Tyreesha Smith(6/5/96)

i have been writing poems since i was 5 it is something i enjoy>

Bye

I don't understand
why you would do such a thing
i was standing right there
and you denied me
in front of everybody
the baby that i lost was ours
and you just denied her
yes the baby was a girl
you get around your little friends
and pretend that you don't know me
but then when we are alone
it's a totally different story
we use to do everything together
go to the mall
you would buy me stuff
and you made me laugh all the time
now when i see you i just get upset
But you know what the good thing is...
even though you put me down in front of others
even though you deny me and our baby
i still have the fattest smile on my face ever
because you are not about to mess up my day
you look at me i smile and keep walking
you deleted out of my life so....BYE

Can'T Give Up Now

There will be mountains that you will have to climb,
and there will battles that you will have to fight.

But victory of defeat it up to you to decide,
but how can you expect to win if you never tried.

Tell your self

'I just cant give up now

i've come to far from where i started from

nobody told me the road would be easy and i dont believe god has brought me
this far to leave me.'

Never said there wouldn't be trials

never said i wouldn't fall

never said that everything would go the way i want it to go

but when my back is against the wall and i feel all hope is gone

i'll just lift my head up to the sky and say help me to be strong

Then tell yourself

'No he didnt bring me out here to leave me lonely

even when i can't see clearly i know that you are with me so i ca'nt give up now.'

Darkness! !

I am alone in this dark room
waiting for the sunlight to appear
but its obvious it won't
i am living in a dark world filled with dark people
the sky is dark the houses are dark
my life.....is dark
who am i?
well they always call me the queen of the dark
because i am a dark person as i write this i realize
the sun should not come because i love the dark
i breathe it, i live it, i smell it, and feel it
so i say to the sun stay where you are
because i love my life filled with darkness

Don'T Forget About Me

The conscience you had was
abandoned by your brand new way
a new way of living the purpose i planned for you
has made a detour you've changed
changed from who you are
and who your to be
how could you simply forget me
i gave you life
it means nothing to you
gave you my hand
the rock that you clinged to
i was here first
and i'll be here when they all leave
so please don't forget about me

Remembering back to
the time when it seemed you were lost
you were lost and alone you called my name
and thats promised i came amd saved you
now i have a question
can you tell me
where would you be if not for me
i gave you life
it means nothing to you
gave you my hand
the rock that you clinged to
i was here first
and i'll be here when they all leave
so please don't forget about me

Forget Him!

forget his name

forget his face

forget his kiss
his warm embrace

forget the love that you once knew
remember he has chosen someone knew

forget him when they played your song
remember when you cried all night long

forget how close you once were
remember he has chosen her

forget how you memorized his walk
forget the way he used to talk

forget the things he used to say
remember he has gone away

forget his laugh forget his grin
forget the dimples on his chin

forget the way he held you tight
remember he's with her tonight

forget the time that went so fast
forget the love that moved, its past

forget he said he'd leave you never
remember he's gone forever

God Did It!

On the highway minding my business
another car was trying to get by
so i put my foot on the brakes
and my car flipped upside down
i cried lord help please take the car but save my life
i walked away no scars no pain nothing broken now
i can testify that god did it yes he did

Hurt

i am so upset with you
how could you do such a thing
i have done nothing
but love you
and i did whatever you wanted me to do
after all i have done for you why would you do me so wrong
i loved you
and you know i did
but apparently you didn't love me back
so you can do whatever i don't care
but when you get through messing around
with other girls
you will start to think
and you will realize
that what those girls have or did for you
is nothing compared to what i have done for you
and you will start to miss that
and you would want to come back home
and think i will let you in
well....think again
because you are not welcomed in my life anymore
so im just letting you know how i feel
-Hurt

this goes out to the person i thought loved me
but apparently he could care less about me: (

I Told You

I Told You

That it would end like this

I Told You what the consequence would be

I told you

that it would mess up your record

I Told You.....

And now your sitting in jail thinking about the things everyone told you that would happen.

Now you regret even thinking about doing what you did but now it's to late.

The time they gave you in there is to long i will miss you being with me every night.

But I can't say i wish i told you because

I TOLD YOU! ! ! ! ! ! !

I'LL Open Up My Heart To You

Im alone in a room

its just me and you

i feel so lost

that i don't know what to do

now what if i choose

the wrong thing to do

i feel so afraid

afraid of disappointing you

so i need to talk to you

and ask you for your guidance
especially today

when my life seems so cloudy

guide me until im sure

I'll open up my heart to you.

Liar

</></>This is the 3rd time i have waited on you
you always say'just trust me this time
and i promise i wont let you down'
And like a fool i believed you and
and you didnt show up at all
im tired of your games
i loved you in everyway
and its a shame that when i think of you
i think of a lie your about to tell ne
im tired of living like this
i have made my decision
when you get home
your bags and shoes
will be waiting for you at the door
i guess you thought i wasn't serious but i am
the girl that always believed
every word you said is gone
and im a new person
nice knowing you

This poem goes out to myh exboyfriend
who thought i could live without him
but im still living and i have moved on

Live It Right

They say as you get older you get wiser and thats true because

as I have grown I have noticed a change in myself

i have a different outlook on life

the things that I use to do I dont do them no more

i've realized that its not about nothing

and that it's time out for foolishness....you only got one life to live

better take advantage and live it right'

Love You For Life

</>You said you'd never leave me
we'll be together for eternity
now its all in the past
and you know i'll love you back
baby i will do what i can
baby i'll be all i am
let me show you what i could be
if you just please baby tell me
do you believe in love
and the promise that it gives
i wanna love you for life
because your love is why i live
when i lay down at night
and your not there
i cant help but think that
your cheating on me
everytime i cook dinner for you
and you don't show i feel used
and i feel that im not good enough
i look at myself in the mirror
and think to myself
what did i do wrong
is it my weight
my attitude
my past life.....What?

Loving You

Loving you
is what i must do
Loving you
is what i lived to do

Loving you

Loving you
is what i was born to do

so let me do it
i love you with all my heart and i will never let you go.

Stone

Two friends were walking through the desert.

during some point of the journey, they had an argument: and one friend slapped the other one in the face.

the one who got slapped was hurt, but without saying anything wrote in the sand.

Today my best friend slapped me in the face they kept on walking, until they found an oasis, where they decided to take a bath.

The one who had been slapped got stuck in the mire and started drowning, But the friend saved him.

after he recovered from the near drowning he wrote on a stone.

Today my best friend saved my life

The friend who had slapped and saved his friend's life after I hurt you you wrote in the sand now you write on stone why?

He said when someone hurts us we should write it in the sand that way the sins of forgiveness can erase it away.

But when someone does something good for us we must engrave it in stone where no wind can ever erase it

Learn to write your hurts in the sand and carve your benefits in the stone

they say it takes a minute to find a special person

an our to appreciate them

A day to love them

But then

an entire life to forget them

Tyreesha Smith

Survivor

I tried
to be there for you
I Tried
to be a good woman
I Tried
to love you the way i should

But
You keep pushing me away
You keep putting me down
You keep saying I need to do better
You keep hurting me physically and emotionally

And
Now today i have stood up for myself
Today i have spoken my mind
Today I have freed myself from the hurt and pain

And im here to tell you I am a survivor
fighting the good fight of faith

The Reason Why I Love You

This is the reason why i love you

When i first met you i really thought you were just like all the others, but you are not

the more i got to know you the more i felt like you were apart of me that i have been looking for. when you are around i feel safe and i feel warmth.

My heart has been divided into peices and lost, but ever since i met you they have been starting to come back together again

But the number one reason is the way you hold me

when you hold me it's like i can feel you heart beating at the same pace mine is

Tyreesha Smith

Why?

Since day one I have been there for you i have stood by your side, but

but by what i just saw means our love is a lie.

I have been faithful the whole time i even bought you things,

but apparently to you it means nothing.

i have cried so hard that i think my eyes dry,

but out of everything i done for you i just want to know why.?

To the girls who have fallen in love with the wrong one
i just want to tell you there are plenty of fish in the sea
you just caught a spoiled one
so keep on searching
and you will find
the good one.

Tyreesha Smith

You Knew

you knew that when if i found out you were sleeping around with other girls i would kick you out.

But yet you tested me thinking i really wouldn't say anything
but i said more than enough and you got to go.

It will take a while for me to heal from this but i can't keep living like this.

One minute we are okay the next chicks started burning up my phone.

I can't keep crying myself to sleep
i can't keep worrying that somebody will call and say your dead

But before all this even happened you knew i was going to kick you out for it.....

You Knew
