Finding Myself

Scanning my brain, going through the memories,
All that comes to mind is the pain and the suffering,
I went through them all alone, almost feeling that time had freezed,
You knew what I was going through, You knew but you didn't say a thing,
All the lies that you said, just made u feel
that I was believing that everything you said was real,
Day after day u kept telling them to me,
Like a stupid fellow in dreams I believed you,
And you make me a fool as u meant me to be.....

I loved you way too much to let you know,
that all I wanted is somehow for us to go,
finding myself back is now my top priority,
but whenever I try to, all I find is insanity,
Now you have made me someone I hated all along,
I feel choked, broke and hopeless but! !
you were never wrong, it was me
Didn't realized that this is how it would end,
Now I don't need you,
Not even as my friend! !

As I try to collect the pieces of my life,
I see the one where I dreamt of you as my wife,
I try to smoothen it, throw it far far away,
Trying to get the memories out my way,
But u know something that
You have left a huge scar in my heart,
But Whatever You may say we are never going to depart.....

I Asked For

I asked God for strength that I might achieve my goals.
I was made weak that I might learn humbly to obey.

I asked for health that I might do greater things.
I was given infirmity that I might do better things.

I asked for riches that I might be happy.
I was given poverty that I might be wise.

I asked for power that I might have the praise of men.
I was given weakness that I might feel the need of God.

I asked for all things that I might enjoy life.
I was given life that I might enjoy all things.

I got nothing that I asked for, but everything I hoped for.
Almost despite myself, my unspoken prayers were answered.

I am, among all men, most richly blessed! !
I am, among all men, most richly blessed! !

I Look At You

“When I looked at you
I always wondered why I loved you
may be for Your smile, Your laugh, Your eyes
Your smile,
the way it brought life into me
Your laugh,
the way it made everything okay
Your eyes,
the way they seem to read my thoughts

And as I look at you now
I wonder why I hate you
may be for Your smile, Your laugh, your eyes
Your smile,
the way it confuses me
Your laugh,
the way it seems to mock me
Your eyes,
the way they can look into mine and still not feel a thing”

I'M Here For You

'As you sit in silence,
Wondering why
I'll be your shoulder to cry on
Until your tears run dry.

When you've been hurt,
And can't believe what they've done
If you need someone to talk to
I'll be the one.

If a close friend hurts you,
And you don't understand
Remember I'm here,
I'll lend a helping hand.

Burdens are lighter when carried by two,
And I just want you to know
I'm here for you.'

Losing The Life

As I sit back and wonder about us,
I don't understand why I create such a fuss,
I should've known what I was getting into,
I should've tried to get away from this,
Now I feel betrayed but its not your fault,
I just cant get you away from my memory's vault,
You find company in every other persons arm,
For you even my palace seems like a farm,
Now I think I should be letting you free,
But not before you give myself back to me! !

How do you think you will get away from this,
Hurting me, paining me, you never going find bliss,
Heartbroken that you have left me, you will have to pay,
Even the color of your blood will turn grey,
I always kept dreaming of a future with you,
The way things are going I don't see them come true,
Give me one reason why, why? I should trust you again,
May be that might convince me to go through the pain,

Enough said, Enough done, be happy with whomever you are,
But always remember that I will be watching you
even if I am far,
As I swallow this bitter hatred and try to move on,
I know its actually love pretending, as though its gone! !

My Unhappy Anniversary

You ask me, how am I?
Well I'm still standing, aren't I?
That's something, that's one thing , that's gone my way
It's so hard, to go out, like everything ok now
When inside, I still cry for yesterday

This is my unhappy anniversary! !
But I lie, saying it's just another day
This is my unhappy anniversary! !

I know it's so stupid to feel brokenhearted
I wonder if you know just how much I hurt
I drink up and think up a toast to numb the hours
To get through without you is so hard today
Cause it's unhappy anniversary! !

And now it's near midnight, a few minutes and I
Return to get back to my former life
Pretending our ending was not so bad, I know that
It's time to escape you until next year
When it's unhappy anniversary! !

This is my unhappy anniversary
But I smile like it's just another day
It's just my unhappy anniversary

Out Of My Life

"I know you are out of my life
But when I close my eyes and think of you
You are always by my side.
And I talk to for hours...

I know you are out of my life
But I still remember time spend with you
We solaced each other's pain
And shared our many thorns...

I know you are out of my life
But it looks everything happened yesterday
It's hard to look at the pictures
and get memories of you...

I know you are out of my life
But still very much in heart every second
I know you are out of my life for ever....."

vivek khanna

Sweet Shattered Dreams

Closing my eye,
I see my sweet shattered dream,
I wonder why I wanted that dream
I wonder why ever I dreamt it
The dreams that I always carved for,
The dreams are now mere satisfactory

Closing my eye,
I see my sweet shattered dream,
I had hopes and heard promises
Its not that easy to see them taken away
With knowing I have got no on left to blame
It all me for not standing for my dreams

Closing my eye,
All I see is my sweet shattered dream
Lies built dreams and truths shatter them
There is no chance they come true now
But I have a faith in her and will dream together
Those dreams will emerge to see the light.

Want You In My Life

I still see your face in my dreams
I still talk to you by looking at stars
It hurts and it doesn't help at all
I still want you in my life back as crazy as that seems
I want you to hold me when I fall
I want you to scold me when I am wrong
I still want you in my life back! !

I still remember the first time we met
There was something so different about you
Your love was something I wanted for ever
That smile when you said hi to me was so new
Out of no where you called me on the phone
I wanted to sit there and talk to you forever
You were so new, so crazy and so unknown
I still want you in my life back! !

I just go crazy thinking about you all day
I just knew that our love would never dissolve
Two months and we are barely holding it together
What happened to the way, it all used to be
I never wanted you out of my life ever
But you walked out as I am not anything
I sat there for a long time pretending it never happened
I still want you in my life back! !

I shared the many skeletons hiding in my heart,
I knew it from the start you would be my love
We solaced each other's pain and shared our many thorns.
I miss you and everything you were to me
We will be older and finally be able to see
That love will stand the test of time and never fall
I still want you in my life back! !
I still want you in my life back! !
