# A Raper

a rapers friend does not  
know if he's shallow  
or if he's bold  
does any one know  
that he could die in prison or get hung  
for that little girl's life he took  
with no sorrow in his heart  
the raper does what he did  
to go to prison was  
his own fate his fate  
is in his hands and not in that little girls  
sorrow in that little girls eyes  
how does she feel now shes free to haunt  
the raper for all eternity thank you

# Non-Beliver

love runs through my heart  
i can't believe it's true  
i thought love was a made up myth  
but then i found you  
i can't believe true love has come  
come to a non-believer of it  
love will break your heart  
it will tear you apart  
it will destroy what's right  
and it will find someone you like  
it happened to me a non-believer about it  
so i bet it can come to you to a non-believer of love

# The Pain In My Heart

i ran out of ways to release the pain  
in my heart until it crossed my mind  
that the pain in my heart was so strong  
i couldn't think straight because of my broken  
heart i just wanted it to end but it  
didn't then a sharp stinging of a razore on  
my wrist calmed me down just enough  
to say that it wasn't enough so i  
closed my eyes and took a long deep  
breath and thanks when it hit me it  
wasn't enough to set mr free

# We Were Created

the eyes of the one special person who would  
complete my life

the one who i would cherish and i'll put in all  
my best  
just to stay in your arms as you hold me tight cuz

# When She Cries

Little girl terrified she would leave her home if only burses would heal  
A home is no place to hide her heart is breaking from the pain that she feels.  
Every day is the same she fights to find the same old way she hurts she breaks  
she hides and tries to fake. She wonders why does anyone ever hear her when  
she cries.

Today she's turning sixteen everyone's singing but she cant seem to smile they  
never get passed arms length how could they act like everything was all right  
pulling her down long sleeves to cover all the memories the scares leave.  
She says maybe making me bleed could be the answer to whips her passed clean  
Every days the same she fights to find her way, she hurts, she breaks, she hides  
and try's to pray

She wonders why dose any one ever here her when she cries  
This is the dark b4 the dawn the storm before the peace  
don't be afraid because seasons change god is watching over you  
HE HEARS YOU
