Twisted Rose(1996/01/22)

My name is Chloe :)

Not much to say here.....i have been writing poems for about a couple months now and i also have expanded into writing songs. One of my favourite is 'Here and Gone'

I would like to eventually have a book of poems, but i want to get more poems first

A Cry For Help

Tortured in a corner
No one helping
Bruised and beaten
Why me?

Help, Help!
Don't just stand!
Help me!
Why me?

Years of hatred
Flowing out
Punches, kicks
Each hitting harder than the last
Why me?

Couldn't take it
I was mad, sad and all over angry
To them, its fun
To me, its painful

But I have one question to ask
Before I say goodbye
Why me?

Twisted Rose

A Good Friend

You're the person that I can lean on
You're the pro to his con
You helped me out when I was down
You were the life jacket when I thought I would drown
You helped me out when he was gone
You were the stable post to lean on
So when I said good bye to him
And the bright light of love started to dim
You were the guy that helped me stand tall
While all the while I thought I would fall

Twisted Rose

All I Want To Know

Why do you treat me like you do?
Why am I always ignored?
It's like I never knew you
I'm the shield and you're the sword

Why is all I want to know
Just why...

I'm always the last to get picked
It's like you don't even know me
Then suddenly you disappear
And it's like I'm free

Free as a bird to fly in the sky
It's like I took these broken wings
And learned how to fly
This bird loves to sing

Twisted Rose

All Right

No matter
What happens.....
It's gonna be
All right

Everything
Is fine
Just
Don't worry

No matter
What happens
I still
Love you
Because
It's gonna be
All right

Twisted Rose

Always There

There's always gonna be another problem
Something else for you to solve
But just remember one thing
I'm always there for you to lean on

Just don't cry
Just be strong
Do it for me
Do it for me

You just gotta face the day
And take what it throws at you
You just have to be true
To yourself and everything you do

Just don't cry
Just be strong
Do it for me
Do it for me

Nobody is ever perfect
Though some are close
You're one of those people
And I love you the most

Twisted Rose

Angel In Heaven

The doctor said you'd be gone
In the next month or two
At least we knew how much time was left
Before we said good-bye to you

Why did you go,
And be an angel in heaven

Once you're gone
There's tears all around
Even the toughest men
Wept tears to the ground

Why did you go,
And be an angel in heaven

You spread happiness all around
The children would laugh and smile
All because of you
And you were dying all the while

I miss you

Twisted Rose

Believe

Believe
In your dreams
They can come
True

Fight
In what you
Believe in...
Believe

Don't
Let anybody
Put you
Down

Twisted Rose

Blind

People see me, but they don't care
They don't even see my despair
They just care about their own busy life
They don't care that I'm hiding a knife
I can walk into a room and not be seen at all
Though I am around 5' 7" feet tall
People don't see, they just hate
They just cannot relate
That is why, with this rope at my throat
I'm going to leave my suicide note

Twisted Rose

Broken

Hearts cracked
Faces tearstained
Friendships gone
Hearts broken

Broken friends
Happy no more
Long faces
Hearts broken

No more hugs
Or kisses
With your
Hearts broken

Twisted Rose

Chloe's Poem ~ By Jasmin

Chloe is so very nice
She will never have lice
She's a really sexy beast
Great in the kitchen, she can cook a feast
She's so damn smart, but not a nerd
Comparing her to me, I feel absurd
Chloe's so perfect in many ways
She looks better than me, even on her bad days
Oh so sexy, oh so sweet
Only the finest thing she will eat
Chloe is very tall
Compared to her I am quite small
Really big muscles, very very strong
I bet Chloe M invented the thong
She has red in her eyes that represents the devil
Amazing in language, with a high reading level
Chloe is always so popular at school
Making all of those young boys drool
Chloe is so sexy and fit
By the way, she has big tits
Her skin is always so perfect and clean
She is always nice, never ever mean
The voice of an angel, the face of a god
She also has a curvaceous bod
Chloe's grades are always the best
She's never ever failed a test
She's very artistic and musical too
Obviously she is better than you
You wish she could somehow lend
Her sexiness to you but she can't THE END

Twisted Rose

Cookies

Melty, and gooey
Chocolate chip
Soft and flaky
Cookie

Mmmm.....
Gooey...
Tasty...
Yummy.....

Chocolate chip cookie

Twisted Rose

Cutie

You're the cutest thing that I ever did see
But you noticed everyone but me
You didn't think that you're best friend could be the one
I'm the one that cleans up your messes after you're done
I just don't want my love to go to waste
Because we have different taste
I thought that maybe you could love me
But you obviously didn't see
The way I looked into your eyes
And finally I figured you were like all the other guys
Then another guy came along
And he, not you, helped me stand strong

Twisted Rose

Death

Dying,
Losing
A loved one
Is hard

You miss them
So bad
Just wishing
You had
Said goodbye

Death
Is hard
To cope
With
Especially,
When
You love them.....

Twisted Rose

Douchebag

When i think of you im short of breath
Being with you feels like death
Then suddenly your back in my arms
Stealing my heart with your deadly charms
I know you're not good for me but i still love you so
We seemed so close not long ago
Now its like i barely know you
When you were gone i thought we were through
So since i don't consider myself a slut
I'm giving you the kick in the butt

Twisted Rose

Duped

Also known as
A scam
Sometimes for
Money
Others
For attention

People scam each other
Even friends
For them,
Its anything
Or anybody.....

Twisted Rose

Friends...

Friendship is like a sweet tasty treat
It is usually very sweet
But there is time were it can turn sour
Then turn back into a pretty flower
You will always have these friends forever
The roads you travel will never sever
Whatever the time, wherever the place
Your friends will be your supporting brace
They stand be you, in the hot and the cold
They will stay with you until you're old

Twisted Rose

Friendship

Pure love
Pure jealousy
Are all part of
A friendship

Compatibility
Differences
Are some reasons
Why you are friends

Friendship is
A dream
There is always
Somebody to lean on

Twisted Rose

Gift

Love
Is a gift
You can
Give
And receive
Love

Love
Is like
Christmas
Its better
To give,
Than to
recieve

Twisted Rose

Gone

A gun pointed at me, barrel first
My last moments whirling around
A cold click and a shot coming forward
My blood, splattered on the ground

My life is going by and by
Things I wanted to see and do
My family and friends, and saying goodbye
I feel the gunshot going through

I wish I could say good bye to you all
Don't wanted to leave you like this
Wanted to say goodbye
Wanted one last kiss

Cold feeling through my skin
Precious time going fast
This is not a good place to be
All this from one short blast

Twisted Rose

Green Eyes

Those
Green Eyes
Staring soulfully
Into me

Sometimes sad,
Sometimes happy
Tired,
Or surprised

Bright in the
Light
Tired,
But full of life

Full of life,
Those
Green Eyes

Twisted Rose

Hello, Good-Bye

Hello, good-bye
Why do I have to leave you?
It's like missing another half
You're like a twin i never knew

I miss you
I love you

I want to see you
Its been so long since we talked
Why did you leave?
Its such a long walk

I miss you
I love you

Why didn't you tell us
We could have talked it through
But you put your life in perspective
And as an angel, away you flew

I miss you
I love you
Yaaa.....

Twisted Rose

Here And Gone

I hate when you ignore me
When I look at you
Sometimes i hate that you love me
But I always know you'll be true

Loving you is all I can do
All I can do is love you

I fall asleep at night
Always thinking of you
You're forever in my dreams
And there is nothing i can do

Loving you is all i can do
All i can do is love you

You treat me like a princess
And you're my charming prince
Then suddenly you're gone
And i haven't seen you since

Loving you is all i can do
All i can do is love you

I Love you! <3

Twisted Rose

Hockey

A puck
A stick
What else?
Violence

High sticking
Body checking
And who watches?
Little kids

What are they learning?
That the answer
To all problems is
Violence?

What kind of
good example
Is this?
It's not.....

Twisted Rose

Human Race

I hate the human race....

Don't you hate those people that ignore you until the end?

They talked behind your back making fun

And all this time you thought they were your friend?

Public slander, that's what this is

People making fun, not knowing the truth

They think their pushing you around

While all they're doing is killing their youth

I hate those people

Twisted Rose

I Wish

You're glowing face shining in the darkness of night
Everything is dark but you're face is so bright
How I yearn to be with the one I love
But yet, I still sit here like a lone dove
You were being responsible, and that is good
But would you love me if you could
Without getting in trouble with the law
My heart only feels alone and raw
I dream about you, night and day
My feelings for you will never stray
If only we were free to do whatever we wanted to
Then I would wish to be with you

Twisted Rose

Imagine

I have a
Math test today.
I'm so□
Nervous
And confused

When
The tests starts
My hands
Are sweaty and
Cramped

To relax,
I use
My
Imagination

I just
Go to
My
Happy place

Then,
The nerves
And sweat
Are
Gone.....

All because
I used
My
Imagination

Twisted Rose

Jasmin's Poem

Even though I love my life
I keep on stabbing myself with a knife
When I see blood I go "whoopie! "
Everyone looks at me retardedly
I wish had had super farts
Or retarded looking body parts
Chloe says I already do
And I say "I wish I was as cool as you"
I'm way too small for my big home
My name is Jasmin, and this is my retarded poem

This account belongs to Chloe, but this poem was written by Jasmin and Chloe

Twisted Rose

Jerk

Don't try to put a smile on my day
It's for the better, you say
What about my feelings, about the girl that you hurt
You lied to me, and I was treated like dirt
I guess you thought that I wouldn't put up a fight
And you tried to be cheerful and bright
But I caught you making fun, behind my back
That's when my heart started to crack
You weren't the guy I thought you were
I should have been stronger
You saw getting rid of me as a perk
Well, this one's for you, jerk

Twisted Rose

Liar

You sucked me in then spit me back out
I never thought I would have a doubt
About you or anything you do
Then you used the old line, right on cue
If you love something set it free
And it will come back if it's meant to be
I don't know whether i believe you anymore
I don't want you to feel like im a chore
I really like you, but i don't know if its true for you
And away the little bird flew

Twisted Rose

Lies, Deceit, Cheat

I'm never gonna look the same way at you
You were lying when i thought you were true
And yet you still seem to not care about me
Even after i thought you would be
Upset about our break-up and all
Even if it was my call
But right now i have found someone new
And i know he will always be true
And unlike you,
I trust him, too
No you don't get a second chance
Or even a second glance
So that's the way life's gonna be
Just get used to not being with me

Twisted Rose

Love

Love is like
A berry
A sweet treat
Sometimes filled
With a bitter surprise

When we're together,
Our hearts
Beat as one
Like pounding drums

Then,
A phrase comes to
Mind:
"I love you"

Twisted Rose

Love...

I love your hair, your eyes and smile
I have seen and liked you all the while
I don't know if you realize that we were meant to be
But someday you will realize it and see
That I love you and you love me
to my heart you will find the key
and I can finally fly free
and with you I will go
and together we will grow
since a long time ago
you still haven't realized what we could be
if only you would notice me

Twisted Rose

Lovesick

Love is always in the air
People telling each other they care
I'm personally sick of the whole thing
Love apparently makes people want to sing
Why do people want to be in love?
Those couples think that they're all above
Everyone else and all their friends, too
Guys have girls that that always try to woo
They kiss and cuddle, things that make me sick
It's like a bad habit that I always want to kick
So, yes, I'm jealous, and want a guy to myself
But I want the right guy, and not anyone else
Because I'm not prepared to take the fall
And when I find the guy, I'll stand tall

Twisted Rose

Me

It takes a lot of time to know
how much I love you and all my woe
you just stand and play your silly games
not noticing that my heart is in flames
holding on to your cell phone and that
sitting and my heart is flat
i still love you with all my might
my heart is burning bright

Twisted Rose

Missing

People gone
Missed
By loved ones
Missing

Gone
To the dark
Within
Missing

Stolen
From their family
And friends
Missing

Missing
Is what it says,
Beneath their photo
MISSING

Twisted Rose

Missing You

You left yesterday
I'm already missing you
I've been tired of waiting
Then off to the big world you flew

I miss you
Like a mother cow without her calf
I miss you
It's like im missing my other half

Wishing you were back
Counting down the days
Every hour, every day
My heart is a fiery blaze

Twisted Rose

My Adrenaline Rush 3

Whenever you're around, I can just feel myself blush
The adrenaline in my blood is such a rush
My cheeks turn red and I let out a nervous laugh
Then I feel a brush on my leg, and it's your calf
I feel more nervous till, my eyes towards the floor
I really don't want to lose you, because you're something I adore
Then I finally let out, a shy little smile
Maybe one day we'll walk down the aisle
That's still a while, as both of us know
So I'll just settle for loving you

Twisted Rose

My Love

If I
Give you
My heart,
Will you
Promise
To be true.....

Just please
Don't hurt me
Because
I love you
So.....

Just please,
Don't hurt
Me,
Like you
hurt her.....

Twisted Rose

Myself

"That kid is weird"

That

Is what people say

Weil ich selbst bin

Some are called

Different,

Others, insane

I don't mind

由 於 我 是 我 自 己

I get

Made fun of

And bullied,

But i don't

Care

Because I am myself

Twisted Rose

Never Me

Why can't they see me
For who I am?
Why do I have to be a certain way
So they can be my friend

Why can't I be myself?
I'm always someone else

They are only my friend
If I'm not me
They want me to be someone else
And it's not meant to be

Why can't I be myself?
I'm always someone else

I have forever known the truth
If im not my self
They never be my friends again
But who needs friends like them?

I always want to be my self
Never someone else

Twisted Rose

Ode To A Boy

This is a story about a boy
To whom I gave my heart away
We were good together at first
But suddenly our love was gray

Then she walked by and he left for her
I hope she breaks his heart
He barely even knew her
And he hit my weak part

As he left I felt so alone
But as the days went by I got stronger
And since you ditched me for her
You'll feel alone longer

Twisted Rose

Over You

Some days, I wish I were that girl
Seeing you with her wants to make me hurl
I look at you and my heart leaps
But you had broken it, and it was in heaps
I thought I really loved you, but it turns out it was a lie
And now I'm watching life pass me by and by
Now there's a new guy that I think about
And you're at the edge of my mind, like grout
I'd thought I'd leave you a message, just to let you know
That since you have her, I'll just up and go
And since I've met this guy, and he's nice and new
I'd thought I'd let you know, that I am so over you

Twisted Rose

Passion

Pure lust
Pure trust
Love
Life

Passion
A love
Running deep
Below the surface

Deep, deep
Inside
Hidden
In our souls

Twisted Rose

Pie

Creamy filling
Flaky crust
Lemon meringue
Or cherry pie?

Both
So good
So tasty
Mmmmmmmm.....

But what kind
To have?
Blueberry, apple
Key lime

I better
stop writing.....
I'm
getting hungry....

Twisted Rose

Popular

Love is like a bird flying through the air
A guy attracted to a girl with flair
Is there even a chance for the rest of us?
I really doubt it, I must confess
It's always the popular girl that gets the guy
While the rest of us just weep and cry
We are told we will find true love one day
But that, it think, is very cliché
But I broke the rules, unpopular and all
I found the guy, and I stood tall

Twisted Rose

Popular-Part 2

Love is like a bird flying through the air
A guy attracted to a girl with flair
Is there even a chance for the rest of us?
I really doubt it, I must confess
It's always the popular girl that gets the guy
While the rest of us just weep and cry
We are told we will find true love one day
But that, it think, is very cliché
But I broke the rules, unpopular and all
I found the guy, and I stood tall
But the love didn't last for the longest time
Being that rude should be a crime
All guys are not what they pretend to be
It just takes a strong girl to see
Why you were stupid, and made me cry
You stopped, then just passed me by
I thought you loved me for who I was
Now I found out it was just "cause"
I thought we would be together, forever and on
You were here, then suddenly gone
I thought I loved you, but it turns out I was wrong
We were weak when i thought we were strong
I wish I could never see your face again
I thought we were the best couple to reign
But you told your friends something else
Towards me your feelings were false
Luckily my friends were honest with me
They told me what you said, so i could see
How bad you acted and talked to me
And that we were just not meant to be
End of story, time and place
Go and fill someone else's space

Twisted Rose

Puff

One more
Just one
more
Puff

The nerves are gone
Happy all around
What's happened
To me?

Yellow skin
Black teeth
What's happening
to me?

Dying, Death
All a factor
When you want
Just one more puff

Twisted Rose

Roses

They're passing me by
Never stopping to smell the roses
Just tryin to get by
There's gonna be another door that closes

Just smell the roses
Take your time and bide

You just gotta remember
When there's a door that closes
There is another door behind you
Another one that opens

Just smell the roses
Take your time and bide

You head down a path
Waitin to see what's on the other side
Something good, something bad
But you're in such a hurry

Just smell the roses
Take your time and bide
Been waitin for you day and night
Waiting for you to see
What can be explored in life
When you just...

Just smell the roses
Take your time and bide
Smell the roses
Relax and unwind

Twisted Rose

Shhh.....

Shhh.....

Quiet.....

Poet

At work

Quietly step

Around my

Door

As to not disturb

The poet

At work

Gently tiptoe

And be

Quiet

As a mouse

As to not

Disturb

The poet

At work.....

Twisted Rose

Shopping

Shopping, shopping
Everywhere!
Must get those shoes
Aren't they a great pair?

Fashion
Can be peoples
Passion,
If they have the money

Twisted Rose

Shot

Shot

Just
One more
Shot.
Then,
I promise
I'll stop

It helps me
Focus....
Is one
Of the
Many
Lies I tell,
Because
I want
One
More
Shot

Twisted Rose

Slipping Through

Time
Is
Slipping through
Our hands

We only
Have
A certain
Amount
Of time
On Earth

After
That time
Runs out.....
You
Just
Fade away.....

Twisted Rose

Stars

Bright lights
In the
Dark sky

And I,
Watching them,
Go by and by

Beautiful stars
In the
Dark night sky

Twisted Rose

Tattoo

You changed my whole life
Then you ripped out my heart with a surgical knife
I thought I loved you, but it turns out I was wrong
And I never thought I would belong
You never made me feel like one of the group
I just felt like the one outside of the troop
The one that would get attacked first
With you I always felt at my worst
That every small zit would seem huge to you
They always felt like a permanent tattoo
I never felt perfect, and I know it showed
It always felt like on my shoulders, I had a heavy load

Twisted Rose

The Devil

If the devil had a heart
It would be broken in two
Cause it's my heart
And it's been broken by you

The devil unlocked my heart
Then decided to break it in two

I thought you were there for me
But it turns out I was wrong
Now we are weak
When I thought we would be strong

The devil unlocked my heart
Then decided to break it in two

You always said you loved me
And we would be together forever
I always thought that
But now it's together never

The devil unlocked my heart
Then decided to break it in two
My heart used to be one
Pounding with yours
Now it's split in half
Along with my dead corpse

The devil unlocked my heart
Then decided to break it in two
Now I finally got my payback
'Cause now were through

Twisted Rose

The Doctors Said

We were told she had 2 weeks to live
So we gave her all the care that we could give
She was supposed to die in a week and a half
It'll be best friends, split in half
She was told she would die by the end of the week
In heaven, God she will seek
The doctors said "It should be 4 days now"
She had 4 days to wonder how
She had until tonight to live
A disease, of which she would not survive
She died tonight, pure and true
I want to tell her "I miss you"

Twisted Rose

Them

They don't even know who they're hurting
They just don't care at all
I see the wrong in both sides
But their wrong is 7 feet tall

They'll make these stupid notes
On how they're not to blame
They'll try to pin it on someone else
They play a bad, bad game

Those people are selfish
Who really want it all
They'll do anything to get it
Including watching their friends fall...

Twisted Rose

Time

Flows by
Endlessly
Day after day
Year after year

Time
Always
Tick-tocking
At the same speed

But remember,
Use your
Time
Wisely.....

Twisted Rose

Two- Point Perspective

Thousands of Jews
Killed
For what reason?
None

Thousands of blacks
Slaves
All because
People are lazy

Racism
The Holocaust
Unfortunately,
All of
Our world's history

Twisted Rose

Us

Our hearts beating together like African drums
And towards me your lips come
They gently press against mine
Then we will pretend we're fine

I look at you, and you look back
Both our minds are right on track
Our lips set course, and we follow through
And I just wanted to say "I love you"

Twisted Rose

Waiting

Waiting
For you
Waiting
For love

I'm
Just simply
Tired
Of
Waiting

Twisted Rose

Why?

Why am I tortured so?
Feeling all the punches that they throw
Just hitting me, left and right
All I was tried to do was be polite

Trying to be good, not a single punch did I throw
Why was I his mortal foe?
What did I do to make him mad?
What did I do to be treated this bad?

Leaning against the wall
I started to bawl
This is why, on this very night
Im going to say that I'm not alright

So early this morning, i went down
In the middle of this very town
Got a rope and tied it so
Suddenly my breath would slow

Late that night i was found
Strangled to death and tightly bound
I did not struggle when i died
I just committed suicide

Twisted Rose

With You, Without You

There is times when I regret that we broke up
And, you of course, had a back up
While I crushed on different guys
There was only one girl fit for your eyes
I do feel a little upset that the girl is not me
Even though everyone can see
That you really like this girl
The spark in her eyes, the way her hair curls
So I kinda regret that I'm not with you
But I know to her you'll always stay true

Twisted Rose

You...

You don't feel sad
You don't feel bad
About what you've done to others
You were given druthers
But you chose wrong
The list is 20 feet long
You made me laugh, you made me cry
Now I just want to crawl up and die
I thought you were my friend, but of course you lied
I tried to be your helpful guide
I helped you out, tired and all
While I cried you stood tall
You thought you were big and strong
But of course, you're always wrong
You triumphed once, now its done
Now you better start to run
You felt manly, once and for all
Then everybody watched you fall

Twisted Rose

Your Love Is A Lie

You said you loved me but I know it's a lie
If you loved me you wouldn't have made me cry
I thought I loved you and you loved me
But we were just not meant to be
You said you loved, but told your friends something different
You were here, then absent
I waited, and waited for you to come back
You pretty much gave me a panic attack
When you finally came, you said hi
Not remembering that you made me cry
I wish I never have to see your face again
You will never know my sadness and pain
My friends warned me of what you could do
And my friends, of course, were true
That's why its over between us
When your gone nobody makes a fuss
I miss you sometimes, but barely at all
You didn't care, and watched me fall

Twisted Rose
