# A Night! !

A night is up there  
A long faded nite  
Its so quite everywhere  
Touchng my calm heart

Making me more sad  
Devastatng my fun  
Making me so alone  
A nite is up there  
A long faded nite

wht will make me even calmer  
Dats thought of u  
Making me bright  
But collapsd n out of sight

A nite is up there  
A long faded nite  
There's lot to say

Lot to describe  
Lot to think  
Making me dumb  
A nite is up there  
A long faded nite

# A Nightmare! !

Whole buildngs were destroyd  
People were running here n there  
Things were stolen  
There was a bomb blast

Bleeding all over me  
It was not stopping  
No cure was found  
an aids was found in it

Wht a nightmare I saw  
Lend me ur hand to pull me up  
To think of new world  
To cherish me

M I dreaming or I found cure  
Its not in my hand  
Its lost sumwhere  
Then I saw a sweet whispering  
It was there n I was lost again

# A Ray Of Light! !

A Ray of Light

I open up window in the moon light  
Moonfairy shining bright  
Giving up a ray of light  
All haunted dreams shimmering the sky

A Ray of Ligh

t

Telling the stories of past  
Wid the charm of its night  
Where Stars smiling bright  
A Ray of light

Holding sky in hand  
Looking for another night  
O my! its moonlight  
Drops appearing in bright light  
Givvng the hope of morning bright  
A Ray of Light

Hold my hand n let it fall  
Coz its coming of day light  
music playng lovely n delight  
A Ray of Light

# All The Music Was Stopped! !

All da music was stopped  
Brought hour to halt  
Spookiness prevailed everywhere  
Ghosts moving here n there  
No sign of life  
All da music was stopped  
Ppl stopped walking  
N I was moving  
Feet were tired  
Eyes were cruel  
There was nobody to save me  
I was stopped  
All da music was stopped  
It tuk away my walk  
Heels were high  
But peek was low  
All da glitter was gone  
Wid da mist of his bones  
All da music was stopped  
Brought hour to halt

# An Another Day Of My Life! !

O shiny day, O bright day  
Till I b devastated what a glam day  
Its just matter of time  
With a coffee in hand

And wooden sticks to wrap my way  
But wht a foolish thing  
Wht a burnt castle it is  
Tieng up da wooden stick

O wht a glam day  
Wht a bright day  
Nothing to last, nothing to stay  
All I need is just a glam day

O wht a burnt castle my way  
Needed you with just a movement of clip  
O wht a bright day  
It looks ambiguous

With all windy storm  
But wht it remains Is a glam day  
See it thru my eyes, check da glam day  
O wht a bright day

Its taking away my pain  
Glittering in rain  
O wht a shiny day  
Wht a bright day  
U cam across my mind it was full of shine  
O look at dis wht an another day! !

# Anchor In My Life! !

Anchor in my life  
Sink in my soul  
Flow with my rythm  
Feel me the sunshine V beautiful

this lonliness is so gud  
Making me crazy  
Striving for another struggle of life  
Twistd in crise

kool n hot  
Went to hell  
Things were mine  
World was mine

Taken a nap to night fall  
Anchor in my life  
Sink in my soul  
Flow with my rythm

Anchor in my life  
Sink in my soul  
Flow with my rythm  
Feel me the sunshine V beautiful

# Anoder Day Rise Of My Life! ! !

Another day rise of my life  
I'm sinking into bed  
Can't make up mind to get up  
Afraid of another sun dawn  
Will pass by so meaningless  
Can't sleep as well  
Afraid of bad dreams  
Sumbody Bring the bed cofee  
Full of energetic tonic

I'm all alone struggling again

# Another Word! !

Another word  
Would be in heaven  
If u would smile  
Would make it better  
Shadows not leavng me alone

Wht if u grab it  
N make it loose  
Elle 18 was crunch  
Painted my wardrobe  
Rubed the cardboard  
Twisted the butterfly  
Making it fly

Groooming grooving  
Chilling on air  
Placed my heart in rack  
was swimming in ocean

Seconds movng faster n faster  
Turning the hours in one more stop  
Activatd with ur glance  
Making another stop  
Another word

# Ashes Of Time! !

Its centuries past  
Lost in ashes of time  
More toxic than ashes of cigrets  
Wht a relieving act

Com shine upoun me o beautiful stars  
Com giv me rain to bless my soul  
Washing da brain  
Purifyng da Jane  
Wht da Ashes of brain

Its painng inside my bones  
Fires burning  
Making the weather stiffer  
Loose it or let it go wid sunshine

Com giv me rain to bless my soul  
Tired of bullshit  
Be my support  
Honey let it go

How long it can go  
Just another second of my life  
After dat it won't b mine  
will b lost with ashes of time  
Lost in ashes of time

# B My Inspiration!

Be My inspiration  
Capture my soul  
Fly planes wid me  
Turn to another world

Where just U n Me  
Under the skin  
Inside my heart  
Diving in sea  
Surfing a collaboration  
Electrifying love  
Lovng u one more time

Voices making me sick  
Pics shattering me One more time  
Let the valve get open  
Wasting precious time  
Coming towards u  
Making myself blind

theres one thing matters to all  
Sweet whisper of sweetheart  
Laughing voices making me cry  
Shadows making me divine  
G hour anodr eye vision

Making me write one more rythm  
Kill the bill  
See the hill bill  
Be my inspiration  
Capture my soul

# Bad News For Tomorrow! !

Cutting my wrist for a cause  
Calling u insane

Wrist found a life in u  
Blood is inside coz of ur beats with me  
Love u more than myself  
Blow my mind with ur kiss  
Want to intercross blood wid u  
So that u run in me  
Like a beat of heart  
Hearts beat so fast that I wish I die of love cancer  
Ruin me fully till I live in U  
For the time I wish I b urs  
Only n only urs  
Bad news for tomorrow

# Beautiful Road! !

A beautiful road  
The road of flowers

There was no compromise  
Its all built in technology  
Wht a midnite burning oil

Blossomd my way  
I was there n nuthing was lost  
The path of beauty  
Soul to creativity  
Mingled my way

A beautiful road  
The road of flowers  
Path of followers  
Mingled my way

Everythng was allright  
There was no pain  
Heart was beating normal  
I was carefree  
Wind was mine  
The road of flowers  
Mingled my way

# Blocks Of His Merge! !

Blocks of his merge  
Turning n shining  
Clapping the air  
Dimlight in darkness  
U n me twisting the air

Burning candlelight  
Lying in air  
tub widout water  
Shing glossy body gel  
Smoothing da skin  
Bubbles flying in air  
Swimming in anodr hot tub

Grasping the deep breath  
peeling off the bitter skin  
Blocks of his merge  
Taking deep breath  
On the surface of sea bed  
Floating n floating

Peace prevaild everywhere  
Taking another flip flop turn  
Enjoyng n playing with water  
Air smoothing the chill will  
Stars shining bright

In open bed of blur  
sea bed of roses  
Smell most gracious, the precious  
The odour of his body!  
Anodr sea vastness  
Like great mind twist of his crown!  
Wht a prince theme

# Catwalk! !

Catwalk

On the ramp

There's a silk gown flowing thru neck to legs

Wht a shiny glitter in her eyes

Following the eyes

the shadows of glamour

Keeping it in shine

Twist in her hands

Making the ramp go mad

On the other hand

Eyes in backstage

Eyes filled wid tears

Following the smoke ashes

Emptying them with emptiness

Head over heels for nuthng

Living in circle of life

Unitiness for tidiness

Living across the ocean

Flying with steady clouds

Slow n steady loosing the game

Loosing it in my way

Where noone can see its top

All in vain n emptiness

Shuttering n fluttering

Catwalk

Walking smoothly making the things working

Leavng the sadness for a while

Eyes shining like a cat

Bruising the weirdness in her

Catwalk

Wearing helli jeans  
Toping up with crystal shirt

For unsakness of God

Soothing the affect  
Sweetnes of sugar  
Bitterness of air  
Turning it bitter sweet

Caramel luscious  
Crossing fingers  
Taking a deep breath  
Turng the flame on  
Cofee not a tofee

Wandering around  
Eyes nowhere  
Searching for a shot  
Glimpses of sumwhere  
Give me a break

Cofee not a tofee  
Breaking news  
Master luscious

# Disposable Head! !

Wandering in blue open sky  
Empty headed  
Trying to relieve me  
In his access to my mind  
N where he takes me to heaven from hell  
Hoping to struck da channel again  
Back in times  
Channel of purity n love  
Love of his sweetness which is hidden  
O Lord give me time to smell his perfume  
Perfume of his gentlness n care  
Love u both handed applaud  
Giving another side a kill bill  
Disposable Head  
Paining n struggling to life  
Where want to recognize faces  
Faces that shatter me n faces that I adore  
I find him in purity of life  
Dunt take him away

Tickle on face  
Live with charm

Few tendrness of miles

Making my way blue slim  
Roads passing... making another wedge stone  
Wedge of curves to a gloomy way  
Gloomy way of signs bright  
How long it may last?

Just another twinkling of eye  
Moments of urs sweet Although insane  
Turning my way few words of ur divine  
No sweetnes no hotness  
Unless u groove da flame  
Sighs flying n making me go divine

Can it make me go high?  
Can it make me fly?  
To anoder world of divine  
Where life can reach  
Teaching me steps of ur presence  
Lying in tub.... thinking of U

Making my momnts shine  
Swalllowing the grindstone

But making a hope of dreams

I was encaged in soul  
Struggling to come out  
Meanwhile it was slaughtered

Shivering n gazing her eyes  
Fluttering with lack of peace  
Tuck a wiser look  
It was all black

Fingerlinking tasting the buds  
Hot like crispy n spicy  
Flying the soul  
Gazed n wandered upon

Uhu I was alone struggling  
There was no hand of his supervision n love  
Flying da soul  
Converting ideals  
Making lame excuses

It was all me n me  
Lost in preciousness of time  
Had to get it done  
Now or never  
Flying the soul up above da sky  
Flying the soul

The way I'm dancing with you  
Dancing in an anthem  
Heart beat stops as I think to get out of it  
Wht it grasps at end  
Another memory of urs revised  
Lasting in another morning  
I miss u  
Body is in ache after smoking  
Feeling need of ur shoulder to rest for  
Where I can just b with u

When people walk around  
Holding hands together

Turning to poker face  
Making another gaze  
If it works better  
Might get me high  
High to life  
Making me sweeter than ever  
Coz when there's u  
Nothing else matters  
When u around  
Love u till I breath  
Coz thats how it satisfies me  
Baby too alone  
B my side once  
Ouch told u twice

U there to handle?  
Tell me thrice  
Call me to feel the way I like u

Throwing marbles on wall  
Making anodr colour there

cramping to another halt  
Hour glance is crazy  
Making me glazy

Let's go to beach  
Swim n swim

On the bank of river

Berrys in tray  
Juicy n flavoured  
Taking a sip of glaxay  
Small piecess of mirrors

No feelings so far no love so far  
Its satisfaction of soul wht I want

Give me sweet love  
Or I die crying  
My mind is trashed  
My heart is cracked

But u make me feel it all happning once more

Will to b independent  
Fighting my surroundings  
Just to capture u in me

Tough but heart touching

In search of freedom

Might kill myself

But u overcoming

Everythings bitter

Lust of being around u

Killing me

I'm in deep love songs

Love u love u

LoveA esc@ping from pitbull

But ur love gr@sps me b@ck

Give me few sp@rks

Sp@rks of ur love

But u r f@st slow poison  
Killing me blindly  
@lthough u being in touch  
Ur litle things bring big joy  
Joy to my love  
But ins@ne until u b mine  
Crunching n twisting  
Bored n stuck  
Pissed n crunched  
Where to go
