A Teacher Who Is Just Right

Have you had a teacher
That makes your heart glow
A teacher is wonderful
A teacher whom you feel honored to have

A teacher who you can laugh or cry with
A teacher whom you can love no matter what they do
A teacher who looks up to you when you don't know
A teacher who just seems to understand you

A teacher who you think about day and night
A teacher whom you pray for as you go to bed
A teacher who is there when need them to
Thoughts of them are always in your head

A teacher who shares with you there ups and downs
A teacher who is there for you in school
A teacher who you share all your smiles with replacing all your frowns

An Amazing Wedding Poem

I am your princess.
You are my prince.
May all of our wishes come true.
This is our special day.
This is the day where we get married

Our wedding will be a nice one
The wedding is when ever you want it to be
Our day will soon be here
All of our families and friends will be there

It will be a fun day for both of us
Weddings are very amazing when you love the person you are with

Being The Only Visually Impaired Student @ Tywls

Being the only visually impaired student at TYWLS was hard
Dealing with students who do not know how to respect each other.
The students always judged me` cause of my impairment.
I did not like it because students never really understood me.

Happy Birthday, To the awesome person in the world

Happy Birthday, To the person that was on this special day

Life

Life is a tough thing to deal with.

Life like a roller coaster because it goes up, down, and around.

life is like this because people do not know how to respect each other.

life is a tough thing to deal with.

Lonely

Lonely, lonely, lonely
Sometimes I feel this way.
I wish I had someone to play with.
I wish I had a brother or sister

My Bff

Have you ever had a friend that you trusted.

Well, let me tell you about my best friend forever.

Her name is Angela Villota. We have known each other for a long time now.

The first time we met was at summer camp.

We used to come on the same bus. While on the bus we used talked to each other.

One day while on the bus as we were talking I felt like I tell her anything.

True Love

True love is when you care about a certain person.

True love is when you stay with that person in good times and bad times.

True love is when you are loyal to` person you are with.

True love is loving a person just the way that they are.

Why

Why are some people me
Why can people just be themselves?
Why are guys a Pain?
Why are guys heart breakers?
What are girls crazy about guys?
