.

-I was the one who said things changed;
you were the one who proved it.

-Friendship is not capable of ending
For if it ends it is only because it never existed.

-I'll never forget what you did to me, but I'll never let you know I remember.

-In dealing with backstabbers
There's one thing I've learned
Those bitches are only powerful
When your back is turned.

-If your having doubts about whether you can
actually trust a person...chances are you can't.

Do U?

do the words I love you mean an thing to you u didnt feal the spark when we kissed? do my tears mean nothing to you, my love means nothing to you, you you mean everything to me so y do u make me cry make me feal week inside? u were my first love and my last do I ever even cross your mind do u cry for me like I cry for you? do u?

Monique White

Don'T

If I fall don't pick me up

If I cry don't wipe away my tears

If I cut please don't tell me to stop.....

But If I fall for you please catch me and don't ever drop me because if you do
noone will ever be able to fix me

Why does there have to be drama? with friends, between ppl about race, religion sex, especially sex. who cares if someone's bi, gay lesbian? why what will it do for u hating them? gawd, ppl cant force someone not to be themselves Its ridiculous I hate it when lyk a gurl walks by this her g/f ppl stare its not kwl its stupid

Impossible

i remember years ago
someone told me i should take
caution when it comes to love
i did, i did
and you were strong and i was not
my illusion, my mistake
i was careless, i forgot
i did
and now when all is done
there is nothing to say
you have gone and so effortlessly
you have won
you can go ahead tell them

tell them all i know now
shout it from the roof top
write it on the skyline
all we had is gone now
tell them i was happy
and my heart is broken
all my scars are open
tell them what i hoped would be
impossible, impossible
impossible, impossible

falling out of love is hard
falling for betrayal is worst
broken trust and broken hearts
i know, i know
thinking all you need is there
building faith on love and words
empty promises will wear
i know (i know)
and know when all is gone
there is nothing to say
and if you're done with embarrassing me
on your own you can go ahead tell them

tell them all i know now

shout it from the roof top
write it on the skyline
all we had is gone now
tell them i was happy
and my heart is broken
all my scars are open
tell them what i hoped would be
impossible, impossible
impossible, impossible
impossible, impossible
impossible, impossible
impossible, impossible

ooh impossible (yeah yeah)

i remember years ago
someone told me i should take
caution when it comes to love
i did

tell them all i know now
shout it from the roof top
write it on the skyline
all we had is gone now
tell them i was happy (i was happy)
and my heart is broken
all my scars are open
tell them what i hoped would be
impossible, impossible
impossible, impossible
impossible, impossible
impossible, impossible
impossible, impossible

i remember years ago
someone told me i should take
caution when it comes to love
i did

My Immortal(The Best Song Ever)

I'm so tired of being here
Suppressed by all my childish fears
And if you have to leave
I wish that you would just leave
'Cause your presence still lingers here
And it won't leave me alone

These wounds won't seem to heal
This pain is just too real
There's just too much that time cannot erase

[CHORUS:]

When you cried I'd wipe away all of your tears
When you'd scream I'd fight away all of your fears
I held your hand through all of these years
But you still have
All of me

You used to captivate me
By your resonating life
Now I'm bound by the life you left behind
Your face it haunts
My once pleasant dreams
Your voice it chased away
All the sanity in me

These wounds won't seem to heal
This pain is just too real
There's just too much that time cannot erase

[Chorus]

I've tried so hard to tell myself that you're gone
But though you're still with me
I've been alone all along

[Chorus]

No Matter What

no matter what i cant stop the tears from comming, I feel empty inside, you were the only thing to really make me smile, you gave me a reason to live you said good-bye and never looked back I cant even scream I hate you caus I dont even after what you've done to me.

Monique White

When Forever Ends

When forever ends I'll be over you then I won't care what you do
When forever ends you'll fix my heart, the one you shattered and tore apart
When forever ends you won't make me cry, no more tears and pain I hide,
When forever ends my life will begin but that will only be when forever ends
