# Daddy Don'T You Remember

Daddy don't you remember  
The fights on the phone  
Daddy don't you remember  
The nights she spent alone  
Her tears may fall  
But you do not care  
Cause you are the one  
That made us scared  
Daddy don't you forget  
You've wasted all the chances that you get  
Daddy don't you forget  
Makes us something you won't regret  
Daddy don't you remember  
The tears that she shed  
Daddy don't you remember  
Mommy's neck it was so red  
At night I pray  
To a god not there  
Cause I ask for hope  
But there is none to share  
Daddy now you know  
Why it's hard to go to bed  
Daddy now you know  
All the harsh things you've said  
Daddy listen to me please  
now it's time that I wipe my tears  
You shouldn't be something I should fear  
Daddy listen to me please  
Try to grow up and be a man  
A hand is the one thing you don't raise to a woman

# For My Dad

During my life I learned  
I cannot always get what I want  
And I am not your little girl  
I know I get you mad  
You know you make me sad  
So why do you still do it  
Answer me father do you enjoy it  
Getting me mad and making me sad  
I cannot go through this  
I might as well give up  
You have changed over the years so have I  
I am not the little girl you once had  
And you are not the man I once knew  
Now I know I never had a real dad  
Daddies do not lie  
Daddies do not swear  
Daddies tell you they will always be there  
My daddy made promises  
My daddy broke them too  
So, this is for my "dad"

# I Hope

You ask me what I'm feeling and I tell you I don't know  
You ask me about my day and I tell you they're all the same  
What is it that you really want to know  
Is it that I saw you today and you didn't see me there,  
Or is it you want me to tell you that I still care?  
Why do you stare at me in such a way  
Are you trying to tell me you have feelings for me too?  
I've liked you for so long I don't know what to say  
So I'll ask you what your feeling  
And I'll hope you say you don't know  
So I'll ask you about your day  
And i hope you'll say today was a different day.

# In The Night

In the night, I hear the yelling  
Of a young girl in pain  
She screams for help  
But there is no one there to hear her

In the morning  
I see the tears  
Of a worried young girl  
She prays to god  
For him to save her

In the noon  
I hear the car she starts to cry  
Not to get hurt  
But it is much too late  
Her dad is mad  
He says she is bad  
She goes to bed with bruises  
And they will not go away.

# No One

I knew we couldn't be together  
Since the day we met  
The days they grew old  
And the night so long  
Waiting for you  
Makes everything wrong  
Since the day we spoke  
And the times we laughed  
The butterflies you gave me  
The way you looked  
And the way I felt  
Made me want you more  
The light so bright  
And the time so late  
Tell me you feel  
It's the same way  
No one can make me change  
My true feelings for you

# Show Me

The dreams I had that night  
Was just for you and me  
I wanna make this all seem real

baby show me that you care  
Show me that you will always be there  
And tell me you love me so

So when you pass by me  
Hold my hand and grip it tight  
And I will make sure you will never leave

Baby show me that you care  
Show me that you will always be there  
And tell me you love me so

And so if this dream comes true  
My life will feel complete  
I need you to stay here with me

If this much is true  
It will make the clouds disappear  
And let the sun shine true

So baby show me that you care  
Show me that you will always be there  
And tell me you love me so

So baby show me that you care  
Show me that you will always be there  
And tell me you love me so

# Tell Me

Tell me what life is  
Is it something new?  
Does it make you blue?  
Tell me what love is  
Lord give me a clue  
Is it from above?  
What did I do?  
To not deserve you  
Tell me what to do  
Something to feel  
Say it's real  
For a heart to heal  
It's as if I play a part  
I can't let you fool my heart  
Should I be someone I'm not  
Is it just good enough?  
My heart should be free  
Let me feel the real me  
One day I will show them all  
I will be loved for being me

# These Tears That Fall

Face down on my bed  
I ask my self  
Why do these tears fall?  
Whom do they fall for?  
Is it for what someone said?  
Or is it for myself  
Is it for them all?  
Or because I need something more  
Face down on my bed  
Crying myself to sleep  
I feel hopeless to the world  
I'm nothing less and nothing more  
Just a figment of imagination  
Nothing more, nothing less

# True Life

Reality has turned itself  
It's not a fairy tale anymore  
Its hit me like a ten-ton boulder  
Nothings like it was before  
I've noticed I'm mad at a man  
Who I thought I could call my dad  
But that's all changed  
Nothing is the same its all bad  
Why do I make myself cry?  
When he's the one that should be sad  
He made me feel unreal  
I shouldn't have called him dad  
How could they go see his face?  
When I cannot even say his name  
Please don't let this be true  
They think life is anew  
He made feel insecure  
He made me feel so mad  
All those lies he told  
Was hard for a girl like me to ignore

# When Will It All End

Mommas crying in the kitchen  
Cooking like everything's okay  
Daddy's in the room  
Acting like nothings wrong  
I am in my room  
Trying to hide from it all

But when is it gonna be done  
When will momma stop crying?  
When will daddy stop beating my mother to tears?  
My sisters and I are tired of trying  
Trying to understand why

Why is the world so cruel?  
When will it all end  
Why won't god help my mother?  
When will it all end  
Why does he let these tears fall?  
When will it all end
