# Change's.....

You've changed into someone  
i dont know any more.  
I saw it coming long before it happened  
but you cant see it.  
I fear for what is happening to you  
i cant stop what i see.  
The love that was once in your heart  
has been replaced with ice.  
The words you speak now  
are not the one's i know,  
the you i love.  
What has happened?  
What has changed?  
From the you that i know  
the you i love.  
Your apart off my world, my heart, my life  
you always will be.  
What ever words have been spoken  
i haven't changed...

peggy star

# Enjoyment

I took the plunge  
told you how i feel.  
Of the feelings that were inside  
you surprised me with your response.  
I thought you'd cringe with my word  
but you say you feel the same! !  
These words will say with me a lifetime.  
The world once more  
is a place i wont to be.  
My reason for waking each day  
my reason for wonting to.  
For enjoying life  
for smiling once more.

# First Sight

I knew as soon as i saw you  
i would love you forever.  
From the first time you looked at me  
your first smile,  
the first time i held you.  
The first time i kissed you  
the touch of you skin,  
just you all over.  
That momment will stay with me  
in this life and the next.  
You are my first born and i loved you  
at first sight.

# Guilty One

The guilty one,  
is how i feel.  
I see your pain  
but can not help.  
I hear the hurt in your voice  
i can not heel it.  
Everything you hope for  
i no longer wont.  
I have it in the palm of my hand  
but yet i wont to throw it away.  
Time is running out for some  
but i just wont to run out.....

## If Only I Could..

I wish i could stop this  
all this thinking i do.  
Things go round and around  
my head so man many time  
they wont stop.  
I know i love you  
you say you love me too.  
I know i wont to hold you  
you say you wont to hold me too.  
I wounder if there is a next step  
what will it intale,  
but would i fall if i were to take it?  
I know its not going to last  
a lifetime or less.  
But i'd love to know  
whats will happen along the way.  
The not knowing is the same as  
the knowing sometimes i think.  
But i do know this for sure  
what ever happens along the way,  
i won't regret a single moment of it  
i hope you'll feel the same?

## Missing Years.

I cant stop from thinking  
about what you would be like.  
I look at your picture on the wall  
cos your face has gone from my mind,  
a lonely tear goes down my face.  
Would you be tall, dark and handsome  
i smile and wounder to myself.  
What would you doing now?  
Enjoying every moment im sure.  
For only you hold the answers to my thoughts  
sitting up there apon your cloud.

# Only In My Heart

I cant imagine my life  
with out you in it.  
Your smile lightens my day  
your voice is like a song in my heart  
your whole being feels like a gift from above.  
The gift of new life  
my new life..  
My world has been turned upside down  
by just having you in it  
i know i wouldn't change a moment.  
For one second in your arms  
has released the years off emptyness  
inside my heart.  
The being someone ive had to be  
instead of the person i wont to be  
if only in my mind and not the real world.  
I wouldn't turn back the hands of this clock  
fore i enjoy the 'now' better.  
To look forward in life  
not back in the dark times...  
if only in my heart.

# Solitude

When will the pain end in this world  
we have to live in.  
For the family/friends we love  
or the humble man who goes it alone.  
There's you with the pain that is all so real  
i wish i could take it away.  
You've been hurting for far to long  
there's no justice in this world we live in.  
You wont to be oh so strong  
but you are in your own way.  
The love you have in your heart  
may not releive the pain you hold so close  
but it could move mountains.  
Hold the faith in urself  
and feel the faith we hold in you.  
You feel alone in life  
but while you've got people who think of you  
you'll never be in total solitude.

peggy star

# Stairway

i hear your voice calling me,  
i walk towards you  
then you call my name again and again.  
i keep walking and walking towards your voice  
it feels like ive walked miles.  
i can still hear you calling...  
then all off a sudden i wake  
then look over in our bed.....  
then i rememeber your not here  
and it was only a dream.

peggy star

## The Next Corner...

Every corner i turn i hope to see you  
the person whom keeps my spirits high  
my smile alive  
my heart from dying.  
I get closer and closer to you  
but it feels like ur moving away  
hiding behind that next corner.  
I run to catch you  
hoping that this corner will b the one,  
the one i find you waiting for me.  
All these things are goin through my head  
remembering the past,  
the touch off your skin next to me  
the softness off your hair  
the sound off you going to sleep in my arms.  
But somethings changed...  
where you once were  
a loneliness is now.  
Oh i wish that this corner would b the one  
the one you'll be there waiting for me  
then again we can be one,  
Im here waiting and wishing.

# What Ever Happens.....

What ever has been said or done  
your still a part off me.

I dont wont to let you go  
i wont to make it up to you.

If you hear my crying  
hold me.

If you see me laughing  
join me.

If i seem to be lonely  
comfort me.

What ever happens  
be with me.

# What Is This World Comming To?

Ten million dead  
and what is it for?  
A piece of bread and nothing more.  
Where man fights his brother  
where man kills man.  
This place is not a land i know  
humanity and mercy exist not in this land.  
A killing field but still i sit here  
with my head in my hands  
and ask myself, why?

peggy star

# Words Unspoken

We met by chance not that long ago,  
but you touched my heart like no other.  
You made me feel real again  
when i thought all was lost.  
I no that this will only be a one sided thing  
but i can cope with that.  
Because your worth the thoughts  
even though i know you'd run a mile  
if you could read them.  
I would raither have you in my head  
than not have you about at all.  
My heart jumps when i hear your voice  
but i know i will always live my life  
with my unspoken words.

peggy star

## Young Life...

I sit here and watch the world go by  
I wonder the secrets people hold  
the pain that's in their hearts.

I look over to see a child sleeping  
so settled in its slumber.

The innocence of peace and youth  
oh a mere memory of mine.

The years that have gone past  
years of pain, loss and life.

We each have our own story to tell  
of the past and the now.
