A Place In My Heart

Een though you left you still have a place in my heart,
I think about you twenty four seven,
I can't take it anymore,
Just something special we had,
You wasn't like others,
I miss hearing your sweet calming voice.
I miss you so much.
I think i had fallen in love with you.

Bad N I G H T M A R E !

When you walk down the street,
You have no idea who may approach you,
You say in your mind that he is just a nice guy?
I think NOT!
GUY'S are just as much as important as other people.,
They lie && play you.,
You sit there with a smile on your face NOT KNOWING what is really going on
with them,
Dawgs CHASE BEUATIFUL girls,
You can't help it.,
REMBER things can turn out way different from what you think,
People are crazy.,
I'm so lucky what happened&& what didn't happen.,
I'm lucky but some aren't,
Be CAOUTIOUS!

Bring It On

bring it on i say you get
tired of listen to people that don't care about you,
bring it on i say to the world, i can be here one day and
gone the next, bring it on i say because im tired of putting up with peoples crap,
bring it on i say because i can handle things in life,
but i would have to go to my grandma for any help in this world

Confused

why do you try your hardest to confuse me
to make me choose between the two of you
why tell me something he said instead of what you said.,
why put me through mesouri
why put our friendship on the line
why hurt my feelings like that
should i trust you anymore
should i believe you anymore
should i care about you any more
if you did all of that why should I.?

Crying Out For Your Love.,

I'm crying out for your LOVE., I want to make things right but i don't know how to put it., i want to tell you i love you., and your the best., but somethings telling me that's not in my nature., sometimes my natures is crying out for love but yet you can't see it., you never took the time to really see what i have become., you don't show your love., so i keep my hidden away from the world., you want my trust., but my heart is in so much pain its crying out not to give it to you., you want me to be just a regular person but i'm not., i'm the odd ball with the problems., but your one of my problems if you don't show your love && support., my heart isn't going to except you., i get hurt easily., you may not know it., I'm crying., screaming., shouting at the top of my lungs for you to show me your love., but all i get is 'don't you see i'm trying to do what i can., but i don't what you want from me ' You don't listen! i want your love && support that's all., maybe if i act like Domonic, , , you will show your love., but I'M NOT DOMINIC., SO STOP TRYING TO COMPARE US., All i ever wanted was for you to show your love...All i know how to do is be me! ! ! do you get it mom all i ever wanted was your love....

Who do you think you are?
Ima always have a say so whether you like it or not.
My mom raised me Perfectly,
You've been gone for 13yrs? Foreal?
Im so DONE with you that i have nothing else to say to you,
I knew it was bad idea to even talk to you,
Im so done i ain't never been like this ever in my life,
You bring out the worse in me,
You should've stayed away.
Its your fault why im done!
Since i can speak for myself now,
You cant prove she is a unfit parent,
Little do you know from what the judge says if i dont want to go with you

Feel My Pain

can you feel my pain.?

do you know how hard it is for me to grow up in this world.?

how many things & people that are against me.?

i feel like i just want to crawl up in under a shell.

., so that i can keep the darkness away.,

i try to find my safe place in this world.,

i've realized that there is no safe place

its me against the world.,

who knows were i could end up by dawn.,

were i would be.,

i can disappear out of this world instantly.,

without a trace.,

i wish i could close my eyes my fears would be gone.,

but that will never happen.!

i've tryd to believe that i was just a simple girl & nothing would never happen to me., never came true my wishes are nothing to this world

this world is against me

trying to bring me down

trying to get me to do the wrong thing

what should i do.?

one thing i would never stop doing is believing.!

Friendship

friends are the people you can depend on
friends are people who will always have your back
i have a friend name courtney
do you have a friend?
well my friend is wonderful to me
and i will never let her go
she's the one i can depend on when i have nobody to talk to
friendships will always be here for you to cry on and laugh with
they will always be the one to make you smile when your down
and they will always be the one to make sure your on your feet and still
standing and not looking down
you should appreciate all of your best friends

Here Today&Gone Tomorrow

As i look at my surrounding's,
I realized i could be here today and gone tomorrow,
My mom's said to live my life and enjoy it,
Because i could be here today and gone tomorrow,
I always thought that life was a fairytale & i would always be a princess,
But i didn't realize i could be here today & gone tomorrow,
People always say the world would end in 2012,
But the world could be here today & gone tomorrow,
As i continued to walk down the streets & look at my surrounding's,
I realized that i'm no longer on earth,
I realized this pathway instantly when the gates appeared,
I realized that i was there yesterday but gone today,
No more suffering
No more pain
I'm gone today

Life is full of wonders,
Life is full of people,
Life is full of dreams,
Who made life possible?

God made it possible because if there were no people than were would the word life come from ofcourse we have our up's and down's in life we sturggle in life because of the dicsions we made we want the best so no one would have to e look down at people that don't have fancy have the best guess what god is looking wright at everything that people do so they will get theres and we will get e kids like me don't need to be in fights, selling drugs, cusin, being nedd to realize that we need to stay a kid for as long as we can because once you hit adult hood its as kids should stay in school for as long as we can to get a good degree

Same Old Games

Tiered of the same old games.,
Tiered of wasting my time on foolish people.,
I'm MAD on the inside..
Butt yet i'm SMILING on the outside.,
I new it was too good to be TRUE.,
Maybe he isn't the one.,
I really thought he was the one.,
I was so WRONG.,
I want to STAY....
But at the same time time my heart is crying out to GO.....

Seven O'Clock

When the clock strikes 7
i say to myself that time sure does fly
so fast that i don't even realize wahts going in my mind
i say why does time fly when the clock strikes 7
it dosent make sense because when i look up from my homework
i say it's 8 o'clock and my mom will be home soon
like my aunt use to say time fly so fast
that when i fall asleep its now morning and im starting a new day
wow time really does fly!

Tears Behind A Clown

the person who laughs the most tends to cry the most,
the one who sticks out from the crowd
the one who tells others to stay strong but is emotionally breaking down on the
inside.
no matter how much they plan ahead
stuff just seems to come to an end
that one person who always told you to have faith but doesn't even have it them
self.
they say a person musics can tell you a story
they say a picture is worth a thousand words.
the one person you thought was the strongest, maybe the weakest.
you never know a persons story til you ask.
just because they walk around with a smile doesn't mean they are really happy.
the tears hid behind a laughter is crazy.
the laughter is to hide the pain.
the smile is to stay strong
through every rain fall
there is a sun waiting to shine

Tearsdropsofafatherlessgirl

Have you ever flet a whole in your heart.?
Have you ever felt like you couldn't find a part of you.?
I've try'd to let other people try to replace that part,
but those men always threatening to leave,
No ONE can replace that feeling only he can,
he left not to long after i was born,
haven't heard from him since i was about 3 or 4,
I can't even rember what this man looks like,
I don 't even rember what he sounds like,
It is ashame that i still am holding on to thin air,
You have never been there for ME,
I can't ven trust another man or even let him get to know me,
for him to be my father
, All of my hatred has pushed people away,
I am built up wich so much anger,
I have hate towards the world because of you,
I try not to hold on to thin air, but it dosen't work,
I try to belive it is not my fault but i feel like it is,
I can't belive it,
I must have been the worst baby in the world since you are not here,
i never thought i was that bad of a person...

The Death Of An Angel

The spirit of his death was high ,
He kept his head up and his spirit high,
The thought of death made him cry,
But his wife and 3 daughters made him strong once again,
He was an true angel inside,
Good called him home therefore it was his time,

The Pain A Smile Can Hide

The pain a smile can hide,
Boy if a smile cant hide pain i don't know what else could,
Birthday is coming up..
Another year without you..
Learned how to drive without you..
About to graduate Middle School this year without you,
3 More years i'll be on my way to college without you,
If a smile ain't hide my pain for all these years i don't know what did,
Sitting here thinking how life would be with you around,
But then had to remember i have a father figure already so why am i stuck on
you?
Dang i don't understand it.
About to be 14 soon,
Bet You don't know when my birthday is,
Ahaa i remember yours February 14, the day i dislike the most.
My Mom was the best Mother/Father she could be && i love her for that.
We have our ups & downs But you can never say i had a miserable life.
My step dad is being the best father he can be.
If a smile ain't holding back my tears i don't know what it is.
Maybe its just the way i am.
Maybe its just that i'm starting to realize the TRUE YOU.
Maybe i'm just trying to move on in life,
Yeah i think its the 3rd one.
I don't hold grudges i forgive but never forget.
I'm trying to be nice as you can see.
All the tears i shed wasn't worth it.
All the hate i had for you was to much ENERGY.,
If i ain't make it through most of my life without a smile on my face ion know
how i made it,
But yeah its getting closer to my time to shine,
when i make it big, don't come knocking on my door w / the BS.
I would rather you tell the truth then lie,
Cause trust and believe that stuff you kicked at me last time wasn't true,
I would RESPECT you more if you told the TRUTH i wouldn't have acted that way
towards you,
Just because you can't grow up && take things seriously you will never get to
know me.
If i ain't brush you off & forget you i would have never made it without a SMILE
ON MY FACE! ! !

You CANT HOLD ME BACK NO LONGER!
No MORE TEARS,
NO MORE PAIN,
MY LOVE FOR YOU IS FADING AWAY!
SEE DADDY I'M JUST LIKE YOU!
I AM AS MEAN && COLD HEART'ED TOO!
MAKE A WISH DADDY YOUR GOING TO NEED ONE :)

Thoughts That Come From My Aunts Mind

the thought that come from my aunts mind are dispicable,
you cant even imagine the thoughts that are running in my mind,
i think about my aunt in someways,
like what if she was here what would she do,
how would she do it you try,
know i think before certain things and i feel like shes there all the time to tell
me what to do,
know my aunts wisdom rubbed off on me,
know her thoughts realy do run through my mind,

When My Musics On

When i'm listing to my music,
i'm in a totally differently world.,
all my pain goes away,
i may cry,
scream,
i might even yell,
but guess who really deserves my opinion?
me,
my music helps me get through the day.,
it calms me down,
if there's no music near.
if can't hear anything.
there's going to be hell,
i won't control it,
i can't,
i won't try to.,
my musics the only thing that i can say that really helps me.,

Why Can'T I Be Normal? ≪ / 3

Why Can't I be NORMAL?

Why Can't I act like a NORMAL HUMAN BEING?

Why must I put up a front && Act like NOTHING BOTHERS ME.,

If you could go through what i go through.,

you wouldn't stand a chance.,

Some people are so lucky to have a dad.,

Do I have one yes, But he can BURN In Hell.,

All the pain I went through.,

All the tears I cried.,

All the people I pushed away.,

The one man who try's gets hurt because of my hatred towards you.,

You've done done no good.,

You've done nothing but cause trouble.,

You actually think I would let my mom tell me what to write you?

AHHHHH, you've got it all wrong.,

I meant what I said & said how I felt.,

You deal with it.!

All I ever wanted to be was normal.,

Being Bi -polar isn't normal.,

Hating your father isn't normal.,

Being betrayed by your ' Bestfriend ' isn't normal.,

Thinking of ways to kill yourself isn't normal.,

You've made me CRAZY.,

You made me UN NORMAL..

Young Forever

Forever young i want to be,
I'm not ready to be an adult yet,
living young forever is the place i want to be,
Forever young i want to be young forever,
Let me die young or let me live forever,
Forever young i want to be young forever,
Lets dance in style,
Let's dance for awhile,
Heaven can wait were only young for awhile,
Forever young i want to be young forever,
I hope i stay young forever
Forever young i want to be young forever,
Hoping for the best but not knowing the worst is coming
Forever young i want to be young forever,
No power at all but i'll never say never
Forever young i am & forever young i'll be!
