Wait

Yeah! What are you waiting for?

The time will come, yes it will come.

You are going to get it, How? You know it.

Yes you do know it.

It will take time, dreams will be apart, tears will roll down.

Cracks will not be visible but you will suffer.

Sorrow will overcome you.

You have to stand still fight as warrior.

You will win, things will bind you, you will be the one.

Weeping Hearts

THE shining sky, with brightening light,
I glance at you, with ardent eyes.
Its all you in heart, with running beats'
I can't say, what's going in mind?
You are the only desire of mine,
with my closing eyes to sparkling vibes.
Ah! It's my deep down sorrow of life,
you are my but not mine.
