Why Cant I Find Love

my past leave me wondering what is going to happen to me in the future, I've love but haven't been love back, I've look for love but haven't found it yet, I'm looking for that sweet touch, the romantic eyes, The heart that beat the same beat as mines, that boy that says he love me every single time he gets a chance, that boy who isn't afraid to show commitment because of his friends, but i guess i have to wait a little longer to see if i find true love but if i cant find him i no he will find me...

Why Just Friends

I love you more than a friend but you fail to realize that giving you my everything an still I'm left as just that you want me to trust you but you give me a lot of reason not to. If i am your friend an u treat me this way then how much of your friends you had sex with today
