# Afrika The World

The world of a! halala! .  
Afrika the country of likeness.  
The light for the spirit.  
Country for the long ago ancestor.

The country of beautiful colours.  
The black people that fighting for their colours.  
South Afrika difficult law.  
With the protection soldier inside.

The remember of the die soldiers.  
Country that celebrate to remember their people.  
The country that only have remedy.  
We can remember the past time.

But we fear the attacked for another.  
We believe; We can still be Afrika.
