Tyler Tuck(9/23/94)

I'm Just a Normal Nice guy. Im a jock too so i guess im a hybrid haha :) writing poems just relieves my stress and lets me vent my feelings, getting stuff out of my head: D Most of my work is about love, because i believe poetry should be about something people can relate to, because that's usually why people read poetry, to feel better. My influences are Langston Hughes and Sophie Hannah.

Angel Above The Hill

Angel in the sky, shining so bright
Lighting the road for me tonight

I see your star like eyes that make me wonder
What kind of spell have you put me under

I climb to the highest mountain peak
And to the lowest valley creek

I stop and wonder if ill ever catch you
I turn around and see those eyes of greenish blue

I kiss your lips and the world stands still
This is my angel girl from above the hill

Beautiful Angel

Beautiful angel, dont you cry,
Your perfect and you dont even try.

At your worst or at your best,
I think your far better than the rest.

I love your laugh and your smile,
There definetly the cutest by a mile.

You may think everyone will forget about you,
But everything i do, everything i go through, will remind me of my boo.

Tyler Tuck

Best Friend

ohhhhh what to do,
theres oh so many things,
so very perfect about you.

from the very first verse,
that you ever whispered to me,
i could tell there was nothing else,
so damn beautiful to see.

so i fell deeper and deeper,
and we grew stronger and stronger,
and i knew i found a keeper,
no need to search any longer.

with the eyes of a heavenly angel,
love like a mysterious spell,
a smile brighter than the shining sun,
this one is outdone by none.

all that i am, all that we are,
whether were sailing on a silver star,
or riding in a police car,
whether we aim for par,
or shoot way too far,
it wont matter in the end,
whether we spend, misspend, defend or offend,
because ill still have my best friend.

Best You Can Be

Everyone sees a quiet girl
But if your daring and give talking to her a whirl
You'll find in a pile of rocks, a pearl

You have an amazing talent for art
Because you hold love close to your heart
Or maybe just because your smart

You have what every girl should need
A great personality without a hint of greed
And eyes like a diamond bead

So whos daring enough to see?
A guy who thinks shes the best she can be?
Oh wait thats me

Tyler Tuck

Blind

Why did it take me this long to realize
This beautiful girl with amazing eyes
Who always seems to give me the butterfly's

I seemed to just walk past you day after day
If i could, all those moments i would replay
Why are you so close yet so far away?

So now i shall try my best
All my time i will invest
To beat out the rest

Anything they try i will outdo
Ill do anything i have to
All just to tell you that i love you

Tyler Tuck

Caped Man

Here i am,
A thick, black cover of life shrouded over me
I'm in the dark and cant find the light
Then i hear your voice,
And the cover lifts and i finally see what life is about,

Love.

So now i chase and chase
Hoping and praying that someday i can catch you.

Tyler Tuck

Follow Me

why would you choose him over me
Im everything he could never be

He doesnt care about you
He only cares what he wants to do

I know he would treat you bad
Try to control everything and make you sad

Im exactly what you need
Someone who can take it at your speed

Why cant you see
Being with him wont be free
So just turn around and follow me

Girl Of My Dreams

Shes the girl of my dreams,
When i see her, her face beams.

She may tickle and poke,
But i know its just a cute joke.

When she leaves i know how empty ill feel,
But on my heart shes placed a seal.

Just her smile makes my heart fall,
Every time i see it, walking in the hall.

Her eyes shine like a beautiful pearl,
She is my amazingly beautiful girl.

How Much You Really Mean To Me

Your a diamond in my eye
How i got you i dont know
Your all i could ever ask for
Its like you fell from heaven
Your my girl
And thats how i want it to stay
I just hope you see
How much you really mean to me.

I Dream Of You

You, the girl i love,
Flowing through my head like a stream,
Flying high like a dove,
Because i dream of you, the girl of my dreams.

You told me to stay by your side, so,
Staying by your side is what ill do,
For you, around the world ill go,
You give me everything, and everything ill give to you.

never argue, never fight,
tell her shes beautiful everyday,
When you hear her voice, your heart speeds like a jet in flight,
People say what is love, well love is what you say.

So i just thought id let you know,
That it seems to me,
Our future is bright as untouched snow,
Because i dream of you, the girl of my dreams.

Tyler Tuck

Just Say It

You say say it could never be
You say that there are other fish in the sea

You say to move on
You say your already gone

You say your chance is past
You say i moved too fast

You say you still have feelings.
You say they go through the ceiling

You say you like to be free
But why cant you just say you love me?

Tyler Tuck

Kicking Stones

Im lost in the woods now,

Without you im nothing

I used to have a map,

But now it's pummeled into the dust

So now im lost, just kicking stones...

Meet Me Halfway

Your crazy, but in a good way
The slightest smile will make my day
When i see you, all that comes out is hey
Because you radiance keeps my words at bay
An angel is what your face portrays
But a normal girl is what you display
All weve been through i just want to replay
All the things you've done to the things you say
So i truly am sorry for the delay
So how about you just meet me halfway
And let me kiss you, if i may
And hope by my side is where you'll stay

Tyler Tuck

Million

A million miles or a million years,
I dont care how far you are away,
A million guys or a million fears,
I dont care how i have to keep them at bay,
A million dollars or a million tears,
i dont care how much i have to pay,
Because your the love of my life, i swear its true,
So a million anything, is worth one forever with you

Tyler Tuck

My Head

Deep in my head,
Where my thoughts reside,
Lies a dream,
Of being by your side.

Your beautiful, bubbly,
Trusting and true,
The only thing ive ever wanted,
Is you.

Tyler Tuck

Precious

-Love is precious and you should never take advantage of it-

Love is like a flower, it's beautiful while it lasts,
But then it dies off because it was neglected

And then you just pull the flower out
Of the ground and forget about it

Love is like a sucker, it's great while it lasts,
But then the candy gone,

And all you have left, is a stick,
Then you throw the stick away.

Tyler Tuck

See What I See

Your gorgeous but you never say it
You turn down all the compliments you get

Your eyes shine like stars
They make me feel like im on mars

Everything you do makes you unique
From your amazing smile to the way you speak

It seems to good to be true
But ive realized its just you

Why cant you see what i see
Which is the most beautiful thing that could ever be

Tyler Tuck

Summer 2011

I really miss you,
And all the fun we could have too,
And all the crazy stuff we'd get into,
And all the funny moments we'd go through.

The good and bad,
The happy and sad,
And how id calm you down if you were mad.

We could sit under the moon and gaze at the stars,
Sitting and wondering if that little dot is mars,
Then go running in fields catching fireflies with jars.

Having races on how fast we can run,
Arguing about who actually won,
Then you chasing me around with a water gun,
After just talking and laughing about it a ton,
And waiting for our cookies to be done,
Then after just laying in the grass waiting for the sun,
Summer 2011 is going to be so much fun

Tyler Tuck

That Girl

Your my heart and soul

My good and bad

My happy and sad

My on and off

My paper and pen

My moon and stars

My cookies and milk

My greatest love,

I'll always be there for you,

Together or apart

The Girl Of My Dreams

My dreams are a wonderful place,
Its where i get to see her face,
Where the green grass grows,
And where a subtle stream flows

Lips red like the evening sun,
Her words move fast, like an automatic gun,
Eyes glistening like the morning dew,
No one in the world is as beautiful as you.

We sit under a willow tree,
Watching the leaves fall,
Feeling so calm and free,
Waiting for night to call.

I start to fall asleep, no matter how hard i try,
Just as everything is as perfect as it seems,
I awake as the morning sun rises in the sky,
So this is the girl, the girl of my dreams

Tyler Tuck

The One

your the girl i see in my dreams
your the one whos eyes shine and face beams
your the one who i think about before bed
your the one who has eyes of green and hair of red

your the one who i hate to miss
your the one whos presence is pure bliss
your the one who has a quiet voice but a loud roar
your the one who ive fallen for

Tyler Tuck

Triple Rhyme

You are caring and daring and free
You are what i want but i also want to be
You are kind and i find that i see
You are fun and the one for me

Tyler Tuck

Whatever I Need To Do

I'll do whatever i need to do
I'll give you the sky of blue
I'll row up river in a canoe
I dont care if i have to cut straight through bamboo
I dont care if i have to climb a mountain too
I dont care what or who
I'll do whatever i need to do to get to you

Tyler Tuck

Winnie The Pooh

Here's the same old you making a brand new debut,
You better not change a single little thing about you,
From the smile to the style of shoe,
Because i love it more than a kid loves the zoo,
So dont even think theres anything you have to undo,
You personality is pure as the sky is blue,
How your this amazing i have no clue,
But what i can tell is there is nothing you cant do,
Between us two,
And all the things we have gone through,
Who cares what they say and if its true,
You'll always be my winnie the pooh.

Tyler Tuck

You Are The Best Thing To Ever Happen To Me

You, the only girl in my heart, Are,
The only thing i could ever love, the Best
Thing that has walked into my heart, and To
Ever leave you would never Happen,
To be yours, is everything in the world to Me.

Tyler Tuck

Your Beautiful

Your beautiful in every way,
By the actions you do to the words you say,
And by the way you carry yourself everyday.

Your beautiful in every way,
Your radiant face reminds me of the sun in may,
And when you leave i just want to tell you to stay,
But im scared you'll just tell me to go away.

Your beautiful no matter what you do,
The amount of people ive cared this much for is few,
I am the ball as you are the cue,
You push me away over and over and ill come right back to you

Your beautiful no matter what you do,
I dont know what i would do if it wasn't true,
The long days and lonely night i would have to go through,
I just hope you feel the same way too,
And all i have to say is i love you.
