Aromas Of Memories

'Aromas of memories' smelt
'Aura of divine' seen
'Love of love' felt
Flavor of 'Sweet pain for life time'.....
Pain that percolates
underneath the depth of heart
And struck between the conscious
Biochemical
emotional
Process of
Heart to brain
brain to heart.....
instant urge to be within the arms
of beloved
a random thirst to talk with her
forever.....
to walk with her in the moonlight
under the cold breeze
when her shy smile
transmits into a playful act of charm.....
when her cuddle make your all worries go
'when you stand holding her from back
in front of a mirror
gazing inside the eyes of each other'
and praying may this love lasts forever
when her eyes says you something that words cannot
express.....
when you hold her tight
she hold you in a rhythm that
embrace you to the ecstasy

when you don't have her
with you
at least you have those 'aromas of memories' smelt
to feel a millionth fraction of what you had with her
and traces of 'love of love' felt
with flavor of 'sweet pain for life time'.....

Best Friend

Best friend is one in life
Who is forever
Best friend is boon in life
Who is very costly treasure

my dear friend
try to understand the matter
What type of friend you want
Just openly talk together

It happens rarely in life, do not hesitate
To catch the golden feather
It's my advice for you to make a friend
who is really forever.

Can Friend Ever Be A Lover?

Lover can be a friend
But can Friend ever be a lover?
Think and Test it better
before going too further

Friends are lovable
lovers are friendly
But real love is very way beyond
And a too differnt entity

Love serves almost
every human relationship
No matter which
It is mixed with
Loves different
arbitrary qualities.

Crush to infatuation
Infatuation to addiction
Can Addiction ever equals
The devotion of lovers submission

All are just mild traces of
Infinite deposite of
true loves existance.

When friendship is
Not for benifit
And love is not for
Attraction
The true divine purpose
Of love is always
To be kind
selfless affection

When i seek intentions
and true cause of my love
My seeking logic always
Rebound me

with more close
And deeper search

Love with
ifs and buts
Are like
Questioning
questions
Between human relation
And lovers guts

Your Love
always indulge you
with No purpose
Yes its trigger is
craving for
Those innocent
blink of eyes
And those charming smiles

But what should i say
About those ego clash fights
Does it test your surrender
To each other or
it is just a part of
human behavior

Love should be love
Why named as a relationship
I think it can only be
Felt, inhaled with divine ownership

Complex Love When Simplified

Love is a strange truth of lie
Just try to simplify

An ocean of pain
Feelings in vain

Purpose of desire
Sometime truly admired

But often misunderstood
Until occurrence of real truth

When addicted by one
Taken granted by the loved one

When tried to expertise
Generally can't be generalized

And always should be in control
Becoz can contaminate your pure soul

And once performed without an urge of return
Is always result in eternal wisdom

Do You Know How Its Feels?

Do you know how its feels
When someone you really love,
Left you alone

Who can be believed?
When who was the most trusted
Becomes someone unknown

How this can happen with me
Yes! She was someone,
Really very own

Now my own love's shortcoming
Or my weak will to forget her
Will be blamed

But don't blame my great love
As deep within my lonely heart
I am still all alone

It was not about why? You left me
But baby! I came too far with you.
When you realize the game

As if this is all over by your side
I will be always and
Still the same.

Dont Flatter Me With Fake

Don't flatter me with fake
Give me the truth babe
that even i hate
Ya baby don't pretend me
that what you are not
or give me the proof of
whats inside your heart

Greed lust intentions
whatever you chase
Come to me only when
you got inside you the eternal faith
Cause i am made of that
commitment I cannot fake.....

People use me with their
short term goals
I was victim of many
wrong intentional that later unfolds
you know what i couldn't hold
Ya i know I craved for love
Now i crave for being bold...

But now i know What it looks
Its like just opposite of the faith
So better don't mess
I know you will find many
as of your face

don't flatter me with fake
Give me the truth babe
If you have faith
with true love
with true faith....

Eternal Journey

When I
Search for my existence
In the desert of pain
I find a long lasting thirst
for you have become no one to me
then for my burning heart I
Find shadow of tree
And oh my god i am just a dot i the sky and that tree is my life of karma
And i find the curves of OM
Which help me to reach there
To seek my sun
For my journey to life ends
And here comes the eternal rest

For Good Of Mankind

The stability of mountains in thoughts
the knowledge of scholars in mind
the emotion for good of mankind
and to help them who r fallen behind

the purpose to live life with pride n peace
the intention to call divine on earth
the follower of wisdom and values
the seeker who seeks his purpose of birth

the messenger of God
the follower of hard path of truth
the founder of peace in life

Copyright © Shiv Abhishek Pande
the monk who expects no fruit

the tunes of his lovely music
the charm of the songs he sings
the enthusiasm in every action
the sacred divine link

may God please send more like this on earth
for sake of good to mankind
hey! God we need them now
as the humanity is fallen behind

Happiness

My happiness is always choice of mine.
Blaming other is habit of swine.
When the things are not happening as we want.
Just wait and just observe it will be fine.

I know it's not easy to do so.
But trust me and have hope.
The way the life goes.
Is the purpose of divine.

Expectation reduces joy.
It's always a dangerous toy.
If you want to play.
You play and confess.
Do not say lie.

At least be true to yourself.
Do believe in god, as god is your true self.
And if it seems tough.
Then make hard work your luck.

Love when becomes purpose less.
And karma becomes selfless.
Then god is not other than you.
And life becomes sacred rhyme.

Happy Birthday Means

when they say me 'Happy Birthday'

they mean one more year of pain?
or one more year to gain?

they mean one more expectation in vain?
or one that i have maintained ?

they mean one more year with love?
or one more pack of 365 that sucks?

they mean one more year for my achievements ?
or one more for me, with my disagreements?

they mean one more year for 'Being me'?
or one more year to face, the bitter truths I see.?

they mean one more year added in my life?
or one more that is just lessen my light.?

they mean wait one day you will be happy ?
I say, I have counted it enough, there is no mercy.....? ?

to be continue.....

Hate Rap Love

WHEN NO FAITH ON FAITH
AND EMOTIONAL DEATH!

LONELY STAY
NOTHING TO PAY!

NO ONE TO HAVE
NO ONE TO LOOSE!

JUST PURPOSE OF BIRTH
WHY LIVING ON EARTH!

A REASON TO LOVE
AN INVITATION TO PAIN!

CONVERTED TO HATE
A REVENGE TO FATE!

WHAT CAUSE THE BREACH
WHAT CALL THE END!

MANY MEMORIES WAS UNDONE
MUCH TIME TO LOOSE!

WHY SHOULD YA START
IF IT HAS TO END!

MANYTHING TO SAY
ANYTHING TO DO!

BUT WHY DID THEE SEND
THE GIRL LIKE YOU!

MAY BE HIS WISH OR WILL
I HAVE NOTHING TO PROVE!

I Wanna Hold Your Hand

I wanna hold ur hand
I want u to be my best friend
I want u with me till the end
Yes I wanna hold ur hand
The language of eyes u know
very well I can understand
And ur precious smile gives me
How much strength
Yes I wanna.....
Ur divine attraction is my passion
And how much
I m addicted to it
I can't understand
Yes I wanna.....
Beauties are many in this world
But for me there is no one
Who can withstand
Yes I wanna.....
I want to talk u much more
Than that I always pretend
I want to share my life
With u hand in hand
Yes I wanna.....
Deep inside my heart
There is place for u
Where u can stand with me forever
And I will never allow u
To go away from me no matter
How much u understand
Just Yes I wanna.....

It Was Always Been Your Choice

Its was always been your choice
when to come when to go from my life
but i has only role to welcome you
yes i know am weak from inside
it was always you who decides....

then how could i realize better i was alone

when you say lets dance
i dance with you like never before
when you say sing a song
i sing the loveliest theme of romance

then how could i realize better i was alone

cause at that time before i never feared
to loose someone whom i loved my dear
i was all alone but my dreams
was with me as my path was very clear

yes i realize better i was alone

but you came in my life
you changed me my dreams and my life
you snatched the way i live with myself
and suddenly its only you whom i care about

and now i belive better i was alone

then your aromas started mixing with my breathe
your pretty glance set my all desires to unrest
you started addicting me with your doses of love
then suddenly you say 'oh dear realy i love you... i doubt'

oh yes...i realize better i was alone

you tried me in every way you can
my faith my beliefs my devotion for you then
you were set for a new adventure you already planned

yes you were already done with me

baby then i realize better i was alone

as you said there is now nothing to say and hide
now its all over yes you always decides
then i remain shattered broken
like a storm of high emotional tide

oh then i realize better i was alone

better sooner than latter
i should have known
better i was alone
as i know now and then forever.....
then i realize.....better i was alone.....

then i realize.....better i was alone....

Lover's Quest?

Will you leave me, when I need you?
Will you forget me, when I remember you?
Will you ignore me, when I seek you?
Will you hate me, when I love you?

Yes I deserve your hate
This is always with my fate
I don't know what is there in my future
And who cares how much I am mature

But I always want you to be with me
To share every moment of my destiny
No matter how this is possible
And no matter how much the out come is miserable

But your absence is humiliating
And your separation with me is frustrating
How you have become weakness of mine
And with you why I feel presence of divine

Test me until my last breath
Test me with my only faith
As my every breath is full of your name
As my every thought praises your fame

My Changing Life

you change everyday like passing time.
you broke everysecond like unfaithful faith.
you have always been constantly changing.
but you were the same inside me,
like my death

inside me you were like the laws of nature
stagnant mammoth and stable like a mountain
you were like a river changing its course,
but never slow
you were the breeze intoxicating the desire fountain

desire fountain of my desires in life
and never ending demand of pleasure
you were my hating love for this treasure
and you were my only existence.
like my nature

my nature of love, joy and harmony
you were always in the mercy of my thee
my Lord, my God and my lonely being
but why I seldom have a quest for
the 'eternal theme' of love

eternal theme in your service my master of love
my cause for intensification of presence of my lord
with this as a apart of my wisdom.
to my life
a piece of a tiny thought tied with,
word's cord.

My First Love

Once upon a time
I was in a frame of mind
To have someone special
One who will be real love of mine

For whom I will let everything sacrifice
For whom I will think all over the night
For whom there is nothing I can't do
For whom my love is real and really true

It was very pure intention of my heart
It had become my purpose of day to start
And yes! One day God had a gaze on me
And hey! He did what?
Thee send the same for me.

It was like a heaven for me
As if the world was made of only shiv and she
The life was running with a great speed
It was tough to live without her or Let her to leave

I don't know, what it was
Addiction, infatuation or
Was it a was?
Love with lots of life
Let love be love.
Why bound it so tight.

Day by day we were becoming one from two
The frequency of thoughts was becoming same too
I was in her heart and in me she was breathing
What else you want in life,
The life was too much soothing

But my fate was not had that all
One day she said me, this is not love!
You are not someone, made for me, that's all
It was her conclusion on my real committed soul

And she left me alone
With the memories I made
And it was all over
Once and for all

And do you know why she left me
Who more than me had this curiosity
She told, my intentions in life are different
And now she really got someone perfect

Someone who understand
Everything in life
Someone who with,
She was more alike

She told, -
"she was never loved by me
And same here with her she never loved me.
Now she don't bother whatever I think
How much I try, I let her go, there is nothing to hide"

I told- now there is nothing to see now
But don't blame me like this and any how
I will love you forever in my life no reason why
You the one for me
You were my first love in life

Still she has place in my heart
Still she comes in my dream
Still I find her sometimes
In my broken heart's poetic theme

Mystery Of Life

Life has been a mystery for me
But a very easy game for thee
Its really a mirage for me
Or ultimately a lock without a key
Life has been

The truth of life is
Man proposes God disposes
And u knows life is what?
Just everything that God imposes
Life has been

Dont take me as a real pessimistic
I have not been always like this
It is the result of my fate
Who knows how much I am pissed
Life has been

He always plays with hearts
He always plays with dreams
This is his very nature
No matter how much you scream
Life has been

Expectation reduces joy
Remember this always
Otherwise you will be
Mere a toy
Life has been

Never expect anything from anyone
Otherwise be prepared to be stub born
And if u suffered for expecting anything
Then be prepared for failure in everything
Life has been

As much as you rely on others
You cant concentrate on your work
And if you rely for emotional causes

Then be prepared for long and continuous pauses
Life has been

He is responsible for making two near
Then what is wrong and what you fear
When you open yourself for someone you love
Then always prepared for lots of tears
Life has been

They start stories between two hearts
Then he start playing with their parts
And he start creating distances between them
As soon as the feeling of love starts
Life has been

Yes, he will bath with your tears
And feel joy with your anxiety
I know you will not believe
No matter who is your deity?
Life has been

No Commitment

No commitment
Just purpose.
No faith
Just weak trust.
The life?
Just one more desire.
The love?
Just strange liar.
No surrender
Just false ego.
No care
Just mercy flow.
The respect?
Just identity suspect.
The service?
Just selfishly publish.
No identity
Just unknown entity.
No dependence
Just lonely existence.
The fear
Just inside prayer.
The God?
Just I myself.

People Come And Go....

People come and go via my way
i remain lonely as always

i know i get attached sometimes
with the sudden emotional rage

yes i am still living but i slowly breathe
i am like a river of love inturn

and peoples are like stones...
some flow with me and some remains unturned

but i know too the venom
intoxicating memory trace

what they say.... what they do
is that means love or mere absence of hate

better go by emotional layers
like affection attraction infatuational fever

or way beyond deep loves eternal existance
love is only made of love nothing else ever

the heart that still feels her heart beats
irrespective of her love's betray and hate

her love is not for him now....
but still her love's memory is lovers only fate

Shiv Abhishek Pande

Road Ahead Human Desire

Dont knw the road ahead
Dont knw the turning fate
But knw what the will like fire
knw too the burning state of human desire.

Inside me is the conspiracy of subconscious.
Inside me is the sea of human wants
Never ending process of collection
Infinite types of selfish intentional grants

They say it servival of the fittest
I say it exploitation of the weakest
When i say it. i mean human needs
Life needs air water food to poor
But rich luxur is smoke and liquor

Need of love need of companionship
Need of care need of survivalship
Need of touch need of a hug
Need of every aspect of humanity as such.

Pain of love search for relief
Memory of love restless at its extreme
Infatuation attraction lust and love
Equal to
Frustration sadness guilt and thirst too.

Search for money search for pride
Search for love search deep inside
Search for power search for infinity
Search for existance in the world of uncertainty.....

Path of human life
Road of human struggle
Collection of sins of karma
And curiosity of road ahead dharma.....

(Dharma = wisdom)

(Karma = concept in human mythology for good and bad Deeds)

Shiv Abhishek Pande

Stagnant And Dynamic Divine

When dynamic is stagnant
stagnant is dynamically defined
Dynamic movement of matter
Or stagnant rest of divine.....

Stagnancy is rest of energy
And dynamism is flow of Stagnant
stored energy omnipotent
quantum play of dynamic omnipresent.....

Dynamism of human wisdom
And stagnancy of divine character
God in human existence
And humanity in godliness factor...

Being human full of karma
Refined karma makes us God
God is none other than
The merciful nature of thought

Thou art that propose
Thou hast that impose
Thee love of divine
And eternal search of sunshine.....

zehan mai swaal jawabon ki kashmakasha hai baki
tere tasawoor mai bhi hai chamak baki
meri dewaangi ko dosh mat de mere sukoon
uski zindagi mai shayad hi hai mera koi nishaan baki

usse isqa karna tha to iska seekhaa maine
seekha ke isqa uska, khudka na raha hosh baki
uski hathon ki lakiron mai yoon gum hui meri kismat
tanhai ke daman mai gujarti hai har shaam baki

uski khushabu mere zehan mai yoon bas gayi hai
aur uski wo muskurahat mere hoton pe baki
wo jo hamne jiye the chanda lamhe mohabbat ke
bas unki yadien hai dil mai, aur hai kuch dhadkan baki

un swaalon mai ek swaal ye bhi hai

tu to nahi hua mera, mai to tera hi tha, jab se thama tha tera haath sathi
tune saatha chod diya mera, teri marji
bas itna bata de,
jab satha chodna hi tha,
to khaali rehane dete hamara jaam saaki

The Inner Voice

To listen the inner voice
Is always a ultimate choice
But it's not so easy
As it requires an analysis which is too much precise

Analysis to inner soul
Do not bother if it seems, as an empty hole
Just have faith without any fear
Then whatever your heart says, do it my dear

Generally the inner voice
Is mixed with various noises
But to listen it clearly
Just try twice or thrice

You may get it sometimes
Without any effort
But sometimes it requires
The greatest possible support

It's really depends on you
To find which way is always true
Yes my dear it's your inner voice
Which is sometime so new and sometimes so nice

Also it is directly related to your satisfaction
Which is always something to do with your destination
As far as I know
It always requires some determination
Without any hesitation and procrastination

This Time I Will Not Initiate

This time I will not initiate
Let see,
What is in the fate?
Or wait
From now,
I will never introduce myself
Will definitely find,
Every reason of hate

And even will never prove
My existence to you
From Now,
It will always be asked by you
My love will never
Require any explanation
My feelings
Will never be frustrated by you

For you was my first love
When Things get clumsy
Between us
When he test
Our devotion and love
Alas! Thee tested you first

Otherwise
Silence of my silent words
Has always told you
That there is
Nothing to talk
Nothing to explain at all
When our hearts are
Really interlocked

But you got confused
Every time
You were in search of
Reasons
And I don't know

What was in your mind?
But I know your heart
Was selfless
Your soul was
Too kind
That's why we met
But oh!
You were finally fallen behind

What I Like In You

Do u know what I like in u
Just everything u have in u
Believe me my every word is true
As up till now I know about u

The way u walk, the way u talk
The way u fought, the way u taught
Is capturing my every
Attention of thoughts

The way u smile, the way u cry
The way u ignore, the way u try
Is stimulating my feel of life.

The way u tease, the way u please
The way u fight until I cease
Are moments of my life
With ultimate peace

The way u see, the way u shy
The ways u sing, just make me fly
The way u dance and your pretty glance
Is in my fate as a matter of chance

The way u share, the way u fear
The way u hear, makes me dear
The days of tears, the days of cheer
Are the moment makes us more near

The way u hides and
when you're my beside
In both cases,
creates a tide deep inside

Yes I want u with me, in my life
Ur naughty behavior
When I try to forget u,
Is my greatest failure
Why I want u,

for everything to share with me
Will someone tell me?

What You And Me Owe To Love

you are not that
wanted now
cause i have
already learnt
to live with myself,
some how
that doesnt mean,

i still
not love u
cause,
i still
cuddle u in my dreams
but the thing is
now my heart is
tired of being
one sided in love
as it seems

so this is new me
that just exists
with my soul dipped
into my selfesteemed erg
that for you, i have
always compromised

but let me
tell you now
i set you free from
whatever you and me
owe to love
and you now
go get what
your soul made for

and in the mean time
i am loving to love
your memories
inside me

that i will
always keep in
my subconscious
it comes
when i sleep
in my dreams
in my lifes
every dawn evey dusk

Who Am I.....?

Who am I, who is myself.

am I the 'I' for sure

or

something beyond else

am i the physical body with touch

am i the mind full of thoughts

or

am i the soul that seeks

its existence in this planet earth

am i the fine traces of so called psychology

or

thoughts of minds made up of complex chemistry

am i the craving thirst for lust

or

am i the saint's celibacy that commands senses with guts

am i the emotional and dependent creature of god

or

am i the creator of my own destiny with karma i do must

am i the physical mental

spiritual metaphysical cosmic body

or

am i the filthy greedy poor

human being of this social animal society

am i the lover that loves beyond his heart can take

or

i am the selfish masculine man that know only to hate

am i the nation of many like me seeking as much as land

or

am i the seer who see everything belongs to God's hand.....

am i the selfish human that harm pollute the mother earth

or

am i the sage that sees divinity on only nature's wander thirst

the self realization is an eternal search for 'who am i'

let I search I

and

you search you

i know we will meet at the same point where you and i have

Your Happiness

Now your happiness is purpose of mine.
When you are with me everything is fine.
Yes I know sometimes there are ups and downs.
But when you believe and try everything shines.

I like the way as you always joke.
But still you love 'my love' seriously I hope.
It's blissful when you laugh loud.
But when you ignore me, naturally I will shout.

Love is mixed with pain and pleasure.
I am waiting when we will be together.
If you will be with me, I bow to thee.
I will not let you go forever and ever.

Its nature of life it's always hides.
But you trust me in my every side.
As my love for you is like a high tide.
And I want you to be always my beside.
